DEER LODGE CITY, FRIDAY, JAN. 8.

THE REVIEW.

The Year of our Lord 1870 subsided on last Saturday night and all well regulated clocks in Christendom hold up their heads in welcome of its successor. 1870 was not a very bad year. True, it had tucked in its girdle the war-torn that fell on unhappy France...

Mountains have been blessed with Health, Plenty and Peace, with productiveness and prosperity, with the certainty of the North Pacific railway through her valleys, and considerable talk of others; with better prospects, more entries of lands, better yield and development of quartz, greater facilities for placer mining, growing cities, cheaper living and transportation, more homes, and a substantial penitentiary.

Deer Lodge City yielded one-third more gold in 1870 than in 1869. It was estimated that to October 1869 the yield of the County had been \$24,370,000, and fully four millions might be added for 1870. Its 260 miles of public ditches carrying 30,000 inches of water have been largely added to their aggregate value will exceed \$700,000. The Upper and Lower Race Track, Cable, and Butte Ditches will, when completed open up new mines, extensive and rich, even the oldest are nearing exhaustion. We have acquired telegraphic communication, the establishment of direct stage and freight lines between Deer Lodge and Corning enabling the receipt of freight passengers and mails as quickly and at as low cost as our Virginia and Helena neighbors.

Deer Lodge City has nearly, if not quite, doubled in population, buildings, property valuation, and business during 1870. We now have five stage and express lines, against one in Jan. 1870. Two banks are instituted; a telegraph office is opened; steam machinery is in operation; roads are built to populous Camp; stone and brick buildings are superseding wooden ones; the number of business houses and manufactories has increased, and the indications are that the coming Spring several more wholesale houses will be established here, according to Deer Lodge the jobbing trade that legitimately belongs to it.

The following statistics, for which we are principally indebted to Messrs. Granville Stuart, A. A. Wiley, D. P. Newcomer, E. S. Stockpile and the Banking Houses, will serve as a basis for comparative tables next year, and will, we believe, be of interest to our readers:

Table with 2 columns: Item and Value. Includes Property valuation of Deer Lodge County, Licenses paid Feb. to Dec., Land Entered and paid for, Land for which Deed is returned, Gold shipped for the three Banking Houses, Amount of Gold shipped by Wells, Fargo & Co., and other financial data.

MEAN TEMPERATURE.—The Mean Temperature of 1869 was 49.9°. The Mean Temperature of 1870 was 48.1°. Mean Tem. for the Three Years, 41.1°. During the year 1870 there fell 30.57 inches of snow, and 16.53 inches of rain and melted snow.

THE PENITENTIARY.

The bill for the government of territorial penitentiaries, which has become a law, is published in to-day's paper. It retains the penitentiaries to the United States, and provides the government shall defray the expenses of offering and maintaining the same, thereby saving many thousand dollars to the Territories which pay merely the cost of subsisting such convicts as may be confined therein. For this reason it is approved by the people and press of Montana and doubtless by all the Territories.

SECRETARY OF MONTANA.

Colonel Colver, the recently appointed Secretary of Montana, is from Illinois. He was Lieut. Colonel of the 21st Illinois Regiment, the regiment of which Gen. Grant was appointed Colonel when he first went into the volunteer service in 1861. He is an intimate personal friend of the President, and his appointment to Montana was deemed...

TELEGRAMS IN BRIEF.

General Schenck will resign his seat in Congress on the 10th of January, and will take passage for England on the 15th.

New York, Dec. 29.—Princess Edith was yesterday sent to the asylum at Blackwell's Island, hopelessly insane.

A combination to defeat General John A. Logan for the U. S. Senatorship in Illinois has recently developed of great strength, and his defeat is predicted. Ogleby is the prominent rival.

Washington, December, 28.—Mrs. Belknap, wife of the Secretary of War, died here this evening after several months' illness. She was the daughter of the late John Tomlinson, of Harrodsburg, Ky.

New York City is being re-converted. The Home Insurance Company of New Haven failed on Dec. 28. Its liabilities exceed its assets \$300,000. Says Boston letters received this morning leave no doubt that both Mr. Oliver Ames and Mr. Oakes have failed. The failure covers Oliver Ames & Sons and Oakes Ames, personally, and the Ames Company for making plows, shovels, etc. Their joint liabilities are stated at \$7,000,000. They are for an extension of time, and claim to have a surplus of \$4,000,000.

San Francisco, Dec. 29.—Patrick Dougherty shot widow Dennis through the heart, at Wheeland, yesterday. A lot of 60,000 pounds of powder was accidentally exploded in the Blue Point Gravel Gold Mine this afternoon. Gold bearing earth 20 feet square and 75 feet deep, was lifted 30 feet and completely shattered. This is the greatest mining blast ever fired in California.

Charles Reed, a station keeper; Jas. Little, a stage driver, and Towner Cook, were murdered on Christmas eve, at Mission Camp stage station near Tucson, Arizona, and Miss Reed was shot, though not killed, by a party of desperadoes, who plundered the place and then fled to the mountains, and escaped over the Mexican border.

London, Dec. 29.—It is estimated that the entire number of French troops is 720,000. Bourbaki's column is charged especially with the duty of retreating Paris, and has already on hand a vast amount of live stock and provisions for this purpose at the present time. This army will make a desperate effort to join Chanzy's force and result with the army of the Loire, which will then with great energy push on for Paris.

It is rumored that the Prussian Court has expressed its disapproval of Queen Victoria's matrimonial alliance between Princess Louise and Marquis Lintas. An attempt was made to assassinate Prim at Madrid Dec. 28. He and his adjutant were shot at and wounded. Seven of the eight balls were extracted from the Prussian's shoulder. He lost two fingers.

The Prussians have captured Fort Arona, of the defenses of Paris. King Victor Emanuel entered Rome Dec. 3 and was enthusiastically received. Marshal Prim died of his wounds at Madrid, Dec. 28th.

The Marshall House and river bridge at Franklin, Pa., burned Dec. 28. Mr. and Mrs. McIntyre and W. Neil were killed. One hundred thousand Germans are going up to Paris as reinforcements.

It is reported that the Palace of Malmaison was set on fire by the guns of Mount Valerien and totally destroyed. Troops are concentrating in southwestern Russia. The Marquis de Hamilton has been appointed Chief Secretary of Ireland.

The number of stage gangs of all calibers now in front of Paris is 1,400. Field Marshal Moring, of the Austrian army is dead. Many Prussian and French soldiers have been frozen to death.

The notorious Red Mike was stabbed, and probably fatally, by Thomas Carr, in a quarrel about outside lands, in San Francisco.

CONGRESSIONAL.

Third Session, XLII Congress. House, 4th.—The 10th anniversary of a bill to provide for celebrating the 100th anniversary of American Independence by an International Exhibition at Philadelphia, in 1876. It was unanimously favored.

The resignation of Schenck was presented. The Foreign Affairs Committee majority reported, stating Washburne in his Paraguanian expedition, counting how Annual Golden for not outstanding him, holding that Giles and Masterson were members of the Legion; that the Paraguayan government had treated the United States as an enemy; that the President did right to withdraw McManhan from Paraguay. Sprague offered a minority report dissenting from the above.

SENATE, 4th.—Seward presented a petition from Western miners, praying for protection against certain railroad companies which are claiming their lands by virtue of claims of discovery of gold. The President was requested to send to the Senate all communications bearing on Mexico's report. A select committee—Thurman, Hamlin, Fremont, Howe and Wiley—was appointed to investigate charges against Senator Sprague in connection with blockade running during the war.

Journal of Mr. was added to the Naval and Pacific R. R. Committee.

Latest News by Telegraph.

UNITED STATES. New York, Jan. 4.—Col. M. Dayton, who served on Gen. Sherman's staff, has resigned his position to go into private business in Cincinnati.

Chicago, Jan. 4.—The Globe, the new theatre recently started on the West Side, was taken possession of by the police yesterday.

Dr. A. W. Hays, well known Republican politician of this State, died at his residence in this city last evening.

THE TERRITORY.

Washington, 6th.—The members of the Ways and Means Committee have decided to tender Schenck a dinner before his departure for England.

Senator Morton expresses an opinion that the President will appoint any member of Congress on the San Domingo Committee in event of the passage of the Senate resolution by the House.

Chicago, 6th.—The Republican Senatorial Caucus of the Illinois Legislature met last night and nominated W. Windom for the fall term and O. P. Stearns for the unexpired term of the late Senator Weston.

The situation of the Illinois Senatorial contest shows no change. Logan is believed sure of the caucus nomination, but many express opinion that in that event an outside combination may become strong enough to elect Gen. Palmer, who, while not a candidate, will, it is said, continue to become so under certain circumstances.

Territorial News. Helena, Jan. 4.—The Sheriff observed day before yesterday some indications of another attempt to break jail. He made through search yesterday and found the prisoners had made a saw out of an iron hoop from the water barrel, and had turned several saws into bars. They had attempted to cut through the floor, but had given that up, probably in commotion on the side next. Better, who was lately arrested for horse stealing, had also attempted. He seems anxious to get out. The Sheriff had his iron hooped from the shackles in the morning, but he had been obtained from the U. S. Marshal and was Government property. He will now be accommodated with a horse made up by a blacksmith.

In spite of rather bad weather, the Theatre was filled last night to witness the musical songs and dances of the advent of Mrs. Forestell. The performance of this lady was astonishing, and drew the plaudits of the house.

Helena, Jan. 6.—Bellevue's block is nearly ready for occupation. The corner building will be occupied by W. P. & Co. It promises to be one of the grandest and most convenient store edifices in the West. The other buildings will be occupied by Helms Bros. as a wholesale and retail grocery store and lumber office, and as a rectifying establishment and liquor store.

Addison Smith, of the Independent, C. A. McCabe, of Treva, George Steel, of the Diamond, E. W. Lynch, of Mackintosh, and West Duhamel at N. Y. city are in the city.

FRANCE. London, Jan. 4th.—Paris advises some intense excitement among the population, who demand great reforms. A new General has been sent to command the Grand Army of France at Metz.

Verdun, 4th.—The bombardment is so incessant on the east of Paris that only one Fort remains.

London, 4th.—The Army of the North on Monday occupied Brinchat, after a trifling resistance. Evancy and Behaigros were also carried after hard fighting and heavy losses.

Verdun, 4th.—The bombardment of this city at the Southern Forts of Paris continued at 3 P. M.

Tours, 4th.—The French government has telegraphed companies that messages for Paris will be accepted to be forwarded by pigeons at senders risk. The charge is ten cents per word, and messages must not exceed 30 words.

FROM WASHINGTON. It is reported that the Palace of Malmaison was set on fire by the guns of Mount Valerien and totally destroyed. Troops are concentrating in southwestern Russia.

THE SAN DOMINGO RESOLUTION. It, that it lies at the bottom of a pile of bills on the Speaker's table and can only be reached by a two thirds vote. To obviate this, it is believed that the resolution now before the Foreign Affairs Committee in the House will be taken up, and sent to the Senate in order to expedite its passage by that body.
