be features.

"The Girl With the Personality."
The Dorothy Cole Trio is known as
Miss Dorothy Cole who is head of
"The Girl with the Personality." She
is said to have no equal on the platform
today. Vocal solos, humorous and
serious readings, are a part of her pro-
gram, in which she is assisted by Miss
Alpha Hecolower, a noted pianist, and
Victor Spedeller, the eighteen year old
boy-prodigy of France in the violin.

Edwin M. Whitney will give "Turn
to the Right." Mr. Whitney's public
engagements are limited since most of
his time is required as director of the
Whitney studies of dramatic art at Bos-
ton. Two years ago Mr. Whitney ap-
peared on our Ohio circuit in this play
and a letter from Mr. Harrison man-
ager, says, "Ed Whitney was the most
popular attraction upon our entire pro-
gram." Last summer Mr. Whitney ap-
peared on the Pacific coast chautauquas
and Mr. Ellison, the manager, writes,
"By far the most popular attraction of
our entire program was Edwin White-
ney in his wonderful presentation of
"Turn to the Right."

John Marvin Dean

John Marvin Dean has a gripping
message in "America Tomorrow." He
is described as not only a man who can
say things, but who can do things.
"Who's Who in America" chronicles
among other things the following:
Chaplain in American army in Span-
ish-American war, in Philippines (cap-
tured in battle), chaplain with 8th di-
vision in world war, president of the
northern theological seminary for five
years, evangelist.

New Tents

The latest and finest and most scien-
tifically constructed new tents that
modern science and materials can man-
ufacture will be keeping with the in-
creased quality of programs offered. If
heavier canvas construction, more ade-
quate stage facilities and every conven-
ience for comfort, the new tents are
said to be the last word in "canvas au-
ditoriums."

The dates for this year's chautauqua
will be July 15th to July 24th, inclu-
sive.

The result is very pleasing and I highly
recommend them to all who suffer with
kidney disorder and backache." (State-

AFRAID TO EAT
SHE STATES

For Years Had Suffered After Every
Meal—But Digestion Is Perfect Now

"If I could speak with everybody
personally who has stomach trouble I
would urge them to take Tanlac for I
have tried it myself and know what it
will do," said Mrs. Jennie Miller, resid-
ing at 748, 28th street, Milwaukee, re-
cently.

"At the time I began taking Tanlac"
she continued, "I had not been able to
eat a meal in five or six years without
suffering afterwards. Even the light-
est and most easily digested foods would
sour on my stomach causing gas and
intense pain. This gas would often
press on my heart until I could scarce-
ly breathe and I would often just roll
on the floor in agony thinking each
breath would be my last. I had raging
headaches and was so dizzy at times I
could hardly stand up. My food would
sour almost as soon as I had eaten it
and I had gotten to where I was simply
afraid to eat on account of the misery
it caused me. I remember how disap-
pointed I always felt at Thanksgiving
and Christmas times because I could
not eat and enjoy these occasions like
other people. Many a night I have
stayed awake for hours in such pain I
could not sleep. For two or three days

after a severe attack of this acute in-
digestion I would hurt all over, as if I
had been beaten with a stick.
" After seeing Tanlac so highly rec-
ommended by people right around me
here in Milwaukee I made up my mind
to see if it would help me too. Well, it
has not only helped me, it has made
me feel like an entirely different per-
son. Why, all my stomach misery left
me with the first bottle and I was soon
eating just anything and everything
without the least bad effects afterwards.
I have taken six bottles of Tanlac now
and without a backset, I will be able
to enjoy my first Christmas dinner in
five or six years, for my stomach is in
excellent condition and my appetite is
fine. Why, I can get up at night and
eat mince pie and cheese without the
least fear of it hurting me. I can nev-
er praise Tanlac enough for what it has
done for me."
Tanlac is sold in Denison by R.

Kraul, in Kiron by O. E. Clauson, in
Manilla by J. F. Carnahan, in Buck
Grove by Mrs. A. F. Bonney, in West
Side by West Side Drug Co., in Vail by
A. E. Patterson.

Musical Instruments of Insects.
Buzzing or humming of insects is
mainly due to the rapid vibration of
the wings, which often strike the air
more than 100 times a second, but
there is sometimes a special quivering
instrument near the base of the wings.
Chirping or trilling is due to some
sort of "stridulating" organ, one hard
part being scraped against another, as
the bow of a fiddle—it may be leg
against wing.

A Timely Help
The face is often the first
to betray a decline in
strength. When you feel
rundown and your face
is colorless, the need for

SCOTT'S

is plainly evident. Those
who have tried Scott's know
its power to strengthen the
body, enrich the blood and
put the color back in the
face. Don't be pale-faced—
take Scott's Emulsion.

To the people of San Francisco, irrespective of religious be-
lief, I commend the photoplay, "Confession." It has rare

BOSTON DAILY GLOBE: The author has skillfully wrought
into his tale a charming love story, and a background on
which humor and pathos of a telling sort are painted.

BOSTON HERALD: It is a soul-stirring picture, with actors
who do not fail, sentiment that rings true, and a plot unique.

BOSTON PILOT: It is a story of real human interest, beauti-
fully depicted on the screen, and conveys a noble lesson. The
best way to remove objectionable films from our picture
houses is to substitute pictures like "The Confession." It
marks an epoch in the moving picture world.

MINNEAPOLIS TRIBUNE: Fans expecting to see some
slow moving religious drama will be disappointed, for upon
the Lyric screen this week is one of the strongest and most
dramatic films.
