

ZIMMER-GRIFFIN WEDDING BELLS

Prominent Buck Grove Couple, Joe Zimmer and Miss Gertrude Griffin, Married December 30th

CEREMONY ST. JOSEPHS CHURCH

Rev. Father Schiller Pronounced Solemn Words That Made Happy Couple Man and Wife

BUCK GROVE, Jan. 6.—Special—A very pretty wedding was solemnized on Tuesday, December 30th, in St. Josephs church here, when Mr. Joseph Zimmer and Miss Gertrude Griffin were married. Promptly at 10 a. m., to the strains of the wedding march effciently played by Miss Elizabeth Zimmer, the happy couple approached the altar where Father Schiller pronounced the solemn words which made them man and wife. The ceremony was impressive and beautiful, the ring service, which is usual in the Catholic church, being used. The bride looked very sweet in a lovely navy blue tailored suit elaborately embroidered, with a large picture hat to match. Instead of a bouquet of flowers she carried an ivory bound prayer book. Joe looked very handsome in his modish suit of brown. Miss Anna Zimmer and John Griffin, brother and sister of the bride and groom, stood up with them and were becomingly attired for the occasion. After the ceremony all invited guests repaired to the home of Mrs. John Griffin, where an elaborate four course breakfast was served. The decorations were pink and white, and the happy couple left the same afternoon for a wedding trip to Kansas and after a couple of weeks they will be at home to their friends temporarily on the Zimmer farm southwest of Buck Grove, but as the place has been sold they will move in the spring on a new farm purchased by Charles Zimmer over near Manilla. The bride is a daughter of Thomas Griffin of Omaha, but has always made her home with her grandparents on their farm near Buck Grove. She was born here and grew to womanhood in this vicinity. For a while she was one of Crawford county's school teachers, but gave up the work for something more lucrative and has been the efficient bookkeeper for the Doud Milling company at Denison up until the time of her marriage. She is a very pretty, intelligent and attractive young lady and Joe is to be congratulated upon his choice of a fine young wife. The groom is the son of Charles Zimmer, one of Shelby county's most prosperous farmers. He has grown to manhood in this vicinity and is an upright young man of good character and sterling worth and the bride is to be congratulated also for securing for a life partner this fine young man. Those from out of town attending the wedding were: Rev. Father Schiller, of Manilla; Mr. and Mrs. E. J. McCaffrey, Mrs. A. J. McMahon and daughter, Myrtle, of Manilla; the Misses Rose, Anna, Frances and Elizabeth Zimmer, of Denison; Mrs. Mary Zimmer, of Council Bluffs; T. J. and J. J. Griffin, of Omaha; Mr. and Mrs. Willis Wiggins and family, of Woodbine; Mrs. Jessie Bennett, and children, of Aberdeen, S. D.; Mrs. Jack Griffin and son, of Council Bluffs; Mrs. Chas. Lamberty, the Misses Madd and Marie Connor, of Denison. The wedding presents were varied, useful and beautiful, showing the esteem in which the young couple is held. The best wishes of a host of friends will follow them into their new life together. May it be a long and happy one.

Sherman's March to the Sea. On Nov. 16, in 1864, General Sherman began his march from Atlanta to the sea. The purpose of the march was to go through Georgia from Atlanta to Savannah, cutting a swath 60 miles wide, thereby splitting the confederacy and destroying the great source of supply of the southern army. The troops, 60,000 in number, lived on the country through which they passed. There was little bloodshed throughout the march, but the area through which the army passed was utterly denuded. Railroads, crops, factories, horses, clothing—everything—was appropriated or destroyed.

MASTER OF ART OF BLUFF

Indianapolis Youth Had Provided Himself With Material for Emergency He Had Foreseen.

Two Indianapolis girls, who are very close chums, always share confidences about their respective admirers. Now Alice has one, who is much given to fits of temper, during which he always bids her an eternal farewell and gives her back all her little gifts, but the next day, or at the most a few days later, he again visits her and makes peace overtures.

The other girl had long listened sympathetically to him whenever she happened to be along during a quarrel. But the other evening she listened to one which really amused her. And when the young man dramatically tore up a poem he had written to Alice she almost laughed.

The next morning she did really laugh when she retraced her steps of the night before and found just what she had expected—blank pieces of paper. The man had provided himself with a folded paper, exactly like the one on which was the poem he prized so highly, and had it ready for just such an emergency as this one. "Well, this beats even crocodile tears," ejaculated the girl, as she viewed the torn bits.

The Undertaker's Cue. "Excuse me, sir," said Bilson, a little timidly, "but you appear to be following me. Is there anything you want?"

"Well, I'm just trying to find where you live, and introduce myself, like, I'm McPherson, the undertaker," said the bury stranger.

"Oh—er—quite so! I'm pleased to meet you, I'm sure! But there's nobody dead at my place."

"Nae, nae," said the undertaker, smiling sweetly. "But I just heard you cough, an' I have hopes."—From Blighty, London.

The Van Man—That's all right. You see, the legs of the table got knocked off on the way an' that made four extra pieces.

SERVED TWO GOOD PURPOSES

Burglar Alarm in Tombs of Tartars Told of Burglary and Also Executed Justice.

In Tibet the Tartars have what is possibly the oldest burglar alarm in the world. It was invented as a precaution against the robbing of tombs. When a royal personage died in Tibet he was buried with all his jewels and precious robes. To add a still higher tribute, the most beautiful young women of his court were suffocated and embalmed upon the day of the funeral.

This conserved their beauty, and they were placed in a standing position around the tomb of their master, each holding some trinket used by the royal personage during his lifetime.

To protect these treasures from vandals the Tibetans erected an arch of sharply pointed arrows, and whoever passed under this arch upon a release, which discharged the arrows in quick succession. This invention, hidden around the temples and tombs of the rich Tartars, was doubly efficient, as it protected property as well as executed justice without unnecessary trial by jury.

World Needs Men of Initiative. The world needs the properly balanced man of initiative. He doesn't have to be told. Common sense re-

veals jobs to him as they need to be done. He's neither afraid of work nor of criticism from the man who does not work. He can say "yes" and he isn't afraid to say "no." For him the world is one great opportunity which will return in benefits what he puts into it in energy. He can stick at a job until it's finished, for he knows that "rolling stones gather no moss." He lets the filthy soot and the "poor worms of the dust" bore. His job lies on the plane of his presence. So he attends to business and makes the most of time and opportunity. His industry helps the world and keeps others on the path of duty.

LADIES! DARKEN YOUR HAIR GRAY

Look Years Younger! Use Grandmother's Recipe of Sage Tea and Sulphur and Nobody Will Know

The use of Sage Tea and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. Whenever her hair took on that dull, faded or streaked appearance this simple mixture was applied with wonderful effect.

But greying at home is messy and out of date. Nowadays, by asking at any drug store for a bottle of "Weyth's Sage and Sulphur Compound," you will get this famous old preparation improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well known downtown druggist says it darkens the hair so naturally, and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

ASSORTED HUMOR

A Limit.

"Don't you like his breezy manner?" "Sure, but I'd like it better if he didn't blow so."

Correct.

Teacher—Food and drink we need for our bodies—and the air? Pupil—For our airships.

Probably.

"Lately my husband has taken to walking in his sleep." "The high car fares, I suppose."

Empty Inclosure.

"I'm in a terrible frame of mind." "Not an unusual case," murmured Miss Cayenne. "All frame and no picture."

Its Sort.

"Has the dramatic star a new play on hand?" "Yes, and it fits her like a glove."

Hot Water for Sick Headaches

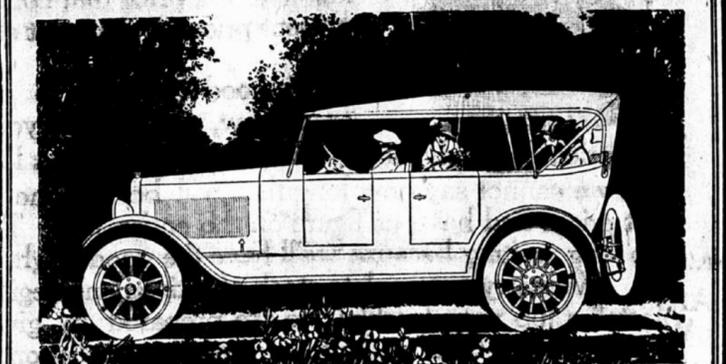

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries, throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drank before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless and sugarless. If you aren't feeling your best, if tongue is coated or you wake up with bad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.

CHANDLER SIX Famous For Its Marvelous Motor

Chandler Strides into Full Leadership

If there has ever been any question as to Chandler leadership of the medium-priced fine car field, it is answered now. The great Chandler Six is sweeping its market. It displaces less efficient cars. It steps in to serve those who previously have chosen only high-priced cars. And it pleases everywhere.

From two thousand to three thousand discriminating Americans bought Chandler cars—open and closed—every month this Fall. And at no time has the demand been fully met. Thousands have waited months for their new Chandlers, and have felt repaid for waiting.

Nothing could more clearly show the regard in which America holds the Chandler Six, than the patience with which these thousands waited for weeks and months for their Chandlers. They waited because they knew what they were waiting for—because they knew it was worth waiting for.
