

LOCAL DEPARTMENT

Lost—On Thursday night on Blooming ton Road Street, near Hartwig's Brewery, a silver Clinder-Escapement Watch, open face. A liberal reward will be paid to any one finding and returning it to this office or to Prof. Lemmer's, on upper Wabash St. d3c.

Fire—A fire broke out, yesterday afternoon, in one of the small wooden buildings adjoining the Stewart House, on Second st. The alarm was given, and the 2^d engine was quickly on the ground, but the fire was extinguished by buckets of water before the engine arrived.

Accident—We regret to learn that Mr. George Plannet was injured, yesterday, while running with the engine. By some means he was thrown down, and the engine ran over his legs, bruising them considerably. No bones were broken.

A Good Appointment—By the New York Tribune, of Wednesday, we learn that Richard W. Thompson has been appointed Commissioner of Subsistence. This we esteem an excellent appointment.

HARPER'S MAGAZINE—This admirable Magazine for September, among other choice papers, contains a biographical sketch and two likenesses of Gen. Scott, which will be read with much interest at present. The Magazine will be found at Buckingham's, who has as usual a full supply.

No RESTRICTION—Notwithstanding the pressure of the times—the new revenue law—the laying of troops and the regular training of armed men—Eisell, McDougal & Co. continue to sell Domestic, Sheenings, Ac., at old rates. Eisell, McDougal & Co. are patriots. With them there is no restriction in the price of Muslins. Cotton will soon be plenty and cheap.

War Items.—The 6th regiment, Col. Crittenden, will re-organize at Madison. Several companies are already in camp.

The 11th regiment, has its ranks very nearly full. Some companies have an over plus, which will be distributed among those which yet lack a few members.

Contracts for overcoats have been let, and the articles arranged to be distributed among the brave Indiana volunteers.—The Government is doing all that could be asked for the comfort of its defenders.

RECRUITING FOR THE REGULAR ARMY.—Capt. Dunn and Lieut. Phillips are recruiting for the 19th regular regiment of infantry in Logansport and Col. Brown for the 15th regiment in Madison.

The cavalry at Evansville have been under marching orders for St. Louis for several days. They struck tents and left camp yesterday to join Gen. Fremont's command.

On Thursday goods of different "character," from a suit of clothes to a canteen, were sent to the 12th and 16th Regiments, at Sandy Hook, Maryland. The outfit of the troops in these regiments is beginning to look a "little like the war."

WHERE THE SIX FIRST REGIMENT WILL RE-ORGANIZE.—Headquarters for the first six regiments of Indiana volunteers have been established as follows:

- For the 6th, at Madison;
For the 7th, 8th and 11th, at Indianapolis;
For the 9th, at Westville;
For the 10th, at Lafayette;
All the Colonels of these regiments are busily at work recruiting and securing the necessary equipments for their commands.

U. S. COMMISSARY.—Capt. Barriger, of the United States Army, who has been appointed by the Government Commissary for Indiana, has established his headquarters at the corner of New Jersey and Washington streets, Indianapolis. Capt. Barriger, with Major Montgomery as Quartermaster, will take charge of all the Indiana troops in the matter of their subsistence and equipment. This arrangement of the Government relieves the State authorities from any further care or concern after the troops are sworn into the United States service.

FOR WASHINGTON.—Capt. Carland's company of cavalry, stationed in Indianapolis, received orders on Thursday to march to Washington. They left, we understand, early yesterday morning. We further understand that the cavalry companies at Madison will also be sent to Washington immediately. The outfit for Capt. Carland's company was sent to him Thursday, and the companies at Madison will be furnished with all necessary accoutrements immediately and dispatched to the field of action.

Last Saturday, at the Union meeting at Connersville, Capt. Carland of the cavalry, and Capt. Fryberger of the artillery, were each presented with fine horses. The noble animals were gifts from the patriotic people of that region, and were worthily bestowed. There are no better and no truer men anywhere than among the residents of old Fayette.

INDIANAPOLIS A MILITARY REVIEW.—A special dispatch from Washington to the Chicago Tribune says Indianapolis has been designated for a camp of rendezvous and instruction. All companies, and parts of companies, raised in any part of the State, or in contiguous loyal territory, will be sent there, formed into regiments, drilled, and made ready for active service.

MORE ASSES FOR GEN. FREMONT.—About 20,000 rifles passed through Indianapolis on Thursday morning, directed to Gen. Fremont at St. Louis. The Missouri division of this army will be well supplied with arms.—This is the passage of the second 20,000 that we have recorded within two weeks.

A SECOND GERMAN REGIMENT.—Seventeen companies having been tendered the Adjutant General for the German regiment, that of 5000 has determined to recommend the raising of a second regiment. The authority for organizing a second regiment will probably be given in a few days.

THE 5th REGIMENT.—Col. Benton's regiment is full, and only awaits re-organization and thorough equipment in order to be ready to march. A few days since Capt. Parrish, of Wabash, brought to Indianapolis a company of 215 men. This was divided into two companies, and the surplus from the two thrown into one. Capt. Charles S. Parrish has proved himself superior to all other recruits, and certainly deserves great praise for what he has done.

ANOTHER FORWARD MOVEMENT

NO PANIC AND NO RETREAT

THE PEOPLE IN THEIR MIGHT ARISE

The Old Flag Moves Forward. THE GREEN FLAG OF IRISH AND THE FREE ADOPTED IMPERIALISM.

The meeting at the Court House last night was calculated to inspire every patriot heart with courage and with hope. There was no mistaking the signs of the times or the quiet, stern resolve that this government shall be maintained, at whatever cost of money or of men. The Court House was literally packed with live patriotic men, placed preponderantly, and held fast by the bonds of the breathing eloquence of R. J. Ryan, Esq., the decisive and unanswerable logic of Judge Claypool, the plain, practical common sense views of Capt. Osborn, and the withering and scathing denunciations and stirring patriotic appeals of W. J. Masterson. The speech of Mr. Ryan was one of great power and eloquence. A glorious, touching appeal for the life of the nation and the honor of Columbia's adopted sons. His denunciations of those who are endeavoring to persuade men from enlisting in the Irish Regiment, was scathing and bitter in the extreme. They were, he said, traitors to their country and their God. He said if they did not wish to enlist they should at least have the decency to hold their blackguard tongues. Foreigners especially should be true to the government, as none knew so well as they the blessings it conferred. They, fleeing from oppression, had found a glorious refuge here. They must be true to the government or stand prepared before God. His speech was eloquent and masterly, and we regret we have not time or space to give a full report of it. It ought to be written out and widely circulated.

Judge Claypool being called on earnestly, by the crowd, addressed the meeting in a very few words, but every one of them was worthy to be inscribed in letters of gold. They were the logical arguments of a profound jurist and an honest patriot. He was a Democrat, and expected to be one always; but under existing circumstances, no party could write a platform for him. His platform was, that under no circumstances, could there be a dissolution of the Union—that he would teach the South that if the Constitution was to be destroyed, it should be in an ocean of Northern blood. He was in favor of coercion as Jackson was. In fine, he was for the maintenance of the government at whatever cost.

Capt. Osborn's remarks were happy and appropriate. He could offer no compromise to traitors but the halter. For them to die on the field of battle was too honorable a death for those who would raise their hands against their Government. The croakers for peace occupied the same position as did the "blue light Confederates," who constituted the Hartford Convention, and he had no doubt if they were stripped, the blue streak could be discovered down their backs.

Masterson, with his burning words, stirred the hearts of the audience to their lowest depths. All the speeches were in the most happy contrast with those drizzling, traitorous, and pitiable harangues which are being howled forth by the great "peace party," who denounce their Government, but have never a rebuke for Jeff. Davis & Co.

WHO CAN YEAH! PEACE!—A Democrat in our office yesterday—plain, sensible farmer from the country—remarked that he noticed that those men in our midst who are crying "peace! peace!" are the same who used to declare that, if they had to fight, they would fight on the part of the South. We have heard others remark the same thing.—Breckinridge, Burnett and their kind, all cry for peace.

GLENDALE FEMALE SEMINARY.—Rev. J. G. Wilson has handed us a catalogue of the above institution, an examination of which impresses us very favorably. One peculiar feature is the extensive and thorough course of studies, equal to the best colleges in the land. Another is the large proportion of students in the regular college classes. During the last year the whole number was one hundred and thirty-three, of whom one hundred were in the four regular college classes.

HEAD QUARTERS, CAMP VIGO, August 25, 1861. At a meeting of Commissioned Officers of the several companies now represented in Camp Vigo, Commandant Squires in the Chair, and Capt. Welch acting as Secretary, the following resolution, on motion of Lieut. Waterman, was unanimously adopted:

Resolved, That the members of this regiment, quartered at Camp Vigo, will recommend no person for any regimental position, except those belonging to the regiment, unless previously qualified for officers cannot be found in the regiment.

After discharging other miscellaneous business, the meeting adjourned.

W. R. SQUIRES, Com. Post. J. S. WELCH, Sec'y.

CARPETS FOR THE TROOP.—Determined to keep up with the times, G. E. & C. B. Brockway have just received a new lot of Carpets purchased at the present low price, in the East, and are being sold accordingly. Also, a fresh stock of children's Carriages will be found at "The Carpet Store," No. 109, Main street.

FOUR—A dead for one hundred and twenty acres of land in Laporte county, Ind., from W. P. Dunlap and wife, to Alonso Norton. The owner can obtain the same by calling at this office and paying for this advertisement.

THE FIRST IN MARKET.—Messrs. Hattisock, Allen & Co. have received, by Express, the first of their Fall purchases, consisting of superb CASHMERE and VESTINGS. As these are the first in market, and extraordinarily nice, they will soon be gone; therefore call soon. A full supply of Military cloths on hand.

Great rush at the new picture gallery at 115 Main street, to get one of those fine likenesses for only fifty cents, finished in the best and most durable manner, which you would have to pay one dollar for anywhere else. Likenesses ranging in price from ten cents upwards.

Supposed Causes of the Retrograde Movement—No Troops at Harper's Ferry—The Potomac Unfordable—Gens. Hunter and Heintzelman—Fortress Monroe—Position of Gen. Rosencrans—Intercepting Correspondence—Disloyal Clerks and Disaffected Army Officers—Russell Rejected a Pass Over the Potomac.

WASHINGTON, Aug. 23.—The cause of the retrograde movement by the rebels to a point one mile beyond Fairfax, is still a matter of conjecture. Some think they apprehend being flanked by troops landed from our feet on the Potomac. Others, that Bull's Run is so swollen by rains as to lead to the fear that they might be cut off from their supplies.

It is reported by officers of intelligence, that there is no considerable force near the river above or below. The report that a body had crossed at Harper's Ferry, is false. Russell, of the London Times, reports no soldiers at the Ferry, last night, on either side.

The force below there is well guarded, and even when the river falls so low as to make it possible to cross above Leesburg, it would be useless because of the steepness of the bank. Deserter stories about the rebel force being 150,000, are discredited. Gen. Hunter had almost recovered from his wounds. He will, to-morrow, take command of the Illinois troops. Gen. Heintzelman has sent a release.

Richard B. Irwin, late of the War Department, has been appointed Aide-de-Camp to Gen. McClellan, with the rank of Capt. Maj. Gen. Butler, of Fortress Monroe, has been detailed, by Gen. Wool, to the command of the volunteer forces at that Fort. Capt. Fabels, of the Royal Dutch Navy, bearer of dispatches to the Government, is registered among the arrivals at Willard's Hotel.

Congressman Potter's committee reported today to the Secretary of War, the names of twelve disloyal clerks, and of not a few disaffected army officers. To the Secretary of the Treasury, the names of fifty-one clerks, disloyal beyond doubt, and ten suspected.—To the Secretary of the Interior, twenty disloyal and seven suspected.

Similar reports will be sent to the other Secretaries this week. Wm. H. Russell, correspondent of the London Times applied yesterday to Provost Marshall for a pass to cross the Potomac, and was flatly refused. D. Sickles is authorized to raise an artillery regiment and a regiment of cavalry.

Trustworthy intelligence from Northwest Virginia, states that Gen. Rosencrans is entirely entrenched, and with a sufficient force to remove any cause of apprehension for his safety. The rebels are reported entrenching themselves at a distance of from 15 to 20 miles with a force variously estimated at from 9,000 to 20,000 men.

The stage coach to Leonardtown from here was intercepted this morning by a small detachment of our troops, by order of Gen. Porter. A clear examination was made of the passengers and baggage, and a quantity of correspondence found, designed for rebels in Virginia. Much of it was written in mysterious language, and none had the signature of the writer attached. The parties were arrested and are now in custody.

Movements of the Rebels in Missouri—Depredations on Union Men—Major Sturgis' Train—Union Men Rallying to the Flag—Suffering among the Refugees—Prospects Ahead.

ROLLA, Mo., Aug. 22.—Accounts from Springfield are to the effect that from 6,000 to 10,000 of McCulloch's army have left for the North. A small force has reached Lebanon on the Rolla road, and are engaged in making reprisals and committing depredations on Union men. About 700 of the exiles from Springfield have joined Col. Boyd's regiment.

Thousands of Union men have been obliged to abandon their homes in the South-west, and leave their property to the rebels. There is much distress among these people. Large numbers of them have neither money nor provisions. The force of the Federal army, which was brought from Springfield by Maj. Sturgis, is said to be worth a million and a half dollars. The passage of the rebel army north, will enable our forces, when they move back to Springfield, to cut off its communication with and retreat to Arkansas, and completely enclose it in the Western counties of the State.

Gun Boats—News from the Gulf—Privateers Captured—Five Regiments of Six Months Men and Fifteen Regiments for the war, to be Raised in Missouri.

NEW YORK, 23.—The second gun boat was launched today. A letter from aboard the U. S. steamer Crusader says the Mississippi has taken two small privateers and driven two steamers back into Mobile. The Tribune learns that the President has authorized Gen. J. S. Phelps, of Springfield, Southwest Missouri, to embody citizens and form five regiments of Infantry and one of Cavalry to serve under the laws of Missouri for six months. In the meantime, orders have gone out authorizing full regiments in Missouri for the war.

Improved Condition of the Troops.—The Upper Potomac Well Guarded.—Administering the Oath of Allegiance.

WASHINGTON, Aug. 23.—The continued improvement of the troops in all respects, is a subject of congratulation in the army as well as in executive quarters, resulting mainly from strict discipline. The line of the Upper Potomac is now well guarded, and at the latest reliable accounts Gen. Banks' valid position on Monocacy. The administration of the oath of allegiance as presented by Congress was a matter of interest to the clerks in the Bureau of the Auditor of the Treasury and the Post Office Department this morning.

Supposed Causes of the Retrograde Movement—No Troops at Harper's Ferry—The Potomac Unfordable—Gens. Hunter and Heintzelman—Fortress Monroe—Position of Gen. Rosencrans—Intercepting Correspondence—Disloyal Clerks and Disaffected Army Officers—Russell Rejected a Pass Over the Potomac.

WASHINGTON, Aug. 23.—Mr. Butler, of Harper's Ferry, recently arrested, has been released by Gen. Banks. Col. E. D. Baker, of Oregon, is to raise a Brigade of 5,000 men.

Washington is very quiet, to-day, and people seem to be entirely relieved of any apprehensions of an assault by Beauregard's army. Baltimore papers hereafter are not to publish news which will injure the Government, which they have very freely heretofore. The secessionists are spending money to circulate such papers in the free States. Citizens of Baltimore of great wealth are engaged in the business. The New York News and Day Book are to be suppressed immediately by order of the Government.

It is intimated that the Government will no longer allow Kentucky to occupy a neutral position. Baltimore papers have agreed to comply with the request of Gen. Dix, to refrain from publishing news which will aid the enemy. Out of 700,000 wounded soldiers in the Hospital, there is not one case of injury by a bayonet thrust.

Arrests of Virginians—A Good Haul of Stocks, Bonds, &c.—Other Arrests and More Booty.

NEW YORK, August 23.—Geo. Miles, of Petersburg, Va., and Jno. Garnet Guthrie, of Richmond, collecting agents of tobacco houses in Virginia, were arrested in this city to-day by the detective police and sent to the city jail for safe-keeping, by order of Secretary Seward.

Guthrie is a tobacco manufacturer, and has made large shipments of it to this city, Philadelphia and Baltimore. The passage of the Confederation act had compelled him to come north to make collections on the enforcement of the measure. He accordingly visited these cities, with such success as to obtain about \$144,000, and having a fancy for speculation, he visited Wall street, where his friends helped him to liberal investments in various Confederate Bonds and Stocks.—Their operations came to the knowledge of the Police. Mr. Miles was agent of Jas. Thomas, of Richmond, and had been collecting about \$25,000. He had also made liberal investments in Southern States. \$170,000 was recovered from the two prisoners, principally in Bonds, Acceptances, Sight Drafts, Virginia paper money, and about 1,000 in gold. A large number of letters, addressed to persons in the Southern States were found in their possession, indicating that they were contemplating an early departure.

Thos. J. Casson and Wm. M. Pegram, of Baltimore, and W. J. Kelly, arrested recently at Harpersburg, had come from the South, and on them was found \$20,000 in Confederate Bonds, various bills of sale, dated at Richmond, for pork and other articles, were concealed in pockets on the inside of their shirts.

JEFF DAVIS IN AN IMPROVING MOOD—ADMITS MISSOURI TO THE CONFEDERACY, AND COMPLEMENTS BEN. McCULLOUGH—A BILL TO MAKE ROBBERY LEGAL—BOGUS DESPATCHES—MARTIAL LAW PROCLAIMED IN NASHVILLE.

LOUISVILLE, Aug. 23. A special dispatch to the Courier, from Nashville, says Davis has approved the act appointing two other commissioners to Europe; also the act for aid to Missouri in repelling invasion, and authorizing her admission into the Confederacy. McCulloch is complimented for the splendid victory of his brave army in the battle of Oak Hill.

Congress is considering the bill for the sequestration of property of alien enemies. The Confederate Congress is reported to have received dispatches, by telegraph, stating that the English Government has sent orders to Admiral Milne, of the Gulf Squadron, to see that British merchant vessels be adequately protected in their ingress and egress to and from ports of the South. High officials at Richmond, believe such to be the fact.

The French Consul, at Richmond, has received dispatches announcing the arrival of several French war frigates at Norfolk. Congress has called on the Navy Department for an estimate of the amount required to construct two gun boats for the defense of Memphis and the Mississippi river. The report of the battle at Laretsville was incorrect, the Lincoln troops succeeding in occupying across the Potomac.

Southern passengers, just arrived, report martial law to be proclaimed in Nashville to-day. The United States and Caracas—Secession Troops Retiring—Recruiting.

WASHINGTON, Aug. 23.—The State Department has received a letter from the U. S. Consul at Caracas, in which it says he is opinion that the Governor, in admitting Sumter, committed himself, and desires to arrange matters. The secession troops which lately showed themselves at the Chain Bridge, have withdrawn further into Virginia. Their object in retiring is unknown, but it is certain that as our forces have been reinforced theirs have weakened.

The Adjutant General has issued an order to recruiting officers that all recruits shall be enlisted for three years. Condition of Gen. Banks' Army—Russell in Sandy Hook.

FREDERICK, Md., Aug. 23.—The correspondent of the Associated Press with Gen. Banks Division writes that the health of the army is generally good. The hospital has but few tenants. There has been a great improvement since leaving Sinky Hook. Russell, of the London Times was here on Thursday morning, and proceeded towards Sandy Hook, apparently for the purpose of visiting the whole line of the Potomac defenses. There was some curiosity to catch a glimpse of him. Remarks not particularly complimentary to him were uttered by some of the soldiers who had perused his letters.

NEW YORK, Aug. 23.—The North Star from Aspinwall, with treasure and dates of the 1st of August, will be up this evening. The North Star brings \$1,196,000 in specie. On her outward passage she discovered the British steamer Driver ashore on Miragoose reef, and offered to tow her off but it was found she had bilged. Nearly everything had been taken out of her, and the crew were ashore.

A boat from the Driver boarded the North Star on her return, and reported the United States Corvette Kilmegon passed there on the 13th. Messengers had taken Bogota and routed the government forces and proclaimed himself provisional President of New Grenada. Gen. Espin, Posada, Parra and various officials were taken prisoners. Dispepsia with Piles. It is a great error in supposing the Pills only a local disease. On the contrary, they are a general one. Dr. Brandreth's Pills remove the cause, by promoting digestion and preventing constipation. Gently scouring the body through the bowels.

For more than thirty years, I have suffered greatly from Dispepsia and Piles. I have tried every medicine, but without success. Dr. Brandreth's Pills have cured me. I have taken three bottles, and I am perfectly cured of both Dispepsia and Piles. My general health is now all that could be desired.

Dr. Brandreth's Pills. Are growing more in favor with the public. It is now conceded they are the best purgative you can use from the world of medicine. They are mild and purely active, and will remove all the impurities of the system. They are sold and given gratis, because they operate so gently on the system. No valuable fluid is lost, only effete or noxious material, which, when taken out of the body, leaves it stronger and more healthy.
