

LOCAL DEPARTMENT.

Morning Star Social Temple meets this evening. A full attendance is desired.

The German Store having been closed for several days for the purpose of marking down prices, will be re-opened Saturday morning, with goods at greatly reduced prices.

Badging Jeff Thompson.—An expedition left Cairo and Bird's Point a few nights since to Ing Jeff Thompson and his army, who, since their defeat at Fredericktown, are making toward New Madrid, Missouri, or Columbus Kentucky.

Personal.—Ex-Gov. Wright arrived in Indianapolis on Wednesday. His friends will find him at the Bates House.

Gov. Morton arrived at home from Washington and New York Tuesday night.

The weather for a few days has been most delightful, being a fine sample of that remarkable species of weather called Indian summer.

A Colonel of a regiment now recruiting in New York, was applied to the other day by a woman in full Bloomer costume, for the position of Assistant Surgeon. He told her there was no vacancy.

The camp of the 69th regiment at Rockport has been named in honor of Brigadier General Reynolds.

Still another runaway.—The third runaway, for the week occurred on the streets yesterday morning. A buggy with two soldiers in it and a horse attached, made elegant time until the vehicle turned over and the soldiers were spilled, when the horse freeing himself from the vehicle went it alone.

Military Review.—We hear it is intended that the 43d Regiment, now in Camp Vigo, will have a battalion drill and dress parade within a few days, on some of the commons near this city. This will be an attractive spectacle, and we doubt not will draw a large crowd of spectators.

The Louisville Journal says: Kentucky is now, or will be in a few days, ready to put into the field not less than fifteen regiments, in addition to the ten regiments she has already in the field.

Well done, Kentucky. Twenty-five regiments were never put into the field in less time, and never under such adverse circumstances.

General Fremont, in his march across Missouri, was so hampered on account of transportation, that he left his trunk and mess chest behind, taking with him only a few indispensable articles. According to Adjutant General Thomas, this was a violation of "regulations," and an evidence of incapacity. Fremont should have waited until he had sufficient transportation for all the articles called for by the regulations, if he didn't move forward till Monday.

Medical Association.—The Medical Association will meet at the City School Hall on Saturday night at 7 o'clock to perfect an organization and to practice. It is sincerely hoped that all who feel an interest in musical improvement and all who feel it a duty to do what we can to aid the families of the soldiers in the field, will give their countenance and support to this movement. Let all such attend the meeting and bring with them the "Carmina Sacra" and the "Jubilee" and aid in furthering the good cause. This is a work in which all may profitably engage, and which if properly conducted will result in great good. Remember Saturday night, then, at the City School Hall.

Movements of Gen. Fremont.—The body guard and Holman's Sharp Shooters were the only troops that left Springfield with Gen. Fremont.

Gen. Asboth accompanied the General and acting Brig. Gen. Carr has taken command of his division.

Col. Lorejoy, Shanks and Hudson, late of Fremont's staff, who remain there to participate in any battle which may take place, have received appointments on Gen. Hunter's staff.

A rumor has gained much currency at St. Louis, that the order for Fremont's removal had been suspended for the present by Gen. McClellan, sanctioned by the President.

Capt. Gaddis' cavalry company, which left Indianapolis last week, is somewhere on the soil of Kentucky—probably at Oakland, near Louisville, where captain Graham's Johnson county company is encamped. Capt. Gaddis' company was recruited in the county of Clinton.

Scampred of mules.—On Tuesday afternoon says the Indianapolis Journal, about 300 hundred mules, stabled and "otherwise confined," in the north-east part of the city, "broke loose" and made an exciting stampede for several hours. Their running sounded "like the rush of many waters." After a dromedary chase the keepers of the hybrid animals succeeded in capturing and placing them in quarters.

This is unquestionably the best regiment in the service, and one to which it will hereafter be a great honor to have belonged. Who will be the EIGHT fortunate men to apply first? Call on John H. Barr soon, in his new building, on Fifth street.

MANTUA MAKING.—Mrs. M. At a time when the people are anxiously looking to the telegraphic columns of the newspapers for startling announcements, which may either elevate or depress the feelings of the patriot, Tuttle would proclaim to the "world and the rest of mankind," that he is now ready to supply the people with his matchless mince meat for mince pies.

The manufacture of this article is wholly under the direction and supervision of Mrs. Tuttle, and the materials used are of the choicest and finest quality.

Duffey will be in the city for a day or two.

DISPATCHES BY THE WESTERN UNION LINE.

Noon Dispatches. Gen. Meigs urged as Fremont's Successor.—Gen. Halleck and Gen. Heintzelman.—The Rebels' Position and Disposition of the Rebels.—New Batteries.—The Rebels' Position for Information.—Congressional Committee.—State Court Decisions.—Gen. Scott's Passes Still Honored.—Gen. Havelock.—Col. Lamon's Brigade.—Another Speculation.

WASHINGTON, Nov. 6.—The appointment of Quartermaster General, is strongly urged here by influential parties as successor to Gen. Fremont to command the Western Department, while it is thought probable Gen. Halleck will be sent to Kentucky.

The same persons who wish Gen. Meigs to be Missouri are pressing Major Belger, now in charge of the Depot at Baltimore, as his successor in the Quartermaster's Department.

Gen. Heintzelman, it is believed, will be raised to the rank of Major General. Gen. Hooker is constant of the Union troops on the Lower Potomac made a reconnaissance along the coast on Monday. The result of it will have much influence in guiding the movements of that portion of our army.

The intelligence that Gen. McClellan has assumed the entire control of the army of the Potomac was received with great enthusiasm.

The rebels still continue active. It is believed they have thirty or forty thousand troops near Shipping Point, within immediate call. The indications are they would resist with an effective blockade of the Potomac, and a successful resistance to any advance upon their position. They are erecting new batteries at points below the mouth of Quantico creek, the batteries already being erected being insufficient. Every night some craft succeeds in running the straits.

Information received here from persons who have lately been among the rebels at Richmond and Manassas, give assurance that the late rebels have not been kept posted as to the purposes of the Government, and are at great loss to know what Gen. McClellan intends to do, and at what point the blow is to be struck, that they are sure will fall upon them soon.

The committee appointed at the last session of Congress, composed of Senators Hale, Grimes and Andrew Johnson of Tennessee, to enquire into the facts connected with the destruction of the Norfolk and Pensacola Navy Yards and Harper's Ferry Arsenal, assembled to-day. Only two members were present.

Mr. Johnson not having reached the city, commanders McAuley, Paulding and Pendragast, and Paymaster Bradford appeared before them as witnesses, and will give their testimony to-morrow. The committee are determined to make a thorough investigation into those matters, let the consequences fall where they may.

All Northern Governors have, by letter or message, responded to the recent circular of the Secretary of State, promising to see to the thorough fortification of our sea and lake coasts.

Gen. McClellan issued an order to-day that the passes of Gen. Scott should be honored the same as though he were in command of an army.

Gen. Havelock, brother of the late Sir Henry Havelock, arrived this evening to give his services to our Government.

Col. Ward H. Lamon has raised his brigade—only one regiment is composed of Virginians, one of Pennsylvanians and the third almost entirely of Marylanders.

The South Carolina, arrived from Europe, reports the feeling in England and France warming up in favor of the South.

Col. Tillingham has been appointed a rebel Brigadier-General, and succeeds General Alcorn in command at Hopkinsville. Benjamin has been formally appointed Secretary of War.

The vote for President and Vice President of the Confederate States on the 6th, was expected to be small, and it is thought Davis and Stephens would encounter little opposition.

Gen. Hardee has been promoted to a Major Generalship. He and Johnson were at Bowling Green on the 4th.

Zollicoffer has fallen back to Cumberland Gap, and sent to Knoxville for reinforcements.

Gen. Doty en route West. NEW YORK, Nov. 7.—Ex-Gov. Doty of Wisconsin, lately appointed Commissioner to the Indian tribes in Utah, is in the city today on his way westward to fulfil his mission. He leaves to-morrow.

General Gloom in Camp.—The German Terribly Indignant.—Fremont Promises to Lead them Against the Enemy.—Arrival of Gen. Hunter.—Fremont's Position at St. Louis.—Favorable Result of an Immediate Battle.—Part of Fremont's Staff Retain.—Gen. Hunter's Order on Assuming Command.

SPRINGFIELD, Mo., Nov. 4.—It would be impossible to exaggerate the gloom which pervaded our camps yesterday, and nothing but Gen. Fremont's urgent endeavors prevented it from ripening into general mutiny. His quarters were thronged with officers all day, expressing their indignation and the inclination to resign. The Germans were there en masse, and talked loudly about resigning, forcibly, Hunter's assuming the command.

As the enemy were entrenching themselves upon Wilson's creek, and nothing was heard from Hunter, and in accordance with the most earnest entreaties, Fremont finally promised, just at dark, that he would lead the army to attack them this morning if Hunter did not come.

I never saw anything at all approaching the excitement which this announcement created. It caused immense cheering around headquarters, which spread in all directions from camp to camp, and there was almost uninterrupted cheering growing more and more intense as the news reached the camp farther and farther from the army. For two hours and a half a dozen bands were serenading the General at once. Everybody was preparing to start at daylight, and the prevailing disappointment was changed into universal joy. Our army under that inspiration would have whipped a hundred thousand men, but at ten o'clock Gen. Hunter arrived. He spent an hour and a half with Fremont, who laid his plan of battle.

Hunter assumed command and Gen. Fremont left for St. Louis via Tipton this morning. If we have a fight before the army recovers from its last and great disappointment we fear greatly for the result, but hope not.

Pope is here with his entire division, and Hunter's division will be here to-night, when the troops will be up.

All of Fremont's staff left with him, except Lovjoy, Shank and Hudson.

The following is Gen. Hunter's order assuming command: HEADQUARTERS WESTERN DEPARTMENT, SPRINGFIELD, MO., Nov. 4, '61. OFFICERS, No. 1.—The command of this Department having been relinquished by Major-General John C. Fremont is assumed by the undersigned. Officers commanding divisions, together with their Brigades command, are requested to report immediately at these headquarters.

Federal Troops Captured. KANSAS CITY, Nov. 6.—One hundred and twenty Federal troops under Capt. Shields were captured by the rebels near Little Sande to Fe this morning. The rebels were on their way to join Fremont's command. The reported force of the enemy was five hundred men.

Night Dispatches. Bad Roads in Virginia.—Trial of Traitors.—Charleston looking for the Fleet.—Troops sent to the Coast.—Proposition to Exchange Prisoners.

WASHINGTON, Nov. 7.—The ordinary roads in Virginia, are in a shocking condition, since the late rains. The trial of a number of persons under indictment for treason, commences at Baltimore to-day, before Justices Taney and Yates. Some curiosity is expressed here as to the course likely to be pursued by Chief Justice Taney.

A gentleman from Charleston, who was recently in this city, states that every precaution had been taken to prepare for the Naval expedition.

The famous Washington artillery had been sent to Bull's Bay, and soldiers and artillery had been sent to all points on the coast of South Carolina especially exposed to danger. The Palmettos were evidently in great fear of a quick and well deserved punishment.

WASHINGTON, Nov. 7.—A letter to the Post says Gen. Stone offers to make an exchange of prisoners with the Gen. Evans. The latter says he will refer the whole matter to Richmond. It is not impossible that the Government will, in an early day, assume the responsibility of a general exchange of prisoners.

Runners from the Fleet.—Wool Asked not to Resign.—Testimonial to Gen. Scott.—Petition for a Pacific Line of Steamers.

NEW YORK, Nov. 7.—The Post says a gentleman of the city has received a private letter from Gen. Scott, in which he says he has just received a second dispatch from the Great Expedition. The Great Republic had grounded and lost some of the horses—Everything else was right. They were off Bull's Bay. The story is doubted.

Gen. Meigs and Gen. Harria have sent a dispatch to Gen. Wool, asking him to delay his contemplated resignation and continue in his present position.

The Chamber of Commerce have passed resolutions expressing in sense of the eminent services of Gen. Scott in flattering terms, and a Committee was appointed to present him with a copy.

The Chamber of Commerce, to-day, adopted the following resolution: "Resolved, That a memorial to Congress, asking for the establishment of a line of steamers from San Francisco to Japan and China, to be suitably armed for the protection of American commerce on the Pacific, and of sufficient force to insure the rapid transmission of the mails."

The Army of the West Quiet and in good spirits.—No Hopes of a Fight.—Gen. Fremont En Route to St. Louis.

ST. LOUIS, Nov. 7.—A letter from an officer of high rank in Springfield, dated the 6th, says the army was quiet and in good spirits; that there was no enemy near, and General Hunter had no expectation of a battle at present.

A dispatch from Gen. Fremont, dated in camp near Quincy, Mo., Nov. 6th, says he will be in St. Louis on Friday, accompanied by four hundred and eight men.

Chronic Catarrh, or Bronchitis. For several years I have suffered from a Chronic Catarrh, consequent upon Rheumatism. I tried various remedies without relief. The system appeared failing under repeated attacks. I made trial of the PERUVIAN SYRUP, and soon found decided improvement. It is now six months since I had an attack, and I am no doubt adding my experience to that of others, that the PERUVIAN SYRUP produced this favorable change. FRANCIS DANA
