I am a candidate for the office of Treasurer of Vigo County at the October election. JOEL H. KESTER.

A recruiting office in Cincinnati has this motto: "Come in on the Draft."

The whole number of able bodied men in Vigo County subject to draft is 2,914. Number of Volunteers 1,939.

John R. Corben, drummer, Co. K, 43d Indiana Regiment, died at Evansville, July 27th.

Five hundred regulars and two regiments of Illinois volunteers passed through Indianapolis Thursday night, for Cincinnati.

In Boone County the Draft Commissioners Board heard 839 applicants for exemption, and gave certificates to only 207.

Rev. Lyman Abbott will preach to-morrow evening, in the Congregational Church, on the present aspects of the rebellion. Service to commence at 7 o'clock.

The 85th regiment, from this place, and the 86th, from Lafayette, and Captain Leslie's troop of cavalry left for Cincinnati yesterday.

The Attica Ledger says that Jacob Hibbs, of Kane township, Fountain county, cut off the two fore fingers of his right hand a few days since, to avoid the draft.

Man who haven't got "good teeth" and who "can't bite a cartridge" would make good artillerymen. It is not essential in this arm that they should "bite a cartridge."

The Lafayette ladies are always equal to the occasion in peace or war, at least on an hour's notice Thursday they prepared a bountiful repast for a full regiment of Illinois troops en route to Kentucky.

The number of applicants for exemption in Evansville is quite large, and only about twenty eight in one hundred are successful. At Indianapolis about one-third of the enrolled militia have applied.

Among the pioneer visitors to the fair at Connersville, was a lady one hundred and six years old who had walked four miles on Tuesday to reach there and was able to join the procession and walk to dinner afterwards.

Regulator General Dumont was nominated for Congress by the Union Convention which met in Indianapolis on Tuesday. General Dumont is a Union Democrat and will be elected.

Mr. J. C. Walter will leave for Helena, Ark. Tuesday morning next and will carry any letters or small packages to the boys of the 11th and 43d regiments, that may be left at Mrs. Walter's Millinery Store.

Gov. Morton by order of the Secretary of War directs that every Minister who has pastoral charge of a church or congregation shall be exempt from military service by draft. Commissioners will, therefore, mark exempt, all who belong to the particular class of Ministers specified.

An opposition telegraph line has been in operation in this city for some time past, and is meeting with considerable patronage. Sudden Scare, Esq., is the reliable man of the concern, and all the latest and most horrible news are transmitted over it.

Among those exempt from draft under all the orders sent out, are paupers, and convicts. A man may become a pauper and get a ticket for the poor house, or he may steal sheep and go to State Prison. Either course would exempt him from draft, and would be as honorable as running to Canada.

All remains quiet at Henderson up to latest accounts, and there is a more hopeful sign in that persecuted village. Many of the citizens have closed their business houses and organized a home guard. Col. Shackelford has had two skirmishes with Johnson, one at Ashbyburg, and one at Frontsburg, in both of which he routed the guerrillas.

County Enrollment Commissioners from the following counties reported in person with their returns to General Commissioner Suddall Thursday: Benton, Cass, DeKalb, Jackson, Lagrange, Lawrence, Madison, Morgan, Newton, Ohio, Pulaski, Randolph, Stark and Saint Joseph. Counties came up in good form.

The following are the regimental officers of the 85th:

Colonel, John P. Baird, Terre Haute.
Lieutenant Colonel, A. R. Crane, Terre Haute.
Major, Robert E. Craig, Newport.
Adjutant, Frank Crawford, Terre Haute.
Quartermaster, Coleman, Spencer.
Quar. Serg't, Edward Boudinot, Terre Haute.

Surgeon, Wilcox Hubble, Paque Co.
1st Assistant Surgeon, W. Y. Allen, Owen Co.
2d Assistant Surgeon, W. H. Johnson, Green Co.
Sergeant Major, Chas. Boudinot, Terre Haute.

Orderly, Geo. E. Farrington, Terre Haute.
Vigo county has five companies in this regiment, Clay two, and Sullivan, Vermilion and Parks one each.

WANTED!—A convenient and comfortable dwelling house for a small family. [See 1st page.] W. S. POTVIN.

The examining Board closed their arduous duties yesterday afternoon, having been in session five days, during which time nearly one thousand applicants were examined and exemption given to 595. One has no idea of the number of weak and ailing persons there are in the county, until such an occasion as the present calls them out. Many suffer on from year to year, and perhaps not even their intimate friends are acquainted with their infirmities. And there are many, too, have made no complaint, preferring to keep silent and run the risk of being drafted, than bear the ridicule they would encounter in claiming disability at this time. We will give a statement in detail of the enrollment to-morrow.

THE 11th REGIMENT.—Several boys of this regiment returned home yesterday evening, and from their statement we find the casualties far less than was at first represented. Many who were reported killed are alive and will be home in a day or two. The following list of wounded and missing in Captain Allen's company, was sent us by Lieut. Orlando J. Smith. He states that the cause of the missing probably escaped. The letter was written at Richmond, and it may be that many of them reached Lexington. All not mentioned were taken and paroled.

Wounded.—Serg't H. H. Sibley, through arm; Sergeant Harrison Tipps, through thigh; Corporal Silas Mills, through thigh, bone broken; Corporal Martin Bright, through knee; M. V. Beal, through hand; James Compton, Geo. B. Clayton, through arm; D. C. Calder, through thigh; Daniel Denny, Geo. A. Eddy, Jacob Fritz, through thigh; W. W. Fugus, Gabriel French, Levi Gline, Chas. Gilmore, Godfrey Gage, W. S. Hutcherson, Oliver Hyde, John Engle, Thomas James, Joshua Lane, Edwin Miller, W. H. Pritchett, Thos. L. Sturges, Wm. Wiers, Felix W. Parrish, M. C. Rankin, H. S. Woolen, John Lane.

Missing.—Simeon Phipps, Thos. F. Walker, Martin V. Beal, John Boatman, James Brady, H. Esmeringer, Morgan Green, Godfrey Gage, Sam. Howard, Madison Horton, James Hutcherson, Joseph James, Charles Korff, Luther Lack, Joshua Lane, Joseph McKinney, Matthew McKinney, Joseph McCoskey, James Markle and Chas. Poe.

OFFICE OF STATE SANITARY COMMISSION, Indianapolis, Sept. 4, 1862.

To the Soldiers' Aid Societies of Indiana.—Our Government has called for six hundred thousand more men, to be placed in service as soon as it is possible for them to be equipped and made ready.

These new levies are to be taken from comfortable homes and cheerful firesides, where they have been tenderly cared for, and transferred to the exposure of the camp and field. They require all our sympathy. Can we show it in any better way than to prepare in time those comforts necessary to shield them from the chilling storms of the coming fall and winter? Then let all take hold with warm hearts and firm hands to prepare a liberal supply of all articles necessary to their comfort, and have them in store ready to be distributed when and where most needed.

Now is the time to commence the preparation; no time should be lost; revive old Societies; organize new ones; and all who can work let them do so. Prepare flannel shirts and drawers, socks, mittens, cotton shirts and drawers, narrow sheets and bed ticks, pillows and slips, towels, handkerchiefs, bandages, compresses, lint, &c.

Send us also dried fruits of all kinds, canned fruits if well soldered, pickled cucumbers, cabbages, onions and tomatoes.—Also, quilts, blankets and comforts.

We are also much in want of cash, being subject to heavy expense in carrying on our Sanitary Commission. Will our benevolent friends respond promptly to this call for help?

The utmost care shall be taken to see that all contributions be properly distributed by our special agents sent for that purpose.

All moneys to be sent to Alfred Harrison, Treasurer, and all goods directed to WM. HANNAMAN.

TELEGRAPHIC NEWS.

Noon Dispatches.

FROM CINCINNATI.
CINCINNATI, Sept. 5, 1 P. M.—Business is still suspended. Volunteers and armed bodies of men from the surrounding towns and country are making for the city by thousands. The city is quiet and there is no excitement beyond the enthusiasm over these arrivals. The regiments and companies as they arrive, are cheerfully supplied with provisions in the street market square, which presents a lively appearance. The 15th Mich., 101st and 102d Ohio regiments and 1st Ohio Battery are among the arrivals.

The reports from Kentucky are very conflicting. It is known that the whereabouts of Kirby Smith's army since its arrival at Paris.

FROM NEW YORK.
New York, Sept. 5.—The Tribune's Washington correspondent says Capt. Samuel Phillip Lee, has been appointed acting Rear Admiral and assigned to the north Atlantic blockade squadron, in place of Admiral Goldsborough, relieved at his own request. Gen. Blucher has been given an indefinite leave of absence, and his staff has been mustered out of service.

Some of those who were most influential in bringing about the confirmation of Gen. Blucher, by the Senate, on the evening of the 2d inst., are now regretting to have him retired from active service.

The first accurate report was made at the Surgeon General's Office, to-day of the number of men killed in the recent battles. It included the number of the killed in the battle of Gettysburg, and the number of the killed in the battle of Vicksburg, and the number of the killed in the battle of Fort Fisher.

The Surgeon General's Office, to-day of the number of men killed in the recent battles. It included the number of the killed in the battle of Gettysburg, and the number of the killed in the battle of Vicksburg, and the number of the killed in the battle of Fort Fisher.

The Capitol and Patent Offices, now fitting up as army hospitals, will not be used at present.

Georgetown College will be fitted up as a hospital.

The Surgeon General has sent away over 2,000 volunteer surgeons. Some of them objected to do duty in the Washington hospital, and were invariable unless they could cut and carve on the battle field.

SPECIAL TO THE HERALD.
An officer of Sigel's staff says the battles of Bull Run on Saturday, began with heavy firing from both sides, and the Union front of Gen. Sigel's Division of corps. The effect of the firing from Gen. Sigel's batteries was terribly effective upon the enemy, literally creating windows in their ranks. This is not to be taken too far, for the fact is, after a temporary cessation of our fire in Sigel's division, very often the Confederate batteries had been silenced, the rebel Gen. Jackson sent two staff officers with white flag to seek permission to bury his dead. This permission was granted.

It seems the announcement of the substitution of Gen. Halleck for Stanton, as Secretary of War, and the restoration of Gen. McClellan to the position of Commander-in-Chief of the Army of the Potomac, was premature at least, if not incorrect, although it is vouched for by strong and by men of such opportunities for obtaining correct information, that it was very generally believed.

The rebel officer, who delivered up the body of Gen. Stevens, under a flag of truce, state that the flag which he bore when he received the fatal shot was grasped in his right hand, and had fallen over his head.

The matter of Gen. Kearney's death was also ascertained. The General rode a piece of woods to reconnoiter and came upon a Louisiana regiment. He was ordered to halt, but instead thereof his horse and rider were overtaken by the bullets and rode rapidly away. While doing so, he was shot in the back, killing him instantly.

Gen. Sigel arrived here to-day, and on his appearance at the hotel was warmly welcomed by his friends. Gen. Schurz is also here. It is publicly denied that Sigel has lost any guns.

We have New Orleans papers to the 28th ult. They contain no news of importance. The evacuation of Baton Rouge had been safely effected and the troops encamped at Carrollton. The southern army, unusually hot but the city continued healthy.

The Wheeling Intelligence of the 3d states, a despatch from Gen. Kelly, dated the 2nd inst., says he was attacked by the rebel guerrillas Jennings and Imboden, the same who made the raid on Buchanan and Weston, and that he defeated them, killing and capturing several of their number.

The rebel Governor of Virginia has issued a proclamation calling for a State force of 100,000 men to be formed into a division and placed under the command of Floyd.

FROM WASHINGTON.
WASHINGTON, Sept. 4.—A report having reached the interior of Pennsylvania, that a certain regiment had been almost annihilated, a committee came here to-day to render assistance to the supposed wounded, but were surprised to learn they had not even been in battle.

Jackson in the recent actions was, according to report of a captured rebel, wounded slightly in the foot.

WASHINGTON, Sept. 4, P. M.—Conflicting and exaggerated accounts of recent events still fill the top of the General's head. Many of the statements are altogether unreliable, especially as to the number of killed and wounded, and the quality of troops which have fallen into the hands of the enemy.

The prospects of the College were never more encouraging than at present, and pupils wishing to enter should make application immediately, that good names may be secured.

FROM BOSTON.
BOSTON, Sept. 4.—The citizens committee of 150 have resolved to recommend the City Government to offer a bounty of \$300 to each accepted recruit, to fill the quota of the city for three years' service, and \$100 to recruits for nine months.

FROM CHICAGO.
CHICAGO, Sept. 5.—Gen. Walbridge will address the Board of Trade and War Committee here to-morrow afternoon. Preparations are making for an immense meeting. A considerable amount of counterfeit \$5 and \$10s on the Bank of Georgia, were put into circulation this morning, and are said to be very good.

FROM NEW YORK.
New York, Sept. 5.—The steamer Kennebec has arrived with 340 sick and wounded, bound for Portsmouth, Grove, put in for coal. There was a list of names on board. The schooner Ella arrived this morning and has on board the captain and crew, and two passengers, taken from the schooner Charles M. Smith, abandoned in a sinking condition at sea.

FROM WASHINGTON.
WASHINGTON, Sept. 5.—From careful calculation it is believed that the entire number of men killed in the recent battles will not exceed 6,000 killed, 1,000 and 9,000 prisoners principally picked up by the enemy while struggling, and who, with the exception of the officers, have been paroled.
