big problems ahead. He predicted big things for the farm bureau federation if they followed the platform they have already adopted, namely that of constructive work.

We, Too, Have Been Foolish.

Chicago Tribune: The American who gets flustered or panic stricken because the law of cause and effect is operating in Europe with a drastic logic is both weak and foolish.

Waterloo Times-Tribune: If months are to be consumed in the foreign relations committee again; if the treaty is to have unlimited debate in the senate; if it is to be the only piece of business before the senate until next June, what is to be the state of the country?

Des Moines Register: This year lock-jaw would be the greatest affliction that could befall a politician.

Perry Chief: Mr. Cummins may not recognize his child when it finally gets to the senate floor, but it will have his name just the same.

The Burden of Accidents

Why is it that with all the safety appliances and safety first talk there were 83,396 killed and 2,000,000 injured in accidents in this country last year?

One human characteristic that makes accidents more frequent is a certain tendency to recklessness when a group of men get together.

At the center of the picture a wide-brimmed Breton sailor has a collar and bow of ribbon for trimming—the simplest treatment possible.

SECRET SERVICE MEN AT LOGAN

Rumor of Wholesale Arrests to Follow Alleged Theft of Wine From Cars.

SCORES OF MEN ARE IMPLICATED The Wine Being Carried Away In Buckets, Milk Cans, Dishes, Etc.—A Wild Orgy All Night.

Logan, Ia., Feb. 7.—Several United States government agents, railroad secret service men and county officials are still working upon the wine-stealing case which has developed into a county scandal.

It appears that when the sheriff discovered what was going on and that scores of men and boys were carrying the wine away in buckets, milk cans, dishes, pans, etc., he attempted to stop them, but was powerless and contented himself with taking the names of the men engaged in the alleged wholesale theft.

The two tank cars filled with wine which were being shipped from California to New York, were in a string of freight cars which had been set out on a side track because of bad order car.

It is said that all through the night Wednesday there was a hurrying of awards from all parts of the county to wards Logan as word of the wine orgy spread rapidly.

The wine cars were being transferred under government seal and bond, and if it is proven that the seal was broken, as it is alleged, or that the wine was stolen from the cars a most serious charge will lie against the offenders.

The claim is made that the cars developed a leak and that the celebrants were merely engaged in saving the liquor from being absorbed by the ground.

BUCK GROVE ITEMS

Once more we are called upon to mourn the death of one of our oldest citizens of this vicinity, that of Mrs. Tom Kane, which occurred at the family home northwest of Buck Grove, on Wednesday morning, February 4th.

She suffered with a complication of diseases but heart trouble was the direct cause of her demise.

Her death came as a great shock to this community as she was only ill three days.

Bridget Costello was born in County Clare, Ireland, in the year 1858.

In 1871 she was married to Thomas Kane and a few years later came with her family to America.

They first settled in Clinton county, Iowa, but in 1882 they moved to Crawford county and lived there for thirty-eight years.

She has lived almost continuously near Buck Grove. She was the mother of ten children, four of whom survive, one son, Denison, and three daughters, Lucy, Ella and Anna, all of whom were at her bedside when she died.

Her husband preceded her to the great beyond nine years ago. Mrs. Kane was a devout member of the Catholic church all her life and was prepared for death.

Her father, Schler, receiving the last rites Tuesday afternoon before she died. All that is good and true and upright can be truthfully said of her, and her cheerful smile and pleasant greeting will be greatly missed by all her many friends.

She was an exceptionally devoted mother and seemed to live only for her children, who in turn loved her deeply and sincerely, and are all heartbroken over their great loss and have the sympathy of all in this great bereavement.

The funeral services were held in St. Joseph's church here, Rev. Father Schler officiating. He preached a very consoling sermon, carrying balm to the stricken hearts.

The remains were followed to Denison by many friends who braved the inclemency of the weather to testify their respect and see the body laid beside her husband in the Denison cemetery. Requiescat in pace.

Emil Stegemann is assisting S. J. Reiff in his store for a few days.

Miss Ethelne Tillet is visiting her sister, Mrs. Keppford, for a few days.

Gleim Hemphill is under the weather and was not able to be at the bank on Saturday.

Mrs. Morton and Mrs. John Ballard were Sioux City visitors Friday.

Mrs. Paul Wetherby returned home from Sioux City Friday evening after an absence of a couple of weeks owing to the illness of her father.

Mrs. Albert Poizien of Rodney, visited over Sunday with Mrs. W. L. Morton.

Henry Dmier, of Denison, was a Buck Grove visitor Monday.

Adolf Thomsen has resigned his position as foreman of the Farmers Lumber company. He wants to go to Texas.

Emil Stegemann will have charge of the Farmers Lumber company, beginning his duties March 1st.

Burlington Hawkeye: With 171 republicans appointed by chairman Hays to make a preliminary draft of the republican platform for the coming campaign, there is danger of a surfeit of material and an overloaded platform.

SOLDIER BOY WEDDED THURSDAY

Percy Cavett and Miss Hertha Leheldt Married Last Thursday, Rev. M. M. Cable Officiating

ARE NOW VISITING IN WISCONSIN Wedding Taking Place at Home of the Bride's Mother, Mrs. R. Leheldt—Immediate Relatives Present.

A pretty home wedding was solemnized last Thursday, February 5th, at the home of Mrs. R. Leheldt, when her daughter, Miss Hertha C. Leheldt, became the bride of Norvel Percy Cavett, Rev. M. M. Cable, pastor of the Methodist Episcopal church, performing the service, which took place at 12 o'clock.

Promptly at the appointed hour the wedding party took their places in the spacious parlor to the strains of Lohengrin's wedding march, played by Miss Martha Leheldt, sister of the bride.

The bride was attractive in a handsome blue tailored suit and carried a bouquet of pink carnations. She was attended by Miss Maurine Cavett, sister of the groom, who also wore a blue tailored suit.

The groom was in a handsome suit, followed by Eldor Leheldt, brother of the bride.

Following the impressive ceremony a delicious three course wedding dinner was served by the bride's mother, covers being laid for eighteen.

The dining room was most attractive, sweet peas being used in profusion.

These young people are too well and favorably known to need any introduction at this time. The bride was born and reared here in Denison, receiving her education in the public schools, graduating with the class of 1915 from the high school.

Later she attended Grinnell college and graduated from that institution in June of last year. She is a young lady of pleasing personality with many attainments and a popular member of the younger social set of the city.

The groom is an upright, industrious young man who holds the respect and esteem of everyone in the community. He is the son of Mr. and Mrs. N. P. Cavett and was born and reared in Denison. He graduated from the high school in 1917. Percy was among the first to enlist after the outbreak of the recent war and served for eighteen months over seas and participated in many of the big battles during the last year of the war.

His record during the war is a most enviable one. The happy young couple departed Thursday afternoon for a brief honeymoon which they are spending visiting at points in Wisconsin.

After their return they will make their home on the Leheldt farm just west of Denison which Mr. Cavett has leased.

The Review joins with the many friends of this popular young couple in extending congratulations and wishes them many years of happiness and prosperity.

For Demiseason Wear

Hats for between-season wear—these are the hats that are selling now. Millinery establishments used to present hats for winter to be followed, after a season of quiet, by hats for spring, and let it go at that, but now, by way of variety, we are favored with hats for between times. Most of these hats are small or medium sized, chic affairs for any climate and any weather.

Coats Stylish and Practical

It used to be that, to call a garment "practical" was about equivalent to calling it "commonplace," but that day has gone by. More and more the intangible element of style is demanded and commands a very tangible and substantial return in money.
