

DEMOCRATIC STATE TICKET.

Governor. T. J. PHILLIPS, of Ottumwa. Lieutenant Governor. G. E. FERGUSON, of Harrison Co. Supreme Judge. JOHN SHORTLEY, of Dallas Co. Railroad Commissioner. A. C. PIERCE, of Taylor County. Superintendent of Public Instruction. W. P. JOHNSON, of Carroll Co.

Representative. I. M. GIBSON, of Manchester. Treasurer. A. B. WHEELER, of Hopkinton. Sheriff. ARTHUR MCENANY, of Adams. Superintendent. JAMES MCGARRIN, of Richland. Supervisor. JAMES LEGASSICK, of Bremen. Coroner. WM. DONNELLY, of Adams.

The democratic ticket is composed of good men from top to bottom. If you have never voted a democratic ballot this would be a good year to make a beginning.

A vote for the republican nominee is an endorsement of the outrageous mule law. And yet there are many men who pose as prohibitionists who will go to the polls on election day and vote a republican ticket, thus showing that they are not in favor of prohibition.

But there is still one thing strange about this commercial discussion. If the American manufacturers are killing off all competition at home and abroad how does it happen that the receipts from tariffs should be on the increase and that the treasury surplus should become a serious question?—Cedar Rapids Gazette.

An exchange says that it had written up a long editorial on the subject of trading with home merchants, a convincing argument, but when on the rounds of the town, the editor saw the merchants writing letters on baking powder letterheads and using patent medicine bill heads, he went back to his office and tore up the only evidence of his effort.

It is said by men who claim to be well informed on the subject, that owing to the nauseous ticket that has been set before them, by the republican machine, many of the members of that party will not go to the polls on election day. It would be better policy for them to go to the polls and aid in downing their party bosses, by voting against them.

There are too many American citizens for the good of this country, of the same up as the dyed-in-the-wool republicans who figure as the heroes of the following, from the Waterloo Times Tribune: "A laughable incident happened during the voting of the Fourth street bridge proposition, and shows how a dyed-in-the-wool republican will stand by the party at all times and under all circumstances. The old gentleman in question approached the mourners' bench where tickets were furnished presided over by well known gentlemen and asked for his ticket. His request was granted after the usual red tape had been gone through and he went to look on close examination of the ticket, to his disgust, he discovered that there was not the word 'republican' at the head of the ticket. He is true blue, and though perhaps not from Missouri, had to be shown just the same. He returned hurriedly to the bench and wanted to know what kind of deal they were putting up. Emphasizing his remarks that he was a full fledged American citizen, he demanded to be shown why they had offered him a ticket without the party label. Explanations followed with little effect and he retired from the room none too well pleased.

As much has recently appeared in print regarding the consumption of sugar in this country, the various sources from which it is obtained, the amount of duty thereon, etc., of the following facts and figures will be of interest at this time, says the Weekly Statistical Sugar Trade Journal: "The total consumption of sugar in the United States last year was 2,219,847 tons, and based on the average increase of 6.34 per cent. during the past 10 years, the consumption this year should be 2,360,585 tons. Of this quantity 1,000,000 tons in round figures will come from American sources, say Louisiana being able to produce 350,000 tons, United States beet factories 150,000, Hawaii, 350,000, and Porto Rico 150,000, all being free of duty, leaving 1,360,585 tons to come from other sources and on which a duty is paid. The average duty assessed is \$36 per ton, or a total of \$48,981,000. The price of all the sugar consumed, however, being enhanced to the extent of the duty of \$36 per ton or a total of \$84,981,000, it is evident that \$36,000,000 additional is paid by the people in order to provide the government with 49 millions for revenue, of which the government is not now in need. If the duty is taken off Cuba sugar, the benefit of 185 millions goes to the people. On October 8th, the quotations for Cuba Centrifugal sugar 98 per cent. test, free on board Cuba was 1.95 cents per pound, duty on same amounts to 1.885 cents—equivalent to 85 per cent. ad valorem."

Episcopals Adjourn. San Francisco, Oct. 18.—The triennial convention of the Episcopal church adjourned sine die yesterday. The next convention is to be held in Boston in 1904. The day was a busy one in both houses, most of the time, however, being taken up in the discussion of matters which were not definitely decided. It was agreed to make Honolulu and Cuba missionary districts, and to create the missionary district of Salina out of the diocese of Kansas. The houses failed to concur, however, in the proposed setting apart of a portion of the diocese of Springfield, Ill., as a missionary district.

TEN SLAIN AND SIX WOUNDED

Manila, Oct. 19.—Five hundred bolomen attacked a detachment of forty-six men of the Ninth infantry at Bangajon, on the Gaudara river, island of Samar, killing ten and wounding six. The remainder of the company arrived at the scene in time to prevent further slaughter and routed the enemy, killing over 100 of them.

It is believed that the enemy only retired for reinforcements. As soon as the news was received at Cuthlogon two gunboats were dispatched, General Smith going in person to the scene.

The Previous Disaster in Samar. It was less than a month ago that forty-two enlisted men and three officers of the Ninth infantry, were killed by bolomen in a battle at Balangiga. The company, seventy-two strong, was at breakfast, and, trusting in a professed friendship of the officials and inhabitants of the place, had relaxed the ordinary vigilance. The camp was surrounded by the bolomen, who seized the soldiers' guns and closed in all sides. Many of the men were cut to pieces in their quarters before they had time to grasp their rifles. All the command's supplies were seized by the bolomen. Officers killed were Captain Thomas W. Connell, First Lieutenant E. A. Bumpus and Surgeon Major R. S. Griswold.

First to Take the Oath. Fluke Warren, the first man to take the oath of allegiance required under the terms of the military commission of all suspects attempting to land, has been closely identified with Sixto Lopez. Many reasonable and patriotic proclamations have been found in his baggage. Regarding these, he said he held only one copy of each, having retained these as souvenirs. It is known also that he was national endeavoring to get into touch with the abductors of Miss Ellen M. Stone, the missionary, and Mme. Tsilka, her companion, with a view of arranging to the ransom demanded by the brigands.

GREAT FIRE IN CAPE BRETON

Town of Sydney Almost Swept Out of Existence With a Loss of \$1,000,000.

Halifax, N. S., Oct. 21.—The prosperous town of Sydney, Cape Breton, was almost swept out of existence Saturday by a fierce conflagration which started about 2 p. m. The five-mile gale, swept through the principal business portions of the town, causing ruin and devastation.

The only thing that saved the city from total destruction was a heavy rain which set in after dark, and as the wind decreased in fury the flames and hundreds of miners succeeded in getting the fire under control. Over sixty buildings are in ashes, and many more are badly scorched. The buildings were nearly all large wooden structures.

The fire is supposed to have been started by the burning of an oil stove. The loss is roughly placed at between \$400,000 and \$500,000, of which not more than half is covered by insurance.
