LOCAL NEWS.

A Chat About Deer Lodge. Our first visit to Deer Lodge city, when we came here a week since to make it our home.

Races. The past week has been one of the liveliest for horse racing that has occurred in Deer Lodge.

Win by Lady Lightfoot. The Cup Joe failed to start, and Banty tossed her rider while coming handsomely for the front.

Win by Sleepy Dick. James Bailey, s. h. "Brick," Warm Spring Creek.

Win by Sleepy Dick. Mile race, best two in three, on Olin's Course. Citizens' Purse, \$50.

Win by Sleepy Dick. James Bailey, b. m. Beauty. Warm Spring Creek.

Win by Sleepy Dick. Valiton & Co., b. m. Lizard. Deer Lodge.

Win by Sleepy Dick. These were all running races, were made on these and subsequent days, several of the horses evincing good bottom and speed.

Win by Sleepy Dick. "Kiyus Saloon," 2 stories, Wood St., Helena.

Win by Sleepy Dick. "Ratler" was rolled out on the Fashion Course track, July 8th, but "Kiyus" is never rolled out in the "new" of fashion when the Street Lancers, and Cigars that money will procure, are offered to patrons.

Win by Sleepy Dick. Grand Race. The heaviest match ever made on a horse race in Montana is set for Thursday, August 8th, on Olin's Course.

Win by Sleepy Dick. "Dick Dickenson of Pioneer city, enters b. m. 'Tin Cup Joe.' A. McConnell of Butte city, enters b. m. 'Lady Lightfoot.'"

Win by Sleepy Dick. Confagrated. The first fire of any consequence that has occurred in Deer Lodge, took place on Wednesday morning. Jimmy Grant's stable was completely destroyed.

The Fourth in the Valley. For ninety-two years America had been free, and with the seal of Night the record of good and of evil was forever closed. Up from the Atlantic rushed the avant couriers of Light; the Day stood tremulous on the rocky peaks, enamored of the hither verdured valleys and the thunder of "the avil chorus," rendered in a manner that the hundred red-shirted Firemen of the Peace Jubilee might have envied.

STAND FROM UNDER! DOWN THE PRICES COME! The Standard Oil Company has just received a large consignment of goods, one direct from California, the other from the East—consisting of the choicest apples, peaches, plums, and other dried fruits, fancy and staple groceries, foreign and domestic wines, and brandies, Kentucky Bourbon Whiskies, pure and free from the manipulations of the "Whisky Ring," Claret and Tobaccos in endless variety.

Blackfoot Items. Our Blackfoot correspondent informs us that there is at present only about 300 inches of water in Tiger and Ohio ditches, 300 inches of which is in the former. Not over one hundred men are now mining at Blackfoot and Carpenter's bar.

Persons Desiring the Latest Magazines, Atlantic, Harper's, Overland, Electric or Petroleum, and any of the Illustrated, or leading Eastern and Western Newspapers will find them at BAKER'S, Main Street, Helena.

From Highland. "S." sends the following items from Highland, July 6th: "Prof. Swallow is now here developing on the leads of the Highland Gold Company, and intends to start up the mill soon. The arrastras are running on Only Chance rock and are cleaning up about \$1,000 per week."

New Coaches. Mr. C. C. Huntley has, within the past few days, put on and is regularly running on his express line between Helena and Deer Lodge, a number of Abbot & Downing's Concord Hacks, the lightest, best, most comfortable, and handsome vehicle in the coach line that is made in the world.

Pure Liquors. Analysis of Angell's Wine and California Brandy, imported directly by Joseph A. Clark, and for sale only at D. B. HALDERMAN'S, Deers Lodge City.

Baby Orbs. Second Hand Baby Cradles. CAN BEAT GRANT AT CANNING-MAKING. I CAN AND WILL DO WORK BETTER AND CHEAPER THAN ANY BODY ELSE.

Phillipsburgh News. "X" writing us from Phillipsburgh, July 6th, sends the following cluster of interesting items from Silverado.

The Hot Spring Mining Company struck the main ledge of their claim last Thursday and are now sinking a 5x10 foot shaft through it. An assay just made of rock from it showed over seven hundred dollars per ton—picked rock, however.
