Quite a shower of rain Sunday afternoon and evening.

Hunting chickens is now a favorite pastime with Bozeman sportsmen.

A large herd of cattle passed through town Monday morning en route to the Crow Agency to fill the McAdow-Vial contract.

A number of marriages are understood to be ready for notice and announcements.

Hardly a day passes but we see several parties going to or returning from the mountains, where they have been gathering raspberries and blackberries.

A large number of persons from the Black Hills have passed through town the past week.

Saturday evening quite an excitement was raised on the street, caused by screams issuing from a business house on Main street.

Some as nice fruit as ever grown, peaches and plums, can be had at the store of J. Basinski.

C. Wittkowskie having died from the effects of a wound received from a pistol in the hands of Thomas O'Brien, O'Brien was arrested, taken before the Probate Judge, waived examination, and was committed to jail, to await the action of the next circuit court.

Under the above heading the Bismarck Tribune of August 21 discourses on the amazement of some Helena juveniles at the sight of an N. P. engine.

We acknowledge ourselves under obligations to our friend, J. V. Bogert, for the report of the battle on the Big Hole, and other news items published on first page, issued by him as an extra on Thursday last, and return our thanks to him for the same.

The proprietors of this excellent hotel have had Montana's best sign artist, Henry Hinchins, paint them a sign.

The sixth annual term of this excellent institution for young ladies, commences on Monday, October 1st.

John C. Guy and his son Jeff, left for this point Monday. They go down over land.

Life, Clark and two other men left town with Mr. Guy for the Yellowstone River, where they have a boat built, in which they intend to proceed to Etchetah.

Some one has said: "If you want a thing done right, do it yourself." The merchants on lower Main street put the saying into practical use Tuesday, and turned into the street with rakes, shovels and wagons, soon clearing the boulders from the gravel, with which the street has been elevated.

Harvest time is near at hand, and all the farmers are busy. Some are getting their machines in order, and hardly a day passes but we see farmers in town from almost every section of the county, getting some repairs done, or some necessities, so as to be ready when the grain is.

Mrs. Rosa Black will arrive home in a few weeks.

A Bozeman bachelor, who has lately placed a set of beautiful furniture in his residence, will soon have a woman to take care of it. He tells the "boys" that he is going to back, but they are very incredulous.

Matt W. Alderson arrived from the East last Wednesday evening. He came up the Yellowstone to Post No. 1, on Tongue river, on the steamer Josephine, from there came on horseback in company with Dan McMillen. He still retains his Colorado sheep interest, having been unable to dispose of them to advantage.

We are informed that all the Fall wheat above town is excellent. One of the finest crops we ever saw is on the White Calfee place. It was harvested the past week.

Well, we rather like Bishop Tuttle, whose Christianity has some muscle in it. His early training was good. The Methodist Church is a good school for the ministry. The Montana Bishop, who is the son of a Methodist class-leader, is a good pioneer preacher, who makes things happen.—[Cal. Christian Advocate.]

Death of Lt. English. Lieut. W. L. English, who was wounded in the Big Hole battle, died in the hospital at Deer Lodge on the morning of the 19th inst. He was a native of Illinois, and practiced law before the rebellion. He commanded a company in Sherman's army during the war, and was, shortly after its close, assigned to the 7th Infantry.

Only a few weeks ago he returned from a leave-of-absence, bringing with him his newly-married bride, an accomplished lady of Illinois, to whom he was devotedly attached and by whom he was greatly beloved. The young wife, hastening from Missoula after the news of the battle, proceeded on from Deer Lodge to the ambulance train bearing the wounded from Big Hole. She remained with him as his companion and nurse to the close, at times hopeful and again despairing, as she watched at his expiring bedside.

Li. English was buried in Deer Lodge on the 20th inst. He was a member of that order.

Our Mail.

At last, after considerable work, the Montana people have succeeded in having our mail sent through without being delayed in Ogden. We clip the following from the Ogden Freeman of late date: "The Montana people bucked about their Eastern and Southern mails laying over at Ogden twenty-four hours. Government ordered the mail trains on the Ogden & Montana R. R. to make close connection so there would be no detention. August the first the new arrangement was supposed to begin, but the inspired managers of that railway refused to make the transfer of mails the same evening that they arrive here. Therefore the Department was telegraphed to and orders came to the transfer clerk here—Mr. Strohm—to hire a man to do the work and charge it to the priesthood, who are now blubbering over the matter like a whipped child."

If the Utah Northern Railroad would use a little more energy, and run their trains from Ogden to Franklin and back in the same day, we would gain another twenty-four hours in time in both the going and coming of our mails.

For Tongue River. Dan McMillen will leave the "head of navigation on the Yellowstone" next week with a raft of 15,000 feet of lumber, 1000 f et for Benson and Claussen at Stillwater, and the rest he has contracted to deliver to the post trader at Tongue river, and to private parties in Miles city.

W. Y. Smith and Archie McDonald are now hauling the lumber from the Trail creek mill to the river. Dan has also contracted to deliver in the same place flour, potatoes and other vegetables, which he will take down with him in a boat.

Mr. Burke left for Tongue river the early part of the week, with a boat load of vegetables.

Misinformation. The county seat of Custer county has been removed from Custer city to a point two miles below Fort Pease, opposite the new military supply post.—[Independent.]

Question: Where is Custer city? The new military supply post is seven miles above the mouth of the Big Horn river, almost opposite Big Horn city. Ft. Pease was over ten miles below the latter place. Miles city is, at last accounts, the county seat of Custer county, and will be likely to remain so for some time, as there are more citizens there than in all the rest of the county.

Yellowstone Bridge. A bridge across the Yellowstone river at, or near, Benson's Landing has long been needed. By crossing the river at this point, ten to fifteen miles can be saved in going to the Crow Agency or points on the lower Yellowstone. In high water, however, it will be necessary to have a bridge across Bridger creek, near its mouth, and parties bound for the lower Yellowstone country, will need to re-cross the Yellowstone at, or near, the ford above Stillwater. We are reliably informed that Gen. Sherman is decidedly in favor of the bridge, and will use his influence to have it built by the Government.

Church Items. Rev. O. L. Richards delivered his opening address last Sunday a. m. in the Episcopal Church, to a large and attentive audience. He is at present boarding at the Northern Pacific Hotel.

At the Utah M. E. Conference, which convened in Salt Lake city on the 9th inst., Rev. T. C. Hill was appointed Presiding Elder of Salt Lake District, and Rev. E. Skewes, formerly stationed in Virginia city, was stationed at Ogden and Corinne.

The many friends of Bishop Bowman will be pleased to learn that he arrived in Franklin all right on the 10th inst. In a letter to Rev. Mr. Long, which we were permitted to see, he says: "My visit to your city was very pleasant, kind remembrance to all the friends."

The Oregon Churchman tells the following story about Bishop Tuttle: Being on one of his visits in Montana, there was in the stage-coach a very respectable colored woman and a physician who resides in Bozeman. The doctor, having been drinking, commenced insulting the woman. The Bishop told him he must desist. The doctor continuing his insults, the Bishop took him by the back of the neck and gave him a severe shaking. The iron grip of the Bishop brought him to his senses. He cowered down in his seat, and at the next stopping place, though not his destination, he left the stage, and would not again risk his life in company with the Bishop.—[Pacific Churchman.]

Well, we rather like Bishop Tuttle, whose Christianity has some muscle in it. His early training was good. The Methodist Church is a good school for the ministry. The Montana Bishop, who is the son of a Methodist class-leader, is a good pioneer preacher, who makes things happen.—[Cal. Christian Advocate.]

THE INDIAN WAR.

Hole in the Rock Pillaged. Outbreak Among the Indians. LATEST FROM HOWARD. Eight Soldiers Wounded and One Killed. Government Pack Train Captured. Virginia Volunteers Afoot.

[Special to the COURIER.] HELENA, M. T., Aug. 20, 1877. We received a dispatch from Pleasant Valley this morning, saying: Mike Toby and two others had returned from below. Hole in the Rock has been pillaged. They found some of Hayden's mules and his dog dead, and one dead Indian. Indians are thick between Hole in the Rock and Dry Creek.

The following is the latest: DRY CREEK, IDAHO, Aug. 20th, 1877. 10 a. m.—The Indians are reported to have attacked Sanford's Cavalry at 4 o'clock this morning, and drove them back on Howard's reserve. Courier has just passed here with the news that he has gone back to hurry up the infantry and artillery, which camped last night four miles north of Pleasant Valley.

The Indians are between here and Hole in the Rock in small parties. Expect important news to night.

HELENA, M. T., Aug. 21. The Independent received the following telegram at a late hour last night: FORT SHAW, AUG. 20. News from Fort Benton states that there are indications of an outbreak among the Gros Ventres, Assinaboines, and Piegans. Sitting Bull is at Fort Peck. Nez Perce scouts are on the Marias river. 60 horses were stolen from 28-Mile Springs and Blackfoot Agency. They are firing in the prairie. We hope it is an exaggeration.

DRY CREEK, Aug. 20.—8:45 p. m. A courier just from the battlefield, which was at the head of Camas Meadows at 3 o'clock this morning, says that Norwood fought desperately. Eight soldiers were wounded and one killed. No dead Indians were found.

The Indians stole the pack train of two hundred animals. Twenty of the Virginia volunteers are afoot; none killed or wounded. Norwood re-captured 57 animals.

Howard starts for Henry Lake in the morning. Thinks Indians may come back through Madison Valley. It is about 30 miles from Dry Creek to the battlefield. (Signed.) H. M.

Montana Notes. Battle supports four faro games. The wound of Lieut. English is pronounced mortal. General Gibbon is at the Hot Springs near Helena.

The Madisonian says farm hands are very scarce and in demand in Virginia City.

St. Vincent's Academy re-opens for young lady pupils on the first Monday in September next.

A Washington dispatch says: "A. J. Smith, Surveyor General of Montana, has been suspended. The charges preferred are misdemeanor in office.

Several Helena parties, who contemplated a tour to Wonderland, have decided to postpone their trip until all danger of being captured by Indians is over.

Mr. Robert Harvey is to have charge of the new theatre in Helena, and the International Hall is being fixed up for the opening, which will occur about the first of September.

Thomas Russell, the young man who fell into a shaft on Upper Ten Mile a few nights ago, and sustained serious injuries thereby, is improving, and Dr. Madden, who has been attending him, says he will probably recover.

Farmers in the Prickly Pear Valley have their hay crop nearly gathered, and also a considerable portion of the wheat and barley. Wheat has not been damaged by the grasshoppers, but barley and oats will not average over half a crop.

One of Howard's late dispatches reads: "I have asked to have the troops at Missoula retain Joseph until I can strike his rear," etc. Now, can't some one hold Joseph until Howard gets in at least one good kick on the rear of that pesky savage.—[Butte Miner.]

The Chinese of this city have contributed very liberally towards assisting the wounded, and fitting out volunteers, and do it cheerfully. They seem to appreciate the necessity of chastising the Indians, and are willing to help us all they can with their money.—[New North-West.]

Gen. C. Brown, who lives near Silver Star, tells us that he never saw anything approaching the immense hosts of grasshoppers in Jefferson Valley. The oat and corn crops have been completely destroyed, while of garden produce, rutabagas, cabbage and turnips will be totally lost. Fortunately the wheat was so far advanced at the time of their coming that it will not sustain the slightest injury.—[Butte Miner.]

Lookey's. The new establishment, known as Lookey's Glass Front, is now fitted up and filled with a choice lot of goods, which will be sold at reasonable figures for cash or its equivalent. If you don't find what you want at other places, go to Lookey's; go there anyway. Fresh Lookey's; go there anyway. Fresh Lookey's; go there anyway. Fresh Lookey's; go there anyway.

Bread, Crackers, etc.—everything for the freighters, miners, farmers and travellers. Will buy, sell or trade. Farm produce taken in exchange for goods.

Work Horses, Mares, and Mules, at low figures, for sale by T. BRUNETT.

S. W. Langhorne
