SPRING WAGON for sale cheap. Apply to J. N. P. BRUCE.

Read the advertisement of Mr. Peter Koch in this issue. Hox, W. CHAGRT will accept our thanks for a number of valuable public documents.

PERSONAL.—Arch Graham, Geo. W. Row, W. A. Davis and Joe Brown left Monday for Cherry Creek.

Mr. J. C. Crisman started for the Missouri Falls, last Monday. Messrs. James Folsom and S. E. Jones, go with him to Benton.

STOCK RANCH.—Mr. H. W. Tuttle is prepared to ranch all kinds of stock cheap, one mile from Bozeman. Good pasturage and perfect safety guaranteed.

MAJ. THOMPSON went down with a company of the Second Cavalry, Wednesday, to relieve the guard at Flat Head Pass, and to patrol the country beyond the pass.

The United States Government has offered to Dr. C. A. White, Professor of Natural History in the Iowa University, the position of Geologist to the Yellowstone country.

HENRY HITCHCOCK, the artist of Montana, is beautifying the exterior of our business houses, and giving Bozeman a fitted air, with handsome signs, and by the free use of paint.

We understand that the "Night Herd" of Bozeman, in their efforts to edify that of Virginia City, placarded the town the other night, advertising for one hundred efficient "hoodlums." Don't, boys.

ARRIVAL OF STEAMBOATS.—The Far West arrived at Benton on the 21st, and the Nellie Peck on the 22d. The latter brought up a large number of passengers. The Peck was advertised to leave on the 29th.

THE new postal cards have commenced arriving through the mail. Those that have been received by our business men generally contained advertisements. They are certainly admirable advertising mediums, although somewhat expensive.

N. V. SIEFFER, the pioneer ranchman of the Yellowstone, came over Thursday. He reports the streams high, and all quiet along the line. A Banahack Indian ran against a gun, which had been set to kill a bear, and had the call of his log term off.

We are indebted to our generous friend, Mr. Wm. Erskine of the West Gallatin, for a quantity of nice fish, fresh from the Gallatin. Mr. Erskine is one of the few who remember the printer, and this is not the first time we have been called upon to return thanks to him for similar favors.

COUNTY CLERK.—Arch Graham, the present incumbent, announces himself a candidate for re-election in this issue of the COURIER. So far as we are informed, Mr. Graham has made an excellent Clerk, and we know him to be a sterling Democrat, a worthy citizen and a highly deserving man.

Sample Orr, Jr., general canvassing agent for the AVANT COURIER, called on Sunday en route to the Northern camps. Under the editorship of Capt. Wright the COURIER has taken high position as an honest, outspoken and able newspaper, and we hope to see it acquire a good circulation in this county.—New North-West.

M. C. PAGE, the chief fisherman of Bozeman, brought in two basketfuls of speckled trout Tuesday evening, the result of a few hours fishing in the West Gallatin. What did he do with them? He did not sell them, nor eat them all himself, but, following the dictates of his noble nature, came up and divided them with us. Thanks.

The Kyus "smilingly" welcomed its legion of patrons Friday last to its new and handsome interior, which is as beautiful and clean as a new steamboat, and stocked with a supply of liquors that Bacchus himself would smack his lips over. The proprietors Messrs. Mounts & Woraham, are polite and affable gentlemen, whom it is a pleasure to meet.

DECLINED.—We received an anonymous communication yesterday, in which the writer reflects upon the conduct of a county official. We make it a rule not to publish any communication, unless the real name of the writer accompanies the letter, and we certainly will not do so in this case, where the integrity of an officer is questioned. We believe, however, the writer was actuated by the best motives.

RETURNED.—Our invaluable fellow citizen, Mr. C. L. Clark, who has been absent in the East the past few months, returned on Sunday, accompanied by Miss Helen A. Leonard, of New York, a sister of Mr. Taylor, our Postmaster, and also of Mrs. Langhorne and Mrs. Rich. We have missed the cheerful, hope-inspiring influence of our arduous friend Clark, and welcome him back with a pleasure that is shared by our people generally.

FROM OUR TRAVELING CORRESPONDENT. The mines in this vicinity, like those at Silver Bow, are considerably scattered; there are between here and Erskine, twelve miles distant, probably two hundred and fifty men.

These work, while water lasts, in the dry gulches, bars, etc., and in winter return to the drifting claims. Wages are five dollars per day, and there are no surplus funds. Except at Pioneer and Yam Hill, there are none in the country. These two camps continue to be the best in the Territory, and as usual every man out of employment comes here to find it. Pioneer has been greatly improved during the past year, and there are several buildings now being constructed which give the town a thrifty appearance.

The farmers of Deer Lodge and vicinity have generally finished seeding and are now busy irrigating. Crops are growing very slowly and, as the cricket are very numerous this year, it is feared that many fields of grain will be destroyed by them. S. H. O.

SNOW SLIDE IN EMIGRANT GULCH. Two Men Killed. We learn from Col. J. D. Chesnut, who arrived here from the Mammoth Hot Springs on Tuesday, that two men, Jacob Reitz and Fred Spill, were killed while sleeping in their cabin on Wednesday night last. The slide came immediately down upon the cabin crushing it completely, and it is supposed causing almost instant death to the unfortunate men. Their bodies were recovered on Thursday. Both men were well known in this community. This makes four men who have met death by snow slides in Emigrant Gulch within the past year or so. We understand that Reitz formerly lived in Cleveland, Ohio, and that he has relatives now living in that city.

Refused a Contract. They tell this old Mr. "Red" Clark, the well-known livernan of Bozeman. "Red" some weeks since went down to New York to bid on Indian contracts, and after the business was all through and hearing that nothing had come to him, he thought he would call upon the Peace Commission and see if he couldn't be "counted in" on some of the "takes." A number of questions of a religious bearing were propounded by the Board, which "Red" promptly and sanctimoniously answered.

"Mr. Clark, are you a Christian?" queried Commissioner Stuart, of Philadelphia. "Yes, sir," replied "Red." "Are you a church member in good standing, Mr. Clark?" "I am, sir."

"To what denomination do you belong, Mr. Clark?" "To the Methodist Church, West, sir," responded "Red" with much fervor, an animated flash lighting his cheek bones and the tip of his nose, "the most numerous body of orthodox Christians in Montana, and not one of them has a contract, sir."

And yet, even with this excellent showing, "Red" says he failed to get within the Indian fold.—E. A. C.

MINERAL SURVEYS. PETER KOCH, U. S. Deputy Mineral Surveyor, will survey and prepare plans for placer mines and lode and vein lodes at reasonable rates. S. S. Surveys of Mining and Irrigation Districts also made on short notice.

A SMALL STRAMPEDE.—A party, consisting of half-dozen citizens of this place, left here Monday morning to prospect diggings discovered some years ago, and said to be rich, which we understand are located somewhere in the vicinity of Crazy Head Mountain, about thirty-five miles from Bozeman. Tuesday morning, another party of about the same number, quietly skipped off on kluyuses and it is supposed they followed the first party, in order to discover the whereabouts of the El Dorado. A party visited the same diggings last week, but were unable to do anything on account of the severe snow storm which prevailed for several days and returned without accomplishing anything. We hope the boys will find something good.

ICE! ICE! ICE! The undersigned is prepared to furnish the people of Bozeman with a pure article of ice at One and a Half Cents per Pound. He hopes by placing it at this low figure to bring it within the reach of all to purchase. Leave Orders at Walter Cooper's gunsmith shop. WM. CARR, Proprietor.

DRY GULCH MINES.—Mr. Thos. C. Burns, who is connected with Messrs. Timmer & Batchelder in the mines of Dry Gulch, showed us a nice little pile of dust, taken from about two yards of dirt, which he had washed out. Evidently the mines in Dry Gulch are very rich, and we hope soon to see a good water ditch constructed, that they may be profitably worked, and that our people may enjoy the hidden treasures which require but very little labor and expense to bring into practical use.

MUSIC SCHOOL. Miss Gertrude M. Christensen will commence a course of instruction in Elementary Vocal Music, in the Good Templar's Hall, on Tuesday, June 2d, at 5 o'clock p. m. Terms (for 12 lessons): \$3 00 in advance.—Bozeman, May 28th, 1873. G. W. WILSON, Counter Office.

River News. The Esperanza arrived here on Saturday evening. She made but a short stay and passed on. The Illinois Wood is ill at our levee. Two new boats have been put on the Missouri river, the St. Luke and Joe Kinney. The river is falling. The Steamer Miner left here at 11 o'clock A. M., Wednesday. She will keep near the Cavalry, on her way up—Dakota, May 8.

FOR SALE. A No. 1 Improved Ranch, lying three miles north of Bozeman, together with last year's crop, consisting of about 1000 bushels of grain. This is one of the best and most desirably located ranches in Gallatin, and will be sold at a bargain. Apply to JOSEPH WILSON, Counter Office.

The boys over at Cherry Creek are a lively set. When work is not too pressing they regale the momentary of camp life by target shooting, dog fights, and the last news received from the town to the effect that two of the denizens of the camp had a little pug-nose discussion, in which one of the parties was treated to an impressive argument, resulting in a bloody head.

DEMOCRATIC COUNTY CONVENTION. The Democrats of Gallatin County will meet in delegate convention at Central Park on Monday, June 24th, 1873, at 11 o'clock a. m. for the purpose of nominating delegates to the Council District Convention and the candidates for the various County offices, and to transact such further business as may be deemed necessary.

The following is the apportionment of delegates to each precinct, as made by the Democratic Central Committee of Gallatin County, to wit: Bozeman Precinct, 10; West Gallatin Precinct, 10; Yellow Creek Precinct, 10; Elk Grove Precinct, 10; Yellowstone Precinct, 10. Total, 50.

The Democrats of the several precincts are requested to meet at the places appointed for holding elections in the several precincts, on Saturday, June 28, 1873, at one o'clock p. m., for the purpose of electing delegates to the said County Convention, in accordance with the above apportionment.

By order of the Democratic County Central Committee, S. W. LANGHORNE, Chairman. Bozeman, May 28, 1873.

Territorial Items. Thos. DeYarman, the present incumbent, and Thos. J. Farrell announce themselves candidates for Sheriff of Madison County.—Both are good men, and whichever is elected, the people of Madison are sure of a good Sheriff.

Chas. Porter, a colored boy who stabbed a man in the foot last winter and was sent to the penitentiary; thereafter was on a petition signed by officers of the court, the prison and a number of citizens, pardoned on Saturday by the Governor.

A shooting affray occurred in Deer Lodge City last week, in which Wm. Way gave an assailant a flesh wound in the shoulder.

The North-West says: Those Brooding-nagian monstrosities known as Salt Lake crickets, are propelling their unwieldy carcasses over the grain fields of Missoula county, says Baron O'Keefe. Five hundred bushels of A No. 1 wheat sold under the auctioneer's hammer in Missoula county, last week for 22 1/2 cents per bushel.

Mr. A. V. Corry announces himself for reelection as Clerk and Recorder of Madison county, subject to the decision of the Democratic County Convention.

A lively turn in mining affairs has recently transpired at Banuack, and good times have come again. Michael Madigan, aged 33 years, died in Deer Lodge City, on the 17th of May, of double pneumonia.

Dr. O. B. Whitford has been appointed by the Prison Directors physician for the Penitentiary. The Deer Lodge Independent says there is a good opening for a woolen factory in Montana at the present time. The wool crop will be quite large the present season and will be greatly augmented next year, as over seven thousand head of sheep will be brought here this season, and the increase of those now in the Territory will be considerable.

Hon. W. H. Chagart has the most extensive strawberry beds in the county; he also raises large quantities of raspberries, gooseberries, currants, etc., and says that Deer Lodge Valley cannot be excelled for the production of small fruit.

DISSOLUTION NOTICE. NOTICE is hereby given that the copartnership heretofore existing between Fisher and Hardnick has been dissolved by mutual consent. E. G. Fisher will continue to hold title to the old firm, and settle all liabilities. FISHER & HARDNICK, Mining, May 29th, 1873.

Mining in Deer Lodge County. One of the flumes of Trend Water Bar has been completed and the water turned through it. The other will not be completed, it is thought before the 20th of July.

The Soap gulch mines are said to be turning out well; water at present, is abundant. These mines are good and extensive, but the water supply is short, except for a few weeks in the spring.

The Rock Creek mines are attracting considerable attention just now, as it is believed they are rich and extensive. Several companies of miners are engaged in sluicing on the bars on Pipestone, with good results. Nine companies are at work in Jefferson gulch, several of which are taking out money.

Messrs. Keyes & Jackson are running two dunes in California gulch and will take out a large amount of money during the season. The mines of Standifer, Deer gulch, Lincoln, McClellan and Washington gulches are in active operation and the annual yield of dust will not fall behind that of last year.

In the wreck of the Northfleet, one man who was saved was heard by the correspondent of the London Standard saying: "When I saw what was up, I said, well, I'm going to die, and damn it, I may as well do it as comfortable as I can, and so I lit my pipe." There was no high feeling in that man, but there was an infinite capacity for discipline.
