A. B. GLUCKNER, Pastor. November. 'What's the fun of dear November? Gather round the glowing ember, While it flashes, darts and dashes, Toast the chestnuts in the ashes.

Home-ward call the wanderer cheery, Hearts are light, though skies are dreary: Once a year, with good cheer, Glad Thanksgiving brings them near; Best of days, when we praise Him who orders all our ways; Happiest days, when round the fire, Lured ones gather high and nigher, Pile the hickory high and higher, Fan the flame and blow the ember— That's the fun of dear November.'

With this issue the COURIER commences its fifth year, and we are gratified to be able to inform our friends that the business is better than ever before.

As an assurance of its continuance, we will say that we have paper, ink, &c., on hand to carry us through another year. With an increased force of compositors, we can give the assurance of regularity in issue, and an increased amount of reading matter.

Our time for some time past has been so much occupied in the mechanical department of the office that we have not devoted that time and attention to the editorial management of the paper that is required, but we are differently situated now, and shall give our attention almost entirely to the improvement of the paper in that respect.

We trust those in arrears for subscription will come forward and pay the amount of their indebtedness, and renew their subscriptions by paying in advance.

All parties having bills against the office are requested to present the same. It is our desire to commence the new year with a clean record.

CLARK'S FORK. As stated in our last issue, the silver mines of Clark's Fork are attracting favorable attention, and we can confidently announce that the vast wealth so long locked up in these mountains will soon commence contributing to the prosperity of the country.

Through the efforts of Maj. F. D. Pease and others, the erection of smelters in that district will begin with the opening of spring. Eastern capitalists have become interested in the matter, and as an encouragement to the enterprise, a subscription of about \$15,000 by our citizens has been secured.

The smelting works are to cost not less than \$30,000, and the parties proposing their erection are of the most responsible character.

The opening of these mines, the most extensive in the Territory, will be the advent of a new era in Eastern Montana, and will bring prosperity and wealth to those who have worked and patiently awaited their development.

Of the success of this enterprise we think there can be no doubt, knowing the substantial character of the men who have the matter in hand. That the result will more than justify the means, however great, we have the most abundant proof.

The spirit exhibited by our citizens in contributing so liberally toward the development of these mines is not only gratifying, but displays a confidence that betokens general prosperity to this section.

LOCAL MENTION.

'We shall know as we are known, Never more to walk alone, In the dawning of the morning, When the mists have cleared away.'

Mr. Nelson Story has returned from Helena. Joe Magee left for his vineyard Tuesday morning.

D. S. Kenyon, of Deer Lodge had his shoulder dislocated recently. Hopper's train left for the Agency, yesterday, loaded with flour.

The 'tiger' holds his nightly vigils in Bozeman, which indicates that there are some loose greenbacks around. Wood has commenced to come in pretty lively. Remember the place, boys; you who are delinquent.

Major Harry R. Horr is announced to deliver a lecture at Helena this week for the benefit of the Library Association. Mrs. T. C. Hill, accompanied Mrs. Cockrell and Mrs. Cowan of this county on a visit to the states.

Our old friend, W. F. Redick, from Cherry Creek, dropped in to see us this week. He reports every thing quiet on the Madison.

Chesnut's extensive coal lead is furnishing our people with good fuel. As soon as the road gets good we intend going up and getting a wheelbarrow full.

The presents given at the surprise party at the M. E. Parsonage amounted in value to \$110.00.

McQUIRK & ADAMS have something to say in this issue about the blacksmithing business. Two better mechanics cannot be found anywhere.

It is said there is Countryman somewhat disgusted with the management of Indian affairs in Eastern Montana. Well, he needn't take any of it in his.

We learn that the converts in the vicinity of Bozeman abound with game of all kinds. Some of our amateur hunters come in every day with their game bags chuck full of the smaller kind.

We understand that Rich & Willson's mule train encountered considerable snow-blow, which detained it several days, but its arrival here may be expected in a few days.

Parties were over from Madison county this week for the purpose of purchasing oats. This article seems to be scarce throughout the Territory.

W. A. Clark, President of the First National Bank of Deer Lodge, has 1,300 pounds of Centennial ore, boxed and ready for shipment by the Commissioners to Philadelphia.

The Helena Independent of the 21st says: 'XXP flour of the best brands, has advanced to \$5.00 at wholesale, and \$5.25 and \$5.50 at retail per hundred pounds.

S. D. Lutz—one of the pioneers who established a settlement at the mouth of the Big Horn last spring, and who has put in the summer fighting the Indians, trapping, wolfing, etc., has returned to his first home, the 'case.' We are indebted to him for a list of subscribers from the Yellowstone section.

Hitchins says the reason there are more blights on our thoroughfares is, that he has his paint shop full of them. After a few touches from his artistic brush they will come out in gorgeous array.

The nom de plume of the Bozeman correspondent of the Madisonian has been changed. Instead of 'Witness,' who lied outrageously, we have 'Truth Teller,' a greater liar than the first. We advise the boys to give the bastard a proper name.

The other day an old pioneer of Gallatin dropped in to see the boys. He had a ferocious expression in the eyes, and a double-barreled shot gun on his shoulder. He explained that he had come in to pay his tax.

Dr. Osborn asks every one that owes him a quarter of a dollar or more, and wishes him prosperity long life and happiness, to come and say the same. All are welcome, any way money or no money.

POSTOFFICE is in receipt of a large supply of bottled ale and porter, Key West cigars and Kentucky Favorite whisky. Hot Scotch, cozy club rooms and genial spirits are to be found at 'the corner.'

Our esteemed friend, H. C. Crowell, has returned from Virginia City and has quietly domiciled himself on his ranch near town.

We made a mistake last week in the name of our vigilant night watchman. It should have been Hank Wilson, instead of Williams as reported. The latter left the Territory recently with a slight cloud resting over his horizon. We take pleasure in making the amende to our new watchman.

It is said that a rose with another name would smell as sweet, and it is equally true that a liar under any assumed cognomen will lie, which reminds us of the Bozeman correspondent of the Madisonian, falling as 'Witness,' has stolen the livery of heaven to serve the devil in by adopting the title of 'Truth Teller.'

Whenever that fellow tells the truth, we will drive a wedge in 'right thar' to hold it.

NORTHERN PACIFIC LIVERY AND FEED STABLE.

In connection with the Northern Pacific Hotel, Mr. H. J. Hopper has opened a Livery and Feed Stable, in the commodious building constructed for the purpose, adjoining Martin & Myers' meat store, on Main street, where he is prepared to furnish superior accommodations in the line of horse hire.

Fort Pease. We extract from a letter from D. H. Carpenter to the Helena News, the following: Paul McCormick, Ben Dexter and Maj. Borchardt with a large force left here for Fort Pease. There were twenty-five in the outfit and they are the best mounted men in the country. If Harry was here the outfit would be complete, (thank you). Eight men leave tomorrow morning for Fort Pease overland. They take horses, are well supplied with everything the issue may demand. The boys were loaded with goods, ammunition and every thing the boys need on the frontier.

SURPRISE.

Rev. A. B. Gluckner, our new Methodist minister, and his amiable wife were the recipients of a surprise on Thursday evening, and one no less gratifying to them than to the large circle of friends who gathered at their hospitable home on that occasion.

The worthy minister and family were invited to take tea at a neighbor's house at an early hour in the evening. Returning to their home about 8 o'clock, they found it brilliantly lighted and occupied by fifty or more ladies and gentlemen, and their tables spread with a sumptuous supper, consisting of rare delicacies and the more substantial elements of life.

They were joyfully greeted by their friends, who had surreptitiously taken possession of their premises, and the good will expressed, added to the more solid offerings were kindly received and appreciated by the recipients. The evening was agreeably spent in social converse, and a lively with impromptu charades gotten up by a number of the young ladies and gentlemen assembled.

Selling off low for Cash, Grain or Flour, our entire stock of goods.

J. R. & J. V. BOBERT. Flour. Helena papers announce an advance in flour, and it is now quoted at \$5 per sack of 100 pounds. Our correspondent some weeks since was evidently correct in his surmises in regard to the future price of flour. There is no doubt an increased demand will be made for flour next season.

The present indications are that such will be the case, and the whole product of Gallatin valley, if held, will find a market nearer home than Helena. We are informed that the latter place is poorly supplied, and the late advance is no doubt attributable to that cause.

Wanted! 20,000 Pounds Oats. For which the highest cash price will be paid. Apply to J. M. CASTNER.

Mr. and Mrs. A. B. Gluckner desire to return their hearty thanks to the many friends they found in possession of the Parsonage on their return home on Thanksgiving evening. It was one of the scenes in one's life severally to be forgotten. Hoping that the pleasant associations connected with the occasion will be long remembered by all, we subscribe ourselves, under obligations to you, MR & MRS A. B. GLUCKNER.

Just received an assortment of Accordions and Harmonicas, at J. BASINSKI'S.

Hopper has gone into the livery business with the determination to make it a success. He has renovated and improved his stable, so as to make it one of the most comfortable in the Territory, and he has superior accommodations for feeding animals taking care of transient stock. He has also equipped a great deal of team in keeping on these large number of well-bred saddle horses. Call at the North Pacific Stable when you wish to make in the livery business.

General Wholesale Cigars and other popular brands for sale at wholesale and retail. J. BASINSKI'S.

Library Association. A meeting of the Young Men's Library Association will be held at the 8th-street office on Tuesday evening, December 7th, at 7 o'clock, for the purpose of determining what disposition shall be made of the books and other property belonging to the Association.

It is necessary that all interested shall attend. By order of J. V. BOBERT, President. S. W. LANGHORNE, Sec'y.

\$5 Per SACK for FLOUR. \$2 1/2 Per POUND for OATS.

All indebted to me for subscription to the 'Montanian' to March 1, 1874, in Gallatin county, can pay the same by delivering XXX Flour for me at any of the mills in the county, and be allowed \$5.00 per sack for the same, and \$2 1/2 per pound allowed.

Branch and Short's 10 cents per pound. Those indebted desirous of availing themselves of the above offer, must deliver the produce by the 6th of December, 1875. G. F. COPE.

Notice. The undersigned have established themselves at the old stand of J. B. Fluch, in Bozeman, and are prepared to do all kinds of blacksmithing in first-class style. The names of the parties are a sufficient guarantee, as they are well known mechanics both here and elsewhere. Mr. McGuirk is one of the best horse-shoers in Montana and undoubtedly the best horse-shoer in the country. Mr. Adams has been employed for the past three years at Fort Ellis, is a thorough mechanic; he can give the very best of reference. Give us a trial and we will guarantee to please. M. McGUIRK, EPHRAIM ADAMS.

We understand that Theo. Freiler, of Virginia City, who accidentally shot himself in the arm recently, has died. The wound was not considered dangerous at the time inflicted, but it afterwards assumed a serious character, and after several days of intense suffering, death ensued. Theodore was a young man of about 30 years of age, and leaves a wife, father and mother to mourn his untimely death. He was esteemed and will be affectionately remembered by a large number of sympathetic friends.

Lost—500 Reward! On the 23rd of next month a orphaned youth about 35 years of old five feet six inches tall in width. Had on when last seen a clear-hammer pair of pants; frockly hair, Auburn complexion, and turned up eyes. The police reports that this Charley Ross was loudly crying in the streets that Gov always keeps on hand the best, coolest, finest, purest and most healthful plank stock of Wines, Liquors and Cigars to be found in the Rocky mountains.

Crow Agency Talk.

JACK HILL, an 'old time' rustler, says this winter, that he thinks there is a big bonanza there for him; that he will go there next spring with a large force—three hundred men—in spite of blazes.

The Belle is sick and wants to live in a masochistic tapes (whiteman's house) during winter.

Blue-the-Hatchet is a promising young chief—says little, but makes strong medicine against his enemies.

Blackfoot says he don't want the whitemen to kill his long tailed dogs (wolves) on or off the Reservation.

Old Bear is well clothed. Fish out of Water fell in again and was rescued by Dog in the Water.

Fire Eater is not cold, as reported. Crane-in-the-Sky has on high heeled boots, not stilt.

Old Dog offered one of his daughters to a few Carvos and a needle gun. Kser didn't want one of that kind.

War Chief, Goodheart and Spotted Horse are going to war against the Sioux.

Something New and Attractive! STRASBURGER & SPERLING'S.

The Ladies will find all the latest styles in Hats, Dress Goods, Shawls, Cloaks, Kid Gloves, Fine Felt Skirts, Silk Scarfs, &c., for which they especially invite an inspection.

Flour is quoted by Helena papers at \$4.50; wheat, 2c; oats, 2 1/2c; barley, 3c; 3 1/2c; potatoes, 1c; eggs, 55c; butter, 40c; cheese, 18c per lb.

Fine Specimens. The Clin' Bros. and Mr. Barnett passed through town Wednesday evening on their return from Specimen mountains with the finest collection of specimens that has ever been gathered from that wonderful region.

The collection was made for exhibition at the Centennial, and these specimens will be forwarded immediately to Philadelphia for that purpose. Great care and a fine perception of the unique and beautiful have been displayed in the selection of these articles, which will no doubt attract great attention at the Centennial exhibition.

We trust that they will be the means of attracting attention and travel to this section.

J. BASINSKI has the largest stock of Clothing and Gen'l Furnishing Goods, etc., to be found in this market, which he is selling at greatly reduced prices.

'Story runs the Courser now!' Well, suppose he did. No better man in the county could do it, but he don't. We would like to have Mr. Story take every citizen of Gallatin county, take an interest in the COURIER and assist us in running it. The act would be worthy of the noblest commendation, and would no doubt lead to the publication of a better paper than we are able to produce singly and alone.

Can You Pay? If those of my customers who are in arrears will pay immediately they will be able to secure a great discount. If they do not pay immediately they will be charged full price. Yours truly, JOHN HANSEN.

The Library Association. A call is made in this issue for a meeting of those interested in the Library Association for the purpose of disposing of the books and property of the Association. We have in the library a splendid collection of books.

Our motto is 'Let us keep up to sustain the enterprise.' Let us keep up to sustain the enterprise. It is one of the enterprising, laudable in its character, that we expect. Some of our prominent men, looking solely to the benefit and pleasure of the community, notable among whom we may mention J. V. Bogert, Esq., have devoted considerable time and money to the enterprise, and have secured a substantial foundation for a public library.

The necessity for such an institution should be apparent to all, and we trust that the meeting of the members will result in an effort to keep up the organization.

\$450 for 50 Cents!—How to do it. Take a five-dollar bill to Gov's Palace Billiard Rooms, play two games of billiards, give Gov of Ed the bill and he will return \$4.50. Try it on.

The Parish school, under the patronage of the Episcopal Church, in charge of Miss Sweet, teacher, was opened at Liberty Hall Monday morning. The number of scholars, as yet, is quite small compared with the merit of the teacher, but we are satisfied that the intelligence of our community in the matter of sustaining a first class school in the town, will augment the number to such an extent as to justify the enterprise. Miss Sweet comes to us with the best recommendations as a teacher of experience and capacity. It has been one of the crying evils of our town that we did not have a good school. We have now apparently the desideratum. Will our people support it?

NORTHERN PACIFIC HOTEL, Main Street, - Bozeman, M. T.

Under the management of Mrs. H. J. Hopper, this house has attained an excellent reputation. The rooms are well furnished and kept in splendid order. The tables are supplied with everything to be had in the country, which is prepared by the best cooks in the mountains. Travelers will find first-class accommodations at the Northern Pacific. Helena and Virginia coaches stop at this hotel.

Our friend, Jack Bennett, who had been spending several days with his friends in Bozeman, departed for his native home. Jack has been engaged in a party in chasing horse thieves and preventing the slaughter of game in the National Park, but intends putting in the winter in improving the road between Gardiner's river and his place, which leads to Clark's Fork.

Another Ball.

On Thursday evening next, at Spieth & Krug's Hall, Mr. M. Mounts will give another ball. All are cordially invited to attend. A collection for incidental expenses will be made, which will be the only admission fee required. Those who desire supper can be accommodated at either of the hotels. The Silver Cornet Band will be in attendance.

The Madisonian quotes Rev. Clark Wright with saying that the people of 'Virginia are a better heaven than those of He'ena.' We do not believe the reverend gentleman made such an assertion. At least, if he did so, he had reference to the high altitude of that place, supposing that a few of her citizens were nearer Hell-ena than Salt Lake he would have struck the nail on the head.

A Desirable Improvement. Our citizens are just now exhibiting a commendable public spirit in the construction of a valley road leading directly to Fort Ellis. The authorities at Ellis some four years ago expended considerable labor on a road on the north side of the East Gallatin river, but considering the enterprise impracticable, abandoned the road before the work was completed.

The new road will hug the stream on the south side, and we are informed by parties who have viewed it, that it will make, with the necessary work now being prosecuted, a direct, level thoroughfare.

Blisks. Several parties, perfectly able to pay their debts, have left this country within the past few months owing for one or more years subscription to this paper, without making any arrangement for the settlement of their accounts, or even notifying us of their departure. By inquiring we have found out the present location of some, and have sent them their accounts. We intend hereafter to give these sneaking blisks a first-class notice on their departure, so that those whom they settle among may know what kind of men they have to deal with.

'What are the wild waves saying—saying sister, dear?' Why you old grampus they say, go to Gov's for your whisky, wine and beer.

THE FIRST BALL of the season was given by Mr. M. Mounts at the Brewery Hall Tuesday evening, and was a decided success. There was a goodly attendance, and the music excellent. Dancing was kept up until nearly 3 o'clock a. m., all participating and enjoying the affair with a keen relish. We trust 'Cy,' will continue his efforts in this direction.

Only a small sum was required for participants for necessary expenses, and there was no one but realized more than double the amount in the pleasures afforded.

THERE are several hundred men now in the country between the Crow Agency and Fort Pease. The region is a magnificent one for trapping and hunting, and with the Yellowstone Fur Company established in the Fort as a market for the hunters, promising to yield as large a number of pelts as any district in the State West—Montana.

The best beautiful, driving, sleigh snow—fell to the depth of several inches Wednesday night. By and in conformity with the proclamation of the President, and the several governors ruling over the land, Thanksgiving dawned bright, and old Sol shed copious, genial sunshine upon the earth, settling it down to a good sleighing basis.

McMazeo, after several months absence, paid our town a visit this week. He has just returned from California where he held in a large supply of the native production of the golden state in the line of wines, liquors, &c. Besides these, his bus at Helena, carries a large stock of Bourbon liquors, cigars, but fixtures, etc.

The Brewery Balcon has been repaired and fitted up in elegant style recently, and presents an attractive appearance. Call and see the boys.

'FOR THE BLOOD IS THE LIFE.'

See Deuteronomy, xii: 23. The blood being the source from which the system is built up, and from which we derive our mental as well as physical capabilities, how important that it should be kept pure! If it contains vile, festering poisons, all organic functions become enfeebled. Settling upon important organs, as the lungs, liver, and kidneys, the effect is most disastrous. Hence it behooves all to keep their blood in a perfectly healthy condition, and more especially does this apply at this particular season of the year than at any other. No matter what the exciting cause may be, the real cause of a large proportion of all diseases is bad blood. Now, Dr. Pierce does not wish to catalogue his Golden Medical Discovery in the praise of quack patent nostrums, by recommending it to cure every disease, nor does he so recommend it; on the contrary, there are hundreds of diseases that he acknowledges it will not cure; but what he does claim is this, that there is but one form of blood disease that it will not cure, and that disease is cancer. He does not recommend his Discovery for that disease, yet he knows it to be the most searching blood cleanser yet discovered, and that it will free the blood and system of all other blood-poisons, be they animal, vegetable, or mineral. The Golden Medical Discovery is warranted by him to cure the worst forms of Skin Diseases, as all forms of Blot-tes, Pimples, and Eruptions; also all Glandular Swellings, and the worst form of Scrofulous and Ulcerated Sores of the Neck, Legs, or other parts, and all Scrofulous Diseases of the Bones, as White Swellings, Fever Sores, Hip-joint and Spinal Diseases,—all of which belong to Scrofulous diseases.

CONFIRMED.—HIP-JOINT DISEASE CURED. W. GROVE STATION, IOWA. DR. PIERCE, Buffalo, N. Y.

DEAR SIR—My wife first became lame nine years ago. Swellings would appear and disappear on her hip, and she was gradually becoming reduced, and her whole system rotten with disease. In 1871, a swelling broke on her hip, discharging large quantities, and since that time there are several openings. Have had five doctors, at an expense of \$125, who say nothing will do any good but a surgical operation.

July 16, 1873, he writes thus: My wife has certainly received a great benefit from the use of your Discovery, for she was not able to get off the bed and was not expected to live a week when she commenced using it, a year ago. She has been doing most of her work for over six months. Has used twenty bottles, and still using it. Her recovery is considered as almost a miracle, and we attribute it all to the use of your valuable medicine. I can cheerfully recommend it as a blood-purifier and strength restorer.

J. M. ROBINSON. Golden Medical Discovery is sold by

Druggists. Tom Tignor sends greeting from his old haunts in the mountains, and says: 'T—t—tell Langford there is another band of sore-back wild horses in the Madison basin.' Tom alludes to those run into the mountains by horse thieves recently.
