DAVE'S express wagon arrived from Helena Monday, loaded with goods for Mr. T. I. Daves and Fort Ellis.

PAYMASTER WALKER came over Tuesday, and there is great rejoicing among the boys at Fort Ellis, and greenbacks are plenty.

We were again visited by a snow storm Tuesday night which continued nearly all of Wednesday, but melted almost as fast as it fell.

H. J. HOPPY, one of Bozeman's old citizens, but now a resident of the metropolis, came over Tuesday, to dispose of his effects in care. See advertisement.

SEVERAL of our citizens have the past week enjoyed the fine piscatorial sport afforded by the numerous streams around Bozeman, and have handled the rod and line to advantage.

The nervous portion of our inhabitants will be gratified to learn that a bill has passed both Houses of the Legislative Assembly to prohibit shooting within the limits of town.

LOOK OUT FOR THE MILK WAGON.—Mr. H. W. Tuttle is now supplying our people with a pure article of the lactical fluid, fresh from the cows. Buy your tickets, and listen for the bell.

A Good step was inaugurated Monday by filling up one of the several ponds on Main Street, and it is to be hoped that all such unhealthy and unsightly objects will disappear from our main thoroughfare.

THAT delightful season of the year called Spring, has almost run its race for 1873 without any indication, save a few days of pleasant sunshine, that it was at hand. The clerk of the weather has evidently neglected his duty.

Mr. John Potter, of Hamilton, we learn, has received the contract for supplying a weekly mail to the several settlements between Badgersburg and Camp Baker, service to begin on the 1st of July next. This will supply a want long felt by the people of this Missouri valley.

INDIAN MEDICINE.—Uncle Sam has sent out some excellent Indian medicine, in the shape of the new French cannon, called the metralleite, which were first introduced during the Franco-Prussian war and played sad havoc with the Germans. Several of these guns arrived at Fort Ellis Monday last.

BOX T. C. EVARTS, formerly Collector of this Territory, and whose adventures in what is now the National Park made him familiar with all of our people, arrived in this place Sunday, and took up quarters at Fort Ellis. We are pleased to learn that Mr. Evarts has secured an interest in the Post Traders' store at Fort Ellis, and will be permanently located among us. He is a desirable citizen.

We copy the following from the Zanesville Ohio; Daily Courier. They seem to like the style of Western journalism up in Ohio: "Mr. D. Drew, of this city, has our thanks for an AVANT COURIER from Bozeman, Montana. As a specimen of robust Western journalism the Courier is up to average. If not a little ahead, we reproduce a local note or two from it, to give an idea of how they do it."

Gen. next door neighbors, Samuel Lewis, the popular barber, and Mrs. Lizzie Williams, who owns the adjoining property, have made some handsome improvements in front of their premises. Strangers arriving in town will have no difficulty hereafter in finding Sam's tonsorial palace, which we are free to say is the most magnificent in the Territory. The beautiful and recently erected tower toward heaven in all its resplendent beauty; inviting all to a smooth, clean shave.

BASE BALL.—Bozeman and Fort Ellis each boast of a crack base ball club. The club of Bozeman composes quite a large membership, and the boys enjoy this healthful amusement every afternoon on the beautiful grounds below McAdow's mill. We imagine some of the members have not become very proficient in the use of the bat, as we have been furnished the following casualties of the game on Sunday: Bozeman Club—one sprained ankle and a peeled nose. Fort Ellis Club—one finger knocked out of joint.

COUNTY FAIR.—If we're to have a fair in this county this year it is about time the stockholders were moving in the matter. The fair last year was highly creditable as a beginning, but considerable improvement will naturally be expected this year, and it is to be hoped that all interested in the progress of our country in all the elements of substantial industry will aid in making the next fair a fitting representative of the productions of our soil and the superior adaptability of our range to stock raising.

TERRITORIAL FAIR.—We have received from the Secretary, Mr. E. W. Carpenter, the pamphlet containing the Premium List, Rules and Regulations of the Fourth Annual Fair of the Montana Agricultural, Mineral and Mechanical Association, to begin at Helena, Sept. 29, 1873, and continue during the week. The pamphlet was printed at the Herald office, and is gotten up in better style and chaps than those previously issued. Many desirable improvements for the better exhibition of articles have been made in the buildings, and new features adopted that will make the coming fair the best ever had in the Territory.

DRUNKEN INDIANS.—Our streets resounded on Monday evening last with the hideous yells of drunken savages, who rode through our principal thoroughfares, yelling and flourishing bottles of whisky. The guilty wretch who furnished the liquor to the Indians deserves, and if discovered, should receive, such punishment as would forever prevent his furnishing any more liquor to Indians. It is certainly a dangerous experiment, and might end in serious trouble. The Indians above mentioned are of the Nez Percé tribe, a number of whom are camped in the vicinity of Bozeman.

POISONED CATTLE.—About fifteen head of the large herd of Col. L. M. Black, now on the Madison were seriously attacked a few days since with symptoms indicating poison. Mr. Randall and the herdsmen happened to be at hand, and by the use of a decoction of bleeding they were all saved. About the first herbage which makes its appearance in many sections of the West is a small, poisonous weed. Cattle readily eat it, and its effects are generally fatal unless an antidote is immediately applied. Our stock owners have suffered heavily from its disastrous effects. As soon as the grass gets up a little, there is comparatively little danger from it.

The August election is but little more than two months distant, and the time for nominating conventions to make their selections is not so far in the future. The recent action of the Legislature, in reducing the fees of County officers, has undoubtedly thrown cold water on the aspirations of many persons, but we hope, nevertheless, to see good and efficient men put forward by the Democratic County Convention. We have but one announcement to say, that of Judge S. W. Langhorne, for re-election as Probate Judge. His record proves him a faithful and competent officer, and his nomination by the Democratic County Convention will meet with the approval of a large majority of our citizens. We give below a list of the officers to be elected on the first Monday in August next:

- District Attorney, 1 Councilman, 2 Representatives, 1 Probate Judge, 1 Sheriff, 1 Treasurer, 1 Clerk, 1 County Commissioner—vice Cowan, 1 Surveyor, 1 Coroner, Justice's, Constables and Assessors for the different precincts in the county.

A WARNING.—It is not our desire to create unnecessary alarm, but we wish to enjoin on our citizens, and particularly those living in the valley below, the necessity of making preparations to resist Indian raids into our valley this summer. Experience has proved that such things are not at all improbable under ordinary circumstances, this season is fraught with extraordinary dangers in that respect; not only from the present hostile attitude of the Indians in different sections of the country, but from the fact that the large number of troops accompanying the surveyors of the Northern Pacific railroad, coming from Dakota, will expedite the already hostile Sioux, and drive them in this direction. We do not believe that the Sioux will dare resist so formidable a force, but will follow the natural inclination of the Indian, and attempt to wreak their vengeance on a weaker party. The settlements of Eastern Montana will consequently be their objective point, as heretofore, and as our people have been vigilant in the past, it behooves them to be more so in the future. A petition was sent to the War Department several weeks since, asking for the establishment of a company post in the Flat Head Pass, which was so guarded last year. We have not heard as to whether the prayer was granted or not, but the necessity of a strong guard in each of the passes giving the Indians access to our valley is more apparent this season than ever before, and we trust timely action will be had in the matter.

INDIAN RUMORS.—The opening of spring is the signal for flying rumors in the Gallatin Valley of intended Indian raids and their consequent dangers to human life and damages to property. The late uprising of Indians in hostile array on all sides, although the scenes of bloodshed and horror are far removed from our midst, have a tendency to increase the fear of depredations in our vicinity, and give to any rumor which may be brought a ring of credibility, which would not otherwise be attached to it. The Crows left the Agency some ten or fifteen days ago for their summer camp below. A rumor comes from that a recently occupied Sioux Camp found a spear sticking in the ground, from which was suspended a tobacco pouch and pipe, which indicated a desire for a treaty and alliance with the Crows. Whether true or not, it should be a matter of surprise, as the Sioux have for several years past been endeavoring unsuccessfully to make a treaty of peace with the Crows, but which has never been encouraged by the latter.

FOREIGN TOURISTS IN AMERICA.—The Earl of Dufferin, the Irish peer, who was in this city for some days last winter, was the recipient of various courtesies from General Sherman. The General a day or two ago received a letter from the Earl, dated at his ancestral home, Adare Manor, county Limerick Ireland. The Earl thanks the General very heartily for his hospitality, and expresses a regular gratification at the reception of a set of photographs of Bayard's expedition to the Yellowstone country, sent him by Gen. Sherman. The Earl is contemplating the United States the coming summer, and anxious to make a trip through that interesting and wonderful region. He expects to bring quite a party with him, and asks information as to the facilities of travel, and the character of accommodation for tourists. The higher classes in Europe, and particularly the English nobility, are beginning to look with much favor upon a trip to the United States as our own wealthy people regard a trip to Europe.

COUNTY TREASURER.—Our traveling correspondent, who has pretty well canvassed the lower portion of our county, says he frequently heard the name of Mr. G. H. Campbell spoken of in connection with the office of County Treasurer. Mr. W. H. Bailey, the present incumbent, has made a good officer so far as we can learn, but we are undecided as to whether he wants the office for a second term or not. We have heard several good men favorably spoken of for the office. Two in particular—T. I. Dawes and A. W. Tanner; either one of whom would make an excellent officer. We doubt if two men more capable, honest, and peculiarly fitted for the position, could be found in the county. We have no fault to find with our present officers. We believe they have been faithful to their trusts, and energetic in the discharge of their duties. In casting about for suitable persons to fill the various offices, we shall, as in the past, encourage the nomination of, and give our support to those we deem the most honest, efficient and deserving.

MIXING IN THE VICINITY OF BOZEMAN.—Prospecting in the foot-hills around and contiguous to Bozeman has demonstrated the fact that we are surrounded by the precious metal, and we have no doubt that the success of the miners engaged in developing the mines of Bridger Canyon will induce others to thoroughly prospect the foot-hills, which have produced fine colors, and that it will lead to the opening of mines that will pay better wages than the laborer can obtain from the usual employments found in an agricultural community. The low price of grain produced last season, has to some extent crippled the farmers, so far as to the employment of help at the wages then demanded by laborers, and we are satisfied that the laborer can find more remunerative wages in the mines near Bozeman. The placer mines of Bridger Canyon have been thoroughly explored, and the result has been highly satisfactory to those engaged in their development.

PERSONAL.—Chas. P. Blakely and R. P. Vivion, returned from the Capital Saturday. Captain Goewey, of Sioux City, left for the East Tuesday.

Sheriff Gay returned on Sunday evening from a flying visit to the Capital.

Jan. Lemon, Esq., departed Tuesday morning for a short business trip to the metropolis.

Our popular young friend, Peter Koch, Esq., returned from a short visit to Helena Monday.

We received a call on Monday from Judge Street. The Judge received the congratulations of a host of friends.

Pat. Powers, the popular Sheriff of Lewis & Clark County, with his efficient deputy Mr. Jno. Quirk, shed the light of their joyful countenances in our Sanctum yesterday.

W. F. Redick, Esq., the old man of Cherry Creek, who is also known as the most industrious worker of that strip, came over on Monday and spent a few hours in our city.

We were pleased to receive a call from Mr. John P. Waddell, of the Crow Agency on Saturday. Mr. Waddell reports the Crows familiar with the late Mootie troubles, and although on leaving for their summer camp below they had more provisions than they could carry, the result of the kind and humane policy of the Government, they still appeared dissatisfied and were disposed to be sassy.

INTERESTING MEETINGS.—Rev. W. C. Rommel, resident minister of the Presbyterian Church at Helena, as per announcement made last week arrived here Friday last, and has entertained our people with some excellent religious discourses. Mr. Rommel made a highly favorable impression on the people at the Assembly here last fall, and his second appearance in the pulpit of our church was the occasion of a large congregation, and such has been the interest manifested by those attending that his stay, which was limited to Sunday, was prolonged several days. All agree in pronouncing Mr. Rommel an eloquent and effective preacher, and we believe his efforts here will result in much good.

A SECRET WORTH KNOWING.—Every number of Peters' Musical Monthly contains from eight to ten pieces of choice New Music, worth at least \$4 in sheet form, and all the Publisher asks is 30 cents per number. Think of it! Four or five songs, Vocal Duets, Four-Hand Pieces, and four Piano Pieces for 30 cents.

No musical family can afford to be without this valuable magazine. Our advice is, to subscribe, sing, play, and be happy. The May number is just to hand; you can get it by sending 30 cents to J. L. Peters, 506 Broadway, New York, or the first four numbers of 1873 will be mailed for \$1.

THE Deer Lodge Independent, under the lead of personal, pays the following well deserved compliment to one of our best citizens and most efficient officers: "Sloan Langhorne, Esq., the present efficient Probate Judge of Gallatin county, is spoken of as a candidate for re-election. Mr. Langhorne is one of the pioneers of Montana, a gentleman of fine business qualifications, and if he wants the office another term, he has our best wishes for success."

BEYOND our northern border the Blackfeet are reported to be on the war path, the American traders in that region being particularly singled out for Indian hostility and vengeance. A Canada dispatch furnishes us with this item of news, and the prediction is added that a general Indian war is likely to occur.

IMPORTANT TO SETTLERS.—The local Land Officers are in receipt of the decision of the Secretary of the Interior in reference to settlements made on odd sections within the limits of the land grant of the N. P. R. R., in which it is held that the withdrawal took effect on February 21st, 1872, the date of the acceptance of the railroad company's maps at Washington, and not on May 9th, 1872, as heretofore ruled by the Commissioner.

This decision declares that all filings on odd sections within the limits of the railroad grant affecting settlement subsequent to February 21st, 1872 are illegal.—Herald.
