Our southern friends are enjoying perfect weather, as we learn in a note from D. F. Grove of date November 22. Mr. Grove said he thought the climate would surely agree with Mrs. Grove when she got rested and strong enough to be out, a sentiment that will find hearty echo among their many Delaware county friends.

The party who accompanied Captain Merry on the southern trip returning last week were very appreciative of the hospitality accorded them by their host and are enthusiastic over the southern prospects. Those who went with a view to investing declare the stories told them of the south were not one letter exaggerated, everything improving upon personal inspection. Messrs. Callings & Dunham sold 2000 acres of land, and it is proposed to colonize it with neighbors and friends of this vicinity. Those who have already purchased are R. R. Robinson, D. Oswald, L. W. Preston and we believe R. N. Howe and Ezra and T. Cook.

City Council.

At a meeting of the City Council last week Monday evening a number of matters of importance and interest to the Democrat family were presented to their attention and acted upon.

It was decided that hereafter the uniform price of \$10 an evening should be charged those desiring to rent the City Hall. This sum will assist in remunerating the City for the expense necessary in the keeping up of the Hall. Very recently there has been expended \$225 on fire escapes for the building.

The petition of Mrs. Chas. Thorpe for the privilege of tapping the hydrant at the foot of Howard street and carrying the water to connect with two houses belonging to her was granted, on the condition that petitioner defray the necessary expense. Mrs. Thorpe also had to guarantee the proper insertion of the cut-off.

The complaint of Fred Durey of the condition of certain walks in West Manchester was referred to the street committee with full power to act.

Myron Steadman called attention to the misplacement of several telephone and electric light poles on the corners of Main and Franklin street, and it was decided those should be moved back to the curb.

The old engine house at the foot of Main street was rented for three months to A. A. Morse to be used as a place for picking chickens, the rental being \$6 per month.

City Physician Dr. H. M. Bradley was granted the authority previously asked for of fumigating residences and buildings whenever he deemed it necessary, an allowance for the necessary apparatus being also made.

Robinson, Miss Ennis Boggs, acting Clerk, read a report of the financial condition of the city from which it was learned that the Corporation Fund has its credit, \$1500, Sewer fund, \$402, Grading fund, \$30, and Fireman's Fund, \$410, while the Water Works fund is short this year about \$400.
