Carroll Herald: Though the state delegation goes instructed for Lowden there are a good many who would bet their last nickel that if a canvass were made of each delegate's personal beliefs there would be a variety of sentiment.

What Cheer Patriot: We believe the repeal of the presidential primary law was a mistake. We believe if Iowa had had the primary law for presidential candidates the state would not have instructed and perhaps some things would have been different. Cedar Rapids Republican: One cannot believe that Hiram Johnson really wanted a recount in New Jersey, nor did he take it when it was available to him. He just wanted something to roar about, and the facts revealed, if the votes had been recounted, would have taken away the excuse for the noise making about it. What Johnson and his followers used is a well known trick.

Councils Bluffs Nonpartei: One day we read a story telling us that shoe dealers are barely existing because of the prices the manufacturer is charging them. The next day the order is reversed and we read the statement of a manufacturer denying that they are making large profits and passing the buck to the dealers. We are certain of only one proposition in this case and that is that the consumer is getting it in the neck. Cedar Rapids Republican: The man who invented the overall theory is not going to be acclaimed the solver of all our mundane troubles. The man who will invent a theory by which the club rooms and pool halls can be emptied during the working hours of the day will go much further on the way to success and glory. There are still too many who do nothing and also too many who do as little as possible even when at work, or at alleged work. It's laziness that afflicts us.

Start Tomorrow and Keep It Up Every Morning. Get in the habit of drinking a glass of hot water before breakfast.

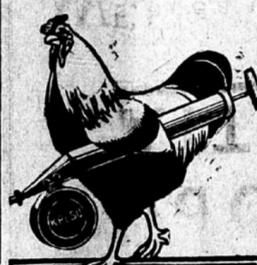

We are not here long, so let's make our stay agreeable. Let us live well, eat well, digest well, work well, sleep well and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath. Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnant matter. Everyone, whether ailing, sick or well should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skins, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate from the drug store. This will cost very little but is sufficient to make anyone a pronounced crank on the subject of inside bathing before breakfast.

Patterson is expected home Saturday from Excelsior Springs, Mo., where he has been enjoying a three weeks' sojourn. Miss Jennette Burrows returned this morning to her home at Booneville, N. Y., after a six weeks' visit in Denison with Miss Winifred Miller. Waterloo Times-Tribune: Most any day now the news pages may tell of the retirement of President Carranza from Mexico City. The next heart of him he will probably be in Cuba. And no one will regret his departure. He goes without the regret of the Mexicans and with the hope of Mexico's neighbors that in his place will appear a man more worthy of the office.

MRS. TROST FELT LIKE SCREAMING Nerves Shattered and Health Gone, Milwaukee Woman is Restored by Tanlac. "I was so nervous and run down I sometimes felt like screaming but Tanlac has restored me so I do not hesitate to recommend it to anyone who suffers as I did," said Mrs. Fred W. Trost, Milwaukee, Wis., recently. "Tanlac will do everything they say it will," she continues. "For several months I suffered with what I suppose one would call nervous gastritis and I had taken many different kinds of medicines and treatments without getting any better. In fact I

and in spite of everything I could do I kept on losing weight and going down hill. I took so many medicines I got disgusted with them, for, as I said before, nothing did me any good at all. "One day I saw a piece in the paper by a woman who had troubles almost exactly like mine and she got over it by taking Tanlac so I decided to try it. The results in my case also were perfectly splendid. I have improved so much my friends now tell me how well I look and ask me what I have been taking. My nerves have quieted down

and I sleep soundly and in the morning I feel so much refreshed I look forward to the day's household work with cheer and interest. What I eat now digests so much better it is hard to realize how I dreaded to eat a short time ago. I think Tanlac is the most wonderful medicine in the world." Tanlac is sold in Denison by R. Knaul, in Kiron by O. E. Clauson, in Manilla by J. P. Carnahan, in Buck Grove by Mrs. A. P. Bonney, in West Side by West Side Drug Co., in Vail by A. B. Patterson.

McLean Cord. McLean Cord tires are full size, built on the air bag process, which eliminates all possible defects. In appearance and design they are very attractive, the color of the tread being a velvet black, with lighter sidewall, and white piping strip which gives them that distinguished mark of quality. The universal non skid and runner type tread on McLean Cords is adaptable to both front and rear wheels, with equally efficient result. This means only one extra tire to carry, a saving in weight and investment. McLean Cord tires are equipped with a special braided cable base bead, which is the most difficult and costly to manufacture but prevents ninety per cent of tire troubles. The resiliency and durability of McLean Cord tires cannot be excelled. Guaranteed for 8000 Miles of Service.
