Ten days loss of time on account of sickness and a doctor's bill to pay is anything but pleasant for a man of a family to contemplate, whether he is a laborer, mechanic, merchant or publisher. Jos. O. Jones, publisher of the Leader, Mexia, Texas, was sick in bed for ten days with the grip during its prevalence a year or two ago. Later in the season he had a second attack. He says: "In the latter case I used Chamberlain's Cough Remedy with considerable success, I think, only being in bed a little over two days. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy." It should be borne in mind that the grip is much as a very severe cold and requires precisely the same treatment. When you wish to cure a cold quickly and effectually give this remedy a trial. 25 and 50 cent bottles for sale by J. H. Owings, Druggist.

Placed on the Market.

The plat of Laraibie's addition to Deer Lodge has been accepted by the county commissioners. There are 250 lots in the addition which will be sold at prices ranging from $70 to $225. Payments can be made if desired: One third cash, one-third in six months and one-third in twelve months, interest at 8 per cent. per annum. These lots comprise the most beautiful portion of Deer Lodge for residences. Plat can be seen at the bank office. 27-tf

The contract for dip-napping two hundred feet along the north bank of the Hell Gate river, near the old Carlen bridge, was let by the county commissioners last Friday to John Matheson, of Deer Lodge, for $295.

Preparations are going forward for the Knights of Pythias ball on Feb. 22. It will be held at Cottonwood hall and will be a grand affair. The list of committees who have the matter in hand can be found in their advertisement in this issue.

Ed. Simpson, superintendent of the Mammoth, arrived in town Thursday. Work in the mine at the Mammoth has been suspended until they get the whim placed in position. Part of the force is now engaged in getting out timbers.

The A. O. U. W. order of Deer Lodge now has a membership of 94, and on Wednesday evening last five new applications were received, which will bring the number up to 99. The lodge expects to pass the 100 mark in a very short time.

Many women find great difficulty in arranging their hair becomingly, because of its harsh and coarse texture. By the use of Ayer's Hair Vigor, the hair becomes soft, pliant and glossy. The Vigor is the most cleanly of all hair preparations.

Rev. Ghormley and Prof. Easton have been holding interesting meetings at the Christian church this week. The meetings are well attended, the sermons excellent, and the music, by Prof. Easton and a choir of twenty persons, is pronounced very fine.

Messrs. Peter Valiton, W. N. Aylesworth and Levi Davis, who were appointed by Judge Brantly as a board to assess damages at a crossing of the Montana Union by the B. A. & P., went up to Anaconda Thursday to perform the duty assigned them.

Mrs. Emily Thorne, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm and that she has also used it for lame back with great success. For sale by J. H. Owings, Druggist.

Clay Lambert, agent of the "Ole Olson" Comedy company, was in Deer Lodge yesterday and called at this office. Through the enterprise of Mr. John Smart, this talented company will appear at Cottonwood hall, Deer Lodge, Saturday evening, Feb. 17.

A Lexington, Ky., dispatch of Monday says that, "at the mid-winter" combination sales today, Jay Hawker, 4, by Jay Bird-Sorrento, by Grand Sentinel, was sold to W. T. Crosby of Lexington, for $8,000." Jay Hawker is a half-brother of Bay Bird, owned by S. E. Larabie, of Deer Lodge.

Here is a copy of a postal card received at the Deer Lodge postoffice some months ago from Anaconda: "When you get a letter for me in your office, Please kept my Last Letter till I to Deer Lodge come and ask for the letter. Wenn somebody else four mein letter ask, you give nobody my Letter. You tell him, is nothing here. My address four mein letter is, that you must kept, ——." Postmaster Coleman carried out his part of the program.

The Good Templars of Race Track anticipate a very pleasant occasion on the evening of February 22, on which date they will give a masquerade ball. Their lodge numbers about 45 members and meetings are held twice a month. They intend to make their coming masquerade one of the best entertainments in the history of their lodge. In this instance they do not extend a general invitation to all, but each member of their lodge is permitted to invite one or more friends.

Messrs. Frank Cooley and H. A. Smart took their accustomed ride into the country last Sunday. Of course they were accompanied by Frank's splendid pack of hounds. While they were in the foothills the dogs not only succeeded in killing two coyotes, but they also rounded up and "finished" a matter that chanced in their way. The hunters sent word to the owner of the sheep that they were ready to settle all damages, but the owner remarked that two "dead" coyotes were of more value than one sheep, and he cancelled the debt.

A TREAT FOR DEER LODGE.

The "Ole Olson" Company at Cottonwood Hall, Saturday Evening, Feb. 17.

Through the efforts of Mr. John Smart, of this city, the "Ole Olson" comedy company will appear one night under his auspices in Deer Lodge—Saturday evening, Feb. 17. The company begins a three-nights' engagement at Maguire's opera house, Butte, next Tuesday. It is said to be a first class company. Tickets are now on sale at Coleman's. Admission, $1; children, 50cts. Secure your seats early. One of the scenes in the play is thus described by a writer:

"Every home scene in "Ole Olson" it never fails to produce first, a thrill of nervous expectancy—then a storm of laughter and applause. The song sung during the progress of the thriller. The village I have selected a child and are hurrying away to the old deserted powder mill in a wood near the sea shore. Deep muttterings of approaching storm is heard. The child cries with fright, and is stunned by a blow. In the uncertain light, they think the child is dead. To conceal their crime, they place the body in the mill and agree to blow the building to atoms. Procuring a can of powder, they lay it at the door, with a lighted fuse attached, and retire to await the explosion. One comes in search of the child. The rain has commenced to fall. He attempts to smoke but his matches are wet. Suddenly his eye falls on the burning fuse, which by this time has almost reached the powder. One regards it with intense curiosity for a moment, then picks it up in the nick of time and coolly lights his pipe.

DISTRICT SCHOOL NOTES.

Miss Kate Wolfe, one of Anaconda's most successful teachers, will spend Saturday and Sunday in Deer Lodge as the guest of Miss Thomson at the Locus club.

Owing to the crowded condition of the schools in Anaconda, the trustees have employed an extra teacher—Mr. Henry H. Streeter—to take charge of the Eighth grade.

There will be four regular examinations of teachers, held in the office of the county superintendent during the year 1894. The first one will take place on the last Friday in February. No private examinations will be given, unless in the case of an applicant appointed to fill a vacancy that occurs between the dates of the regular examinations.

Mrs. Wilkinson, accompanied by Miss Thomson, spent Friday in visiting the public schools of this city.

Miss Bond will finish the winter term of school at Stuart, on the twenty-third of this month, after which she will spend several weeks at the Midwinter Fair.

Mr. Fred L. Taft is teaching a four-months' term of school at Bald Butte.

COLLEGE CHIMES.

The college skating rink is a scene of great activity during the evening.

The chemical and assay laboratories are tested at present beyond their capacity. Oh! for new laboratories.

President Reid went to Helena on Thursday to attend a meeting of the committee on State and life diplomas. The other members of the committee are R. G. Young, E. A. Steere and J. M. Hamilton.

Rev. Ghormley and Prof. Easton conducted the Y. M. C. A. services at the college last Sunday afternoon. The service was largely attended and thoroughly appreciated by the students.

Last Friday evening the Gamma Theta society gave an open entertainment to professors and students. The program was made up of readings, recitations, compositions, etc., and a debate: "Resolved, that the wife who has dinner ready and whose husband does not come home, has more cause to be angry than the husband who comes home and finds dinner not ready." The question was decided in the affirmative.

With pure, vigorous blood coursing through the veins and animating every fibre of the body, cold weather is not only endurable but pleasant and agreeable. No other blood medicine is so certain in its results as Ayer's Sarsaparilla. What it does for others it will do for you.

THE DAIRYING BUSINESS.

Under the above caption an article appeared in the NEW NORTHWEST of January 6, which was written by a gentleman of this city who takes a deep interest in the future welfare of Montana and the Deer Lodge valley. A few days ago we received a letter from Mr. R. H. Bent, of Antwerp, N. Y., in which he asks a number of questions in regard to the dairying business here. Knowing Mr. A. D. Peck, of this city, to be a gentleman who has had much experience in dairying in other States, we submitted the letter to him and he kindly consented to answer it for us. Mr. Peck is a thoroughly practical man, has given the subject considerable thought, and he answers our correspondent in a fair and conscientious manner. The letter referred to is addressed to the editor of this paper and is as follows.

ANTWERP, N. Y., January 27, 1894.

DEAR SIR: In your paper of 6th inst. (which was mailed to me) I notice what I should think might be a good opening for the cheese and butter business. I take the liberty of writing to you, thinking that you might be somewhat familiar with the country and know something of what might be done by a practical man with limited capital. How many cows' milk could be obtained to patronize a factory which would be run with all modern improvements? What would the farmers be willing to pay per 100 lbs. cheese and butter, to have it manufactured? What is your local market for cheese and butter? What is the population of Deer Lodge, and what is it? What is milk worth to sell by the gal.? Do farmers generally dairy? What is your climate? Have you good spring water? What nationality are the farmers, generally? Is there any cheese or butter factory near your town? I am a practical man, looking for a good location for a factory, which could be made to pay. Could furnish best of references pertaining to ability, etc. Will answer any questions which you may wish to pass.

Yours, truly, R. H. BENT.

DEER LODGE, MONT., Feb. 8, 1894.

MR. R. H. BENT, Antwerp, N. Y.:

DEAR SIR: Yours of the 27th ult. to the editor of the NEW NORTHWEST, has been referred to me for special answer. I will try to do so as accurately as possible, realizing the responsibility resting on one who conveys intelligence to another whose future may be influenced by such knowledge.

In conversation with those who are in a position to know, I am inclined to believe that, within a radius of not over six miles of this place, the milk from at least 500 cows could be secured for a cheese or butter factory. The price per pound that the patrons would be willing to pay for manufacturing their milk into cheese or butter cannot be told, but it is reasonable to suppose that the price would be proportionate to the increased cost of labor, etc., here, as compared to that in New York. The retail price of New York cheese is from 12c. to 15c. per lb. I don't think there is a cheese factory in Montana and the price of cheese is regulated wholly by the cost of getting it from the east. Butter varies in price with the season. Minnesota and Iowa creamery never retails for less than 20c. per lb. and often exceeds 25c. Dairy butter can be bought in the summer for 25c. at the store. The average price during the year is about 20c. In fact, some of the best dairymen in the valley contract their entire make for the year at the latter figure. Good butter is scarce in the summer, as a large amount of the "crauch" or dairy butter made in the summer is not up to grade. But little butter is made in the winter, so that the main dependence is on creamery butter shipped in.

Deer Lodge has a population of 3500 or 4000, and is on the Montana Union R. R., a connecting link between the Northern Pacific and the Utah Northern Ry., the latter being under the management of the Union Pacific. The town is 10 miles from the junction with Northern Pacific.

Milk retails at 10c. per quart or 25c. per gallon. The demand, however, being limited, the supply is at all times abundant.

This is not a dairy country, chiefly because the farmers have never turned their attention to it. I see no obstacle to its becoming such. The bunches and bunchlike furnish very nutritious grasses from the middle of April to the middle or latter part of July, when, for lack of rain the grass cures, standing; and while able to keep animals thriving, does not conduce to an abundant flow of milk. This could be easily remedied by growing green fodder. Grain and hay heretofore have brought good prices, but for the past two years the tendency has been downward and all are seriously considering what shall take the place in farming of grain and hay. Dairying would seem the most natural substitute, as the cattle are already in the country. Private dairies will not pay unless better butter is made than the average now brought in. There are no creameries, such as you think of, in the state—at least none within 75 miles of this place—and there need be no fear of crowding at present. There are some large dairymen, but no effort has been made to combine.

Deer Lodge city has a splendid system of waterworks, supplied from a reservoir two miles from town, and some two hundred and fifty feet above it. This reservoir is fed from a mountain stream, and the water is as pure and cold as unsoiled snow can make it. The supply is exhaustless. The water pipes extend all over town and connections with them are easily made. The use of the water would cost less than to pump it from a well. But wells are easily dug and good water is obtainable from them. Americans constitute the majority of the farmers, and Swedes, Danes and Germans a majority of the balance.

When Montana is spoken of the Eastern man at once thinks of the climate as partaking of the arctic. That he is entirely mistaken, a residence here will prove. The winters are more equable than those of Central New York, and the summers, though not so long, are sufficiently long to raise all the cereals, except corn, and of the finest quality. Irrigation, however, is necessary to the perfection of all crops, except hay on the lower ground. This is considered an advantage rather than a drawback to successful farming, as it enables the farmer to control the moisture needed, and at the time needed, rather than being compelled to depend on the caprice of the clouds. All vegetables are successfully grown. Small fruits also grow abundantly.

So far I have striven to answer your questions in order and as correctly as I see them. My opinion may not be worth much, but considerable experience in dairy matters leads me to believe that one who establishes a cheese and butter factory here in Deer Lodge will lay the foundation for a permanent and profitable business. Like a pioneer in any enterprise, he would meet difficulties—the main one in this instance being the lack of interest and knowledge at the outset in reference to dairy matters; but when it can be demonstrated, as a practical cheese and butter man can demonstrate it, that it will pay, I think there will be no trouble in securing a hearty co-operation of the farmers of the valley.

Yours truly, A. D. PECK.

Protestant Churches in Montana.

To the Editor of the New Northwest.

DEER LODGE, MONT., Feb. 6, 1894.

It is ashame and a pity when one Christian looks upon another Christian as a rival in the work of the Lord, or when one church thinks of another church as a rival. Paul saw in every preacher of Christ a co worker and partner, but a rival in the ministry he never had. And Wesley said, "I desire a league offensive and defensive with every soldier of Christ."

In this spirit I send you some statistics of our partners in Montana. May the Lord prosper them more and more. The figures are taken mainly from the new Anaconda Standard Almanac, which contains the latest church statistics.

PERSONAL MENTION.

Miss Mary Irvine, of Butte, has been the guest of Miss Mary Maxwell this week.

John Bielenberg and E. T. Stoughton, of Deer Lodge, were visitors in Missoula last Monday.

Mrs. F. M. Geiger and children, of Alberta, visited this week with the family of N. Y. Hoss.

The young ladies' cooking club was entertained by Miss Alma Bielenberg last Saturday afternoon.

Mr. and Mrs. Patrick Cahalin, of Nevada valley, are making their home in Deer Lodge for the winter.

Peter Valiton was in Butte the first of the week attending to business matters, and returned home Wednesday morning.

Josef Maleuby, the jeweler of Wm. Coleman's establishment, attended a social entertainment at "The Montana," in Anaconda, last Saturday evening.

President Reid went over to Helena Thursday to attend a meeting of the committee on state and life diplomas. He was booked for a lecture at Bozeman last evening for the Arena club, which is the literary club in connection with the Agricultural college.

Rev. E. S. Frost has recently completed four successful revivals in Deer Lodge. Tomorrow morning (the first Sunday in Lent) he will preach a sermon in which he will review the past and present and make some suggestions for the future. He hopes to have a good attendance.

Miss Alice Coleman entertained a number of her young friends at "Hearts" last Tuesday evening. Rebel points were awarded to E. S. Maxwell, second to Miss Virginia Douglas. Will O'Neill secured the first booby prize, and Miss Cornelia Van Gundy second. Refreshments were served and the young people passed a pleasant evening.

The NEW NORTHWEST received a pleasant call last Monday from Mrs. Mary McIntosh, one of the successful teachers in Deer Lodge county, who has recently closed a term of school in the lower Race Track district. Mrs. McIntosh is an active member of the Good Templars' lodge of Race Track, and was in town looking after some matters in connection with the masquerade ball to be given by that order at Race Track on the evening of February 22.

IN MEMORIAM.

To the Worshipful Master, Wardens and Brethren of Deer Lodge No. 41, A. F. & A. M., Montana:

BRETHREN: Your special committee, appointed to prepare resolutions expressive of the sense of this Lodge, upon the death of Brother Jeff Van Gundy, which occurred at Grove Corr, Missouri, on the 10th day of January, A. L. 5894, beg leave to submit the following:

WHEREAS, The Supreme Architect of the Universe has called from earthly labor to eternal rest our late Brother Jeff Van Gundy, who became a member of Deer Lodge No. 41 by affiliation on October 20, A. L. 5888, and who during his sojourn with us established fraternal ties that will be ever remerly cherished and maintained; and

Whereas, His walk has been upright among men and Masons, and his life unsullied and beneficent. Therefore we cherish his memory here and commend his spirit to Him who doeth all things well.

Resolved, That we extend to his family and relatives our condolence, and assure them of our sympathy in this their great bereavement.

Resolved, That this report be spread upon the minutes of the Lodge, and published in the papers of Deer Lodge.

H. B. DAVIS,
LEW. COLEMAN,
GEO. S. MILLER,
Committee.

MANHOOD RESTORED "CUPIDENE"

This great Vegetable Vitalizer, the prescription of a Boston Physician, will quickly cure you of all nervousness, or excess of the secretive organs, such as Lost Manhood, Insomnia, Pains in the Back, Seminal Emissions, Nervous Debility, Impotency, Inability to Marry, Sexual Decays, Varicocele and Stricture. It stops all losses by day or night. Prevents quickness of discharge, which if not checked leads to Spermatorrhœa and all the horrors of Impotency. CUPIDENE increases the liver, the kidneys and the bladder, giving tone and vigor to the sexual organs.

BEFORE AND AFTER

CUPIDENE strengthens and restores small weak organs.
