This year the garden worms are more numerous than usual and the increase is attributed by some to the scarcity of birds in this section. "No person shall destroy the nests or eggs of, or catch, take, kill or have in possession or under control for any purpose whatever, except specimens for use of taxidermists, at any time, any whip-poorwill, night-hawk, blue bird, finch, thrush, linnet, lark, wren, martin, swallow, bobolink, robin, turtle-dove, catbird, snowbird, blackbird, or any other harmless bird except bluejays and English sparrows, but nothing herein shall be construed to prevent the removal of nests from buildings, and the keeping of songbirds in cages as domestic pets. Any person violating any of the provisions of this section shall be fined not less than one dollar nor more than twenty-five dollars and costs of prosecution, and may be committed to the county jail until such fine and costs are paid.

and Growth of Western Iowa, Whiston, Edith, House of Mirth, Wiggan, K. D.—Diary of a Goose-Girl. Also the Magazine Indexes have been made up-to-date. I had been afflicted with the piles for over thirty years. I treated with a number of different doctors and tried about all the different remedies on the market, but received little or no relief, until about eighteen months ago when I commenced treatment with Dr. Shallenberger, the Chicago specialist, who took me in my worst condition, I was in bed and could not walk, and suffered everything. Since the first weeks treatment I have had no return of symptoms of piles. Go and see him he will treat you right. H. R. Holmes, Manchester, Ia. The Great Gentry Shows, which turned people away at every performance in Minneapolis last week for twelve performances, and which is repeating the same thing in St. Paul this week is coming to Manchester. This truly marvelous exhibition, with its wonderful "animal actors," its numerous feature acts, and marvelous performing dogs, ponies, monkeys, elephants, hogs, sheep, polar bears, and trained chickens, will exhibit in Manchester for two performances only, at the ball park. Besides the above mentioned "four-footed-fun-makers," and there are over 500 of them, there will be seen the Great Loretto Trio the most daring exponents of Lario feats of skill ever seen in America. Also the Marvelous Casting Cartons, an act which a very "big" circus owner in the country has tried to secure in vain. In fact this is the great Gentry No. 1 show, and is said to be beyond question the greatest tented exhibition of its kind in the world. The show opens in Chicago for an extended engagement next week, and the people of Manchester are most fortunate that this city is on the route. Much is promised and much may be expected, for the Gentry Bros. keep every promise in their advertisements, and is a fact well known that the show, on a whole, offers the very best possible value for the price of an admission ticket. As a pastor said to the congregation at a prominent St. Paul church last Sunday, "if you want to find me tomorrow call at the dog and pony show." He was there and so was the entire congregation. That is the kind of an exhibition which reflects credit upon the "tent show business" and such shows as Gentry Bros. present are always welcome to Manchester. The street parade will take place Friday, July 6 morning at 10:30 o'clock. Don't miss it.
