Telephone No. 23.

Death has entered the ranks of the legal profession of Crawford county twice within the last few months. E. K. Burch departed this life in April, and Morris O'Connor on Sunday last. Both of these lawyers had been in the practice for a great many years, but neither could be said to have reached the age where they would be classed as old men. Mr. O'Connor has been a prominent character in the county for many years. He was distinctly a product of the county. He was raised on a farm in East Boyer township and later studied law at St. Louis, having graduated from a law school in that city, which at that time was presided over by Professor Hammond, a distinguished lecturer on the law who was at one time dean of the law school at Iowa City.

After Mr. O'Connor graduated he located in his own county and practiced law at Vall for many years, where he resided at the time of his death. Mr. O'Connor at the time of his death wielded a strong influence on the community where he lived. He was mayor of Vall at the time of his death and was prominent in the management of one of the leading banks of the town.

He was a man of upright conduct and enjoyed the confidence of a very large circle of friends. He took great pride in his profession and held the respect of his associates at the bar as well as the courts before whom he practiced.

Samuel Gompers, president of the federation of labor, has recently come out and announced himself in favor of Mr. Cox as president, and because he states that the Cox administration is to be friendly with the labor organizations. This fact is urged as a reason why labor organizations should support him.

The truth is that Mr. Gompers is a life long democrat and would support Mr. Cox for political reasons. The fact is Mr. Gompers has been a slave to President Wilson and in every way was able to do so supported President Wilson in the measures which he advocated. Mr. Wilson was able to furnish an adequate consideration for his support inasmuch as he was consistently yielding to the demands of labor and threw his influence in shaping legislation to increase the pay of labor at the time when he was charged with doing it for political purposes. Wilson certainly made concessions enough to win the labor vote and he would naturally throw his influence for Cox to insure his getting support of the labor vote.

The truth is the democratic party has had the benefit of the support of the labor organizations before and for the reason that they had made every concession demanded by labor.

Mr. Cox, candidate for president on the democratic ticket, has certainly been engaged in enough sensational things during the last few years to attract attention of the country. He has been making charges against the republican party and his opponent which seems to be a matter of imagination. One would think that he was taking part in a municipal campaign, where charges are sometimes counted for argument. He jumps from one thing to another in a haphazard way.

On Monday he made several speeches at St. Paul and Minneapolis and in addition drove one of the horses in a horse race. It looks very much as if Mr. Cox has lost his equilibrium in making charges against the republicans. Unless he furnishes proof to sustain the charges he has made of the attempt of the republicans to purchase the election, he will deserve nothing but contempt of the voters of the country. He has taken a very undignified position and one that certainly will not help him in his campaign.

District court convened Tuesday afternoon, E. G. Albert coming from his home at Jefferson on the 3 o'clock train. The calendar was called and assignment made of the cases that will occupy the remainder of this week. The grand jury was empaneled with Mr. Nelson as foreman, and repaired to their room to take up the work. The chances are that the work of the grand jury will not consume but a small portion of the term.

The law assignment was made up of the law contest in the Claus Jain estate set for the first case for trial, the same having been especially assigned for

## METHODISTS HAVE A BIG MEETING

Fourth Quarterly Conference Held at Church in Denison Last Evening—A Very Enthusiastic Meeting

**SELECT OFFICIALS FOR YEAR**

Business of Entire Year Considered—District Superintendent Cable of Council Bluffs in Attendance

The fourth quarterly meeting of the Denison M. E. church was held on Tuesday evening. The district superintendent, Rev. Cable, of Council Bluffs, was present. This meeting considers the business of the entire year with financial reports and the selecting of the church officials for the coming twelve months.

We are informed that the work of the missionary societies, foreign and home, was shown to be in most excellent condition, reports of these societies being made by Mrs. Pierce on behalf of the foreign and Mrs. Cleveland for the home. As Rev. Cable has now served six years as a district superintendent he is expecting to be relieved of this position and enter the field of active service as a layman. A resolution was adopted highly complimenting his work in the district. It is a matter of common report that under his businesslike direction and leadership the industry of the Council Bluffs district has become the banner one of the state in many years, and we should not be surprised to learn that Rev. Cable has been called to important general work in the Des Moines conference on account of his record. At the coming conference held at Winterset, when there will come before the conference the superintendent's recommendation as to the location of every pastor of the Des Moines conference, Mr. Cable will be the president of the cabinet. Of course in the Methodist manner of making these appointments, Bishop Stuntz has the deciding voice.

We believe it will give general satisfaction to know that the Denison church has made a request for the return of Rev. M. M. Cable, who is just finishing his first year as the pastor. He has certainly made a decided success of his pastorate. He is a number of able ministers and an agreeable gentleman, and thus popular in the pulpit, on the streets and in social circles. He is ably assisted by his wife who is a lady of superior ability and force in church work.

After the business meeting there was an adjournment to the parsonage nearby, where the members of the official board and their wives and husbands were the guests of the pastor and his wife. The evening was made pleasing by the presence of some of Denison's best vocalists who gave a number of excellent selections. Participating were Messrs. Raleigh, Chamberlain, Wilkinson and Holden, with Miss Hazel Taub accompanist. Mrs. O'vess read a sketch which told how the old fashioned church trustee put over on the "Wideman's Aid" the raising of about all of the finances of the church. The selection ended by a suggestion that these good persons would not leave the lazar to help them into heaven, so they better look out. Light refreshments were served by some of the charming young ladies of the congregation. The affair reflected credit on the pastor and his wife.

**BACK TO SCHOOL**  
There is something inspiring in the sight of 30,000 children turning out as one body to take up the work of the new school year. It is a pretty picture with the youngsters well scrubbed, rigged up in their new suits and shoes. A lot of them protest about being sent back to work but you couldn't keep them away if you tried.

It is a remarkable thing when you can get 30,000 human beings to do the same thing at one time. In most respects people are very individual and have different ideas about conduct and living. America is a go as you please place. There is little conformity to any one idea of life.

But in the matter of education it has sunk deep into popular consciousness that the children must have it. Even the most ignorant family wants its children to learn. Where the mass of the people so thoroughly appreciate the value of schooling all the children ought to have it in liberal measure.

**From the Stillville Banner.**  
While meat has been recommended as a substitute for beef and bacon, but while we can catch whales all right, it's too big a job to tote 'em home.

Monday, September 13th. This case will probably occupy at least a week's time. The case has been tried here once before and on appeal to the supreme court was sent back for another trial.

Mrs. Julius E. Balle was hostess last Wednesday afternoon at a tea in honor of Mrs. R. A. Romans, of Boston, formerly of Denison. About fifty ladies were invited to meet Mrs. Romans and a most delightful afternoon was spent in a social way. Garden flowers were used throughout the rooms and a large bowl of yellow roses was used as a centerpiece on the dining table. Dainty refreshments were served by Misses Marguerite Balle and Margaret Wood.

Mrs. Geo. Richardson entertained at six o'clock dinner Tuesday evening, complimentary to her house guest, Mrs. Chas. Newell, of London, Eng., and an elaborate menu was served. Following dinner all enjoyed a social evening.

Mrs. E. C. Chamberlin will entertain at six o'clock dinner this (Wednesday) evening complimentary to her sister, Mrs. Geo. Pilotele, of London, Eng., and Mrs. R. A. Romans, of Boston. Covers will be laid for twelve and an

Mrs. H. B. Fishel entertained informally at six o'clock dinner Saturday evening, when covers were laid for six. A prettily arranged basket of necessities was used for a centerpiece, combined with dainty lace appointments. After dinner several musical numbers were enjoyed by the guests and a social evening spent. Mrs. Newell, of Omaha, and Miss Fern Richardson were the honored guests.

Mrs. Geo. Richardson entertained at six o'clock dinner Tuesday evening, complimentary to her house guest, Mrs. Chas. Newell, of London, Eng., and an elaborate menu was served. Following dinner all enjoyed a social evening.

Mrs. E. C. Chamberlin will entertain at six o'clock dinner this (Wednesday) evening complimentary to her sister, Mrs. Geo. Pilotele, of London, Eng., and Mrs. R. A. Romans, of Boston. Covers will be laid for sixteen.

Miss Margaret Hunt entertained four girls at dinner Thursday evening, the occasion being her seventeenth birthday. A sumptuous four course dinner was served by Mrs. Hunt. Those present report the occasion a most enjoyable one.

The first meeting of S. S. will be held on Tuesday evening of next week at the Carnegie club room with Miss Grace Meyers and Miss Jessie Goodrich hostesses.

The Woman's Federation of clubs will hold their regular meeting at the club room Saturday, September 11th, at 2:30 p. m. This is an important meeting of the year and presidents of clubs will please notify their delegates. Among the business to be transacted is the arranging for the rummage sale, and a pair of lighted candles with lavender shades on each end made a very attractive decoration. A jolly time was had in the evening and the guests all reported a fine time.

**MARRIAGE LICENSES**  
The following licenses to wed have been issued by the county clerk during the past week:

Name and Address	Age
Virgil Peffer, Arion	27
Annie Peffer, Arion	21
September 4	
Jas. P. McGlin, Denison	Legal
Elsie McGlin, Denison	Legal

**Spaniard Is Wife's Master.**  
The legal position of a married woman in Spain is today so low that her husband has absolute control over her person and property, as in the middle ages. The wife cannot enter business without her husband's consent. He has the legal right to shut her up in a convent if she does wrong, and it is left to him to decide what constitutes wrong.

**Expected Usual Division.**  
I have two nephews, who were so near the same age they were always given duplicate presents. For instance, if one were given a drum, the other was given one exactly like it. One day their mother presented them with twin sisters. One of my nephews, after standing and looking at them for some time said, "Mother, which one do I get?"—Exchange.

**What Mother Forgot.**  
One 'by' was over-ruled and spoke across and really without much reason to my small son. "There," he exclaimed, "I bet you forgot you was just a child!"—Exchange.

**United States Trees.**  
More than five hundred varieties of trees grow in the United States.

**Many Public Charges.**  
In Mongolia the eldest son of each family must be a monk or lama, both of which are in the nature of public charges. The lama never works but depends on alms for his support. The town of Orgua with its 10,000 lammas is a veritable city of beggars.

## TWIN ELEPHANT ARRIVES FROM INDIA

One of the twin elephants which recently arrived at Boston from India being hoisted from the hold of the vessel to be loaded in a car for shipment to New York.

**GOOD NEWS**  
FOR RENTERS AND FARM HANDS Big farms in western Nebraska, eastern Colorado and Wyoming are being split up and put on the market. This offers an unusual chance to secure splendid wooded lands at reasonable prices and on favorable terms. The value of these lands is steadily increasing. You are anxious to own a farm? Write me your own boss. Write me whether you prefer grain, dairy, stock or mixed farming, dry or irrigated land, how much you can pay down and let me put you in touch with the owner of a suitable place—now, before it is too late. Neither the railroad nor myself has any land for sale. It employs me to help farmers make the most of the opportunities along our lines. My services are free. I have helped hundreds of them. Perhaps I can help you. S. B. Howard, Agricultural Agent, Burlington Railroad, 140 Q Building, Omaha, Neb. 36-1f

W. E. KAHLER,Appraisers.

We hereby accept due, legal and timely service of the above and foregoing notice and waive copy. 33-4f

Denver, Colo., Aug. 31, 1920.  
To the Denison Review and All Farmers and Farm Lessees who read the Review:

I own four sections of as fine farming land as can be found in any country, lying in Adams county, Colorado, in Antelope valley, about eight miles northwesterly from the railroad towns of Byers and Strasburg on the Union Pacific and Rock Island railroads, running from Kansas City and Omaha to Denver. These lands are just forty miles straight east from Denver, the state capital.

The state auto highway east from Denver runs through Byers and Strasburg and on through Kansas. My center section is all fenced and in cultivation, and I want some energetic FARMER readers of the Review to come here at once and rent this section on shares, planting as much fall wheat as possible, and plant balance of section in corn and beans next spring. My reason for wanting IOWA lessees is because I feel sure that our friends will buy ALL my lands immediately after their crops are harvested next summer. I will give such lessees or their friends an option to buy any section, or a part thereof, at \$15.00 per acre (or less) at any time between now and next August. FARMERS: Form a leasing and buying club and write or telegraph (night letter) at my expense quickly. Rental terms are one-fourth the crop delivered at Strasburg or Byers. I have one Sandusky tractor on center farm that lessee can use if desired. Buildings on the farm. All Crawford "old timers" knew me as resident there and a Review reader over fifty years. Address Abner Graves, Denver, Colo. 36-1f

### IOWA LAND
