The Public School.

On account of the warm weather now upon us, and the want of sufficient funds for the employment of the requisite number of teachers, the trustees have decided to close the public school for the present, and give a vacation of two to three months.

Having secured the services of Prof. Wells, of Lyons, Iowa, the trustees expect to open the school again, with a full corps of teachers, on or before the 1st of October next, and intend, if funds can be raised for the purpose, to continue it thereafter, with little interruption, for from 9 to 10 months each year.

Custer County Locals.

Local Editor. Mrs. J. C. Guy and Jeff arrived on the 11th inst. Potatoes were in bloom at Pease Bottom on the 12th inst.

C. S. Clark's train of five teams, eight yoke to the team, will leave Sherman for Bozeman, about the 15th, with 30 tons of freight. The rope of the ferry at Sage Brush broke, on the 11th inst., and it is impossible to stretch it again without the aid of a steamboat.

A report of the mail that was lost in the Porcupine some time ago has been recovered. One sack is still missing, and one horse was drowned.

Mrs. and Miss Brown, mother and sister of Mr. Henry, of Crow Agency, arrived on the steamer Yellowstone, and will hereafter be residents of the Yellowstone valley. M. P. Dutton rolled out of Sherman, on the 10th inst., with 12,000 pounds of the "Yellowstone" freight. The "Judge" has a "bully" team and proposes to make quick time to Bozeman.

El. B. Lammie is attending to shipping the "Yellowstone" freight from Sherman to Bozeman. Ed. will be in the office of the steamer "Yellowstone" during the balance of the season, and bouquets will again be the order of the day.

Mr. Vreeland, head of Quincy, Illinois, came up on the steamer Yellowstone, and will hereafter cast his fortune in Montana. Mr. Vreeland is a knight of the stick and ruler, and the first real, live, earnest (gum) Sucker that has put in an appearance.

The body of a man was taken from the river at the ferry, on the 11th inst. It was in an advanced stage of decomposition, but was recognized to be that of a Frenchman who started down some time ago with a small boat load of vegetables. Nothing was found but a small pair spring balances.

It is the order of the day, and vegetation can be seen growing with the naked eye. One ranchman in Pease Bottom went to his peas, and, standing still for a minute, the vines entwined themselves about his legs so that he found himself a close prisoner, and had to resort to his pocket-knife to free himself.

The parties chopping wood at Terry's Landing claim authority from Department Headquarters on the ground of a "military necessity," in that the steamboats carrying government freight must have wood. If "Department Headquarters" would inform themselves they would know that boats could obtain all the wood they required.

Freights from Sherman—Per M. P. Dutton's ox team. Consignees—A. Lammie & Co., 8,000 pounds merchandise. Frank Harper, 2,500 pounds iron and nails. James Kay, 585 pounds furniture. Speith & Krug, 585 pounds keg ends.

Per Robert W. Nixon's horse teams. Consignees—A. Lammie & Co., 1,057 pounds merchandise. Jerry Matthews, 3 boxes household goods.

Warfield, Bozeman, 2,263 pounds stoves. James Kay, Bozeman, 2,075 pounds furniture. Frank Harper, Bozeman, 2,073 pounds iron, steel and horse shoes.

The train rolled out in splendid condition, in charge of Billy Wilson, and will make a quick trip. River News. The Rosebud arrived at Fort Benton on the 16th inst. The steamer Durfee left Benton for Bismarck on the morning of June 16th.

The Big Horn arrived at Benton on the 21st. She had the following freight for Bozeman: Ellis & Davis, 6,750 pounds; R. M. Benschaw, 1,670 pounds. The steamer General Terry and Red Cloud left Benton for Bismarck on the 18th inst. The Josephine of the 7th, and the Far West, Helena and John M. Chambers on the 8th inst.

The steamer Benton arrived at Fort Benton on the 15th inst., with 301 tons of freight and 40 passengers. She had on board for Eastern Montana 1 package for S. W. Langhorne and 124 packages for S. H. Osborn. Bismarck Tribune, 7th inst. The Little Tiger arrived from Sioux City on Thursday. She added here 25 tons and departed for the Yellowstone Friday night, May 31st.

The Gen. Sherman (Government steamer) arrived from the Big Horn Saturday. She reports good boating water in the Yellowstone, and the boats there all getting along without trouble, having met the steamers Rucker, Custer and Yellowstone on their way up, above Glendive. The Gen. Mead came to the landing on Saturday, greatly improved in looks. Since her last appearance here she has added an additional smoke stack. She now presents a handsome and tidy appearance.

The Peninal arrived from the Yellowstone. She is now at the landing, unloading what she will carry. The Gen. Sherman commenced today to receive for Fort Keogh. Montana in a Nut-Shell. Col. John Gibbon has assumed command of the District of Montana. Gravelle Stuart is still lying dangerously ill at his residence in Deer Lodge. Some of the farmers on Prickley Pear valley report their crops nearly destroyed by grasshoppers. The labor strike still continues, and an organization entitled the "Butte Working-men Union" has been effected. Mr. Jacobs, of Trinity gulch, had the good fortune to pick up a nugget worth \$100 in his claim not long since. Two young children were accidentally poisoned in Helena last week, but were fortunately saved by physicians there. The robbers who broke into the saloon of Horsey & Kenek and took away the desk, containing their books, papers, etc., carried it to the rear of the Catholic church, where they broke it open and took out a revolver and a small quantity of change, but kindly left the books and papers intact. slaughter. The night after the jury gave in their verdict, and before sentence was passed upon the prisoner, he escaped from the jail. He was afterward captured. A private letter from Sun River states that a few days ago Robert Vaughan's house was ransacked and various household articles stolen, and horses to the number of thirty held or more, the property of Mr. Churchill and Lippincott, appropriated and driven off. The raid is attributed to Indians, two of whom the stage driver, Duce Van Alstyne, says he saw emerging from Mr. Vaughan's house early in the morning of Tuesday last. A party is out looking for the stolen stock.—Herald, 27th.

At a meeting of the Helena Board of Trade, a committee, consisting of Greenhood and Walker, was appointed to correspond with the President of the Western Union Telegraph Company relative to a more regular communication by wire with the East and a reconstruction of the line between Helena and Benton. The President, H. M. Parcell, and the Secretary were appointed to prepare matter for an official circular letter to be issued by the Board and published with the photograph of Montana already procured and adopted.

The Last North-West publishes an open letter from Hon. O. B. O'Bannon to Col. Gibbon. It is as the writer says, a very mild protest against the injustice received at the hands of one who now comes into print with a complaint of injustice from others. (Refer to O'Bannon's recent letter to Bounding Bannings.) The justice Mr. O'Bannon accuses Col. Gibbon of is accusing the people of Bitter Root valley of being allies of the Nez Perces and the people of Montana of cowardly and disgraceful conduct. Col. Gibbon's attention was called to the matter at the time, but as he did not make any correction of his statements, it was presumed that he desired the Montanians to consider them as his sentiments.
