C. W. SANFORD.

Dan. F. McMillen is our agent for Miles City and has authority to receipt for any amounts due us in that place.

The beautiful weather of the past week has caused most of the snow on the roads in Bozeman and vicinity to disappear, and sleighs now give way to wagons.

Canadas.

We learn from reliable sources that there is no truth in the stories of Indian attacks and stealings on the Yellowstone. Martin & Meyers' cattle had strayed off toward Bozeman and were found a few days after, and the Indian horses, when a snow storm had wandered off to timber, where they were afterwards found.

County Finances.

From J. D. McCaman, County Treasurer, we learn that the total amount of taxes so far collected by him this year is \$32,719.43.

The amount of school tax collected is \$2,225.98, enough to pay a year's interest on the outstanding bonds and take up one of the \$300 bonds. Treasurer McCaman had \$23,378.28 in the Bank Tuesday morning.

Five thousand dollars of the county's outstanding ten per cent. bonds will be taken up and cancelled in a few weeks.

Proceedings of the County Commissioners.

On the third day A. Reynolds and others presented a road petition asking the Commissioners to establish a public highway from Redding's place on the East Gallatin by Dry Creek. The petition was accepted and Henry Redding, Alt. Johnson and F. L. Stone appointed Road Viewers. On the eighth day \$200 was transferred from the Contingent Fund to the General Fund and \$100 from the Poor Fund to the General Fund.

Most of the session was devoted to allowing accounts and settling with the Treasurer and other county officers. The Commissioners adjourned Tuesday.

Fortune and Misfortune.

The Black Hills Daily Times, of the 20th ult., published at Deadwood, S. D., has the following item in reference to old Matt, the first mentioned in the Territory when formerly a trapper on East Gallatin, the other a merchant of Helena:

"Judge Beck and George B. Mann made \$5,000 out of their Spearfish ranch the last season, and on yesterday sold the estate to W. Jones for \$5,000. Judge B. will winter in Los Angeles, California, while Mr. Mann, who has taken an adjoining ranch, will continue to be the champion trapper of the Hills."

The same paper in its issue of the 21st ult. records the following singular accident:

"Judge Beck, of Spearfish, was handling a revolver this morning, when it fell to the floor, and striking upon the hammer, discharged a ball into the Judge's right leg below the knee and passing out at the thigh, inflicting a serious wound that may result in the loss of the limb. Dr. Meyer was speedily summoned and at once repaired to Spearfish. The unfortunate gentleman was preparing for a trip to California for a winter's sojourn."

The many friends of the Judge in Montana, while being pleased to hear of his good fortune, hope the accident has proven less serious than our clipping seems to indicate.

From Fort Custer.

We make the following extracts from a letter received from a friend in Fort Custer, with whom we have had some correspondence regarding a post-office at that place. He writes under date of 5th inst. and states that steps will be taken which will undoubtedly secure the desired post-office long.

By reference to another column, it will be seen that a postmaster has been appointed in the person of T. Burup, Post Trader at Fort Custer. We quote:

"Mr. Smith, chief clerk in the Quartermaster's Department here, applied some time ago to be appointed postmaster at this Post. His application was favorably considered, as there was no salary attached to the office, merely a commission on postage stamps, sales, etc."

"The weather is delightful. Very little snow has fallen as yet, but one day last week was very cold—thermometer stood at 19° below zero. All the officers (except two), four companies 2d Cavalry, the band, and two companies 11th Infantry, are engaged in a postmaster has been appointed in the person of T.
