CASH TO MOVE CROPS

Secretary Cortelyou Adopts a New Plan to Supply the Funds Necessary.

Action Will Prevent Acute Money Stringency and Panic.

HE STUDIED IT OUT HIMSELF

Will Distribute Government Money Around in Several Cities Instead of Sending It All to New York.

New York, Aug. 24.—Secretary of the Treasury Cortelyou has announced a new plan of depositing government funds in New York, Boston and other cities to afford relief to the money market in the approaching crop-moving period. Secretary Cortelyou will, commencing next week, place each week for five weeks or more at such points in the country as he shall designate government funds to such an amount as he deems sufficient to prevent an acute monetary stringency and possible panic when the demand for money is greatest at the height of the crop-moving period.

He Adopts a New Plan. The plan of the secretary for monetary relief is new to the financial world, and one which he believes will prove more efficacious than the old method of the treasury department in waiting until the country was severely shaken financially and then coming to the relief at the last moment by placing a large deposit of government funds in New York banks. Secretary Cortelyou did not state how much money he would deposit each week, though he indicated that the amount would equal the situation. The plan for financial relief was made known in an official statement to the Associated Press.

Made a Study of the Matter. Secretary Cortelyou developed the new plan for the relief of the money market after a long study of the many problems to be considered in the adaptation of a method so entirely different from the one that had been followed hitherto. The plan is one which the secretary hopes will find general favor in the financial and business world. The secretary has kept close watch at his summer home at Huntington, L. I., on the development in the world's money markets, and he decided to take action at once to preclude, insofar as he was able under the law, the possibility of panic this coming fall when the west is drawing heavily upon the east for funds to move the crops.

Scheme is All His Own. Secretary Cortelyou's plan is all his own, and he consulted with no one regarding it. He has made a careful study of the crop-moving stringency, and after a mature consideration of the question he believed that the interests of the business world would be best conserved in the next few months by the depositing of government funds at various points throughout the country each week, and in amounts large enough to ease a tightening money market. Investigation of the results attained by the old treasury plan of waiting until the last moment and then placing a large single amount of government funds in New York disclosed to Secretary Cortelyou that as a money market it really helped, was generally ill timed and either came too soon or too late.

Revenue Men Fire on Each Other. Washington, Aug. 24.—Commissioner of Internal Revenue Capers received a telegram from Internal Revenue Collector Surber at Greensboro, N. C., says: Deputy Marshal Gordon, with posse, from Raleigh, N. C., and Deputy Collector Henry, with posse from Durham, met at a moonshine still last night. Each took the other for moonshiners and fired on each other. Deputy Marshal Gordon was mortally wounded and Deputy Collector Henry and two possmen were seriously wounded.

Father, Mother and Child Cremated. Rochester, Ind., Aug. 23.—While kindling a fire in the cook stove at their farm home near Mendon, Ind., Charles Webster's clothes caught fire. She ran into the bedroom where her husband and 2-year-old girl were sleeping. All three were burned to death. Two other little girls, who were dressing in another part of the house, escaped.

Mayor Taylor's Men to Go In. San Francisco, Aug. 23.—The old board of police commissioners which was removed from office by Mayor Taylor held a meeting and practically decided at once to relinquish office to the board appointed by the city's chief executive. Chief of Police Dinan, after consultation with the ex-commissioners, prepared to hand his resignation to the new commissioners.

Empress of Germany Injured. Wilhelmshohe, Germany, Aug. 23.—The Empress Augusta Victoria, while walking in the park here, slipped and fell, injuring a vein in her left leg and making it necessary for her to remain in bed for some weeks. All her majesty's traveling engagements have been cancelled.

Her Choice Tea. There is a true story told of a wealthy American lady who was in China and one of the court officials, wishing to do her great honor, promised to send her a casket containing some extraordinary tea. In due time an exquisitely packed box arrived containing tea. She made many of her society friends to a series of afternoon teas, which this tea was served, its delicious qualities expatiated upon and all seemingly enjoyed the beverage. At the end of the season when the casket was almost empty she found a very small beautifully decorated box, which on opening contained the priceless tea. What she had used was the dried tea leaves that had been used probably time and again by coolies. It seems that rare and costly tea is packed in tea to preserve the aroma and flavor. It was such a rich joke upon herself that the hostess told the story, and the society set had a good laugh.—Chicago Record-Herald.

EDDY CASE COMES TO ABRUPT CLOSE

Trouble for Next Friends Files Motion for Dismissal of the Eddy Suit.

Concord, N. H., Aug. 28.—The famous suit in equity brought on March 1 last by George W. Glover, son of Mrs. Mary Baker G. Eddy, and others as "next friends" against Calvin S. Frye and others, for an accounting of the property of the aged head of the Christian Science church has come to an abrupt end.

Immediately after the opening of court in the continued hearing regarding Mrs. Eddy's competency before Judge Edgar Aldrich and his co-judges, William E. Chandler, senior counsel for the next friends had filed with the clerk of the court a motion for the dismissal of the suit. He said that there were many reasons for this action, but the principal one was "the unprofitableness of any immediate result of a decision in our favor upon the exact issue as now framed, compared with the burdens and disadvantages to be endured by us, both before and after such decision."

DANNEMORA PRISON IN UPROAR One of the Rebels is Shot to Death Before the Uprising is Suppressed.

Plattsburg, N. Y., Aug. 23.—For two hours a mob of patients at the state hospital for the criminal insane in Dannemora stood off their guards while others made a desperate attempt to force an exit from the building. Not until one of the madmen had been shot and killed and the guards reinforced by less violent inmates and villagers was the outbreak suppressed and the patients again locked in their rooms. Two large dormitories were wrecked, windows smashed, iron gratings bent and walls damaged, where an effort to wrench the iron bars from their fastenings had been made. The dead man was Isaac Du Bois, who had been at the hospital only a short time. Convicted of larceny in the second degree he was subsequently ordered to the state hospital.

Pearce, ordered to pay a \$2,000 fine, by Judge Page Morris in the United States district court in Minneapolis. The Omaha road, conjointly with its former general freight agent, was convicted in the same court, April 11, of granting rebates to the Spencer Grain company on an indictment containing fifty counts.

Taylor Offers to Return. Indianapolis, Ind., Aug. 28.—William S. Taylor, who was governor of Kentucky at the time of the assassination of Governor-Elect William Goebel seven years ago, offers to return to Kentucky on a parole in the Power case if given certain guarantees. Political feeling ran so high in Kentucky after Goebel's murder that Taylor, who was a Republican, sought refuge in Indiana immediately after his term of office expired.

Daring Highway Robbery. Philadelphia, Pa., Aug. 22.—William H. Hicks, a textile machine manufacturing company, was held up in the afternoon by three highwaymen in the northeastern part of the city and robbed of a sack containing \$6,000. The men were pursued and one of them was captured after several shots had been fired at him. The other two men escaped with the sack.

Disastrous Storm in Pennsylvania. Johnstown, Pa., Aug. 26.—A storm that approached the dimensions of a cyclone did great damage in Somerset county. One woman, Mrs. D. W. Peterson, sustained serious injuries and in the vicinity of Boswell, near here, a path 500 yards wide and a mile long was swept by a terrific wind. Houses and barns were destroyed and growing crops leveled.

Railroad Bars Drinkers. Baltimore, Aug. 23.—The Baltimore and Ohio railroad has issued orders that all employees who drink liquor while on duty will be discharged.

Coal Combustion. There is enough explosive energy in a ton of coal if it could be liberated and controlled, to hurl a 1,000 pound projectile through a foot of solid steel. But there can be no explosion without oxygen, and the coal in the grate will not burn faster than the supply of air which reaches it will permit. If the coal could be furnished all at once with enough air to effect its complete combustion, it would explode with as great violence as if it were so much dynamite.

IN A STATE OF ANARCHY

Status in Morocco Could Hardly Be Worse Than It Is at Present.

THERE ARE NOW TWO SULTANS One is the Sultan Regnant and the Other Wants to Be

Letter Has Been Accepted by Many Tribes—Meantime Raisuli is Boss in a Halfworld of His Own.

Paris, Aug. 28.—Advices from Casablanca show no change in the situation. The troops are anxious for a decisive engagement with the tribesmen, but France's determination not to penetrate far into the country prevents pursuit of the fanatics and results in a waiting game. Meantime the state of Morocco's internal affairs is growing worse. Veritable chaos reigns and the government has degenerated into a mere mock administration. Mulai Hafiz, the newly proclaimed sultan, who is reported to be marching toward the coast to fight the French and Spanish troops, has appointed a ministry, a member of which is Mulai Sid Mohammed, another brother of the deposed sultan. Mulai Sid is now held a prisoner by the sultan at Fez.

Anarchy Prevails in the Country. Raisuli controls his own region, and the pretender ruler northeast Morocco. The sultan is not sure of his own followers, and anarchy prevails in the empire. The littoral towns are tranquil because of the presence of foreign warships, but Raisuli is reported to be constantly menacing by tribesmen who are ready to swoop down upon it at the first opportunity. Europeans dare not pass outside the walls of Rabat and other cities.

Clemenceau on Deck Again. Premier Clemenceau, who was returned from Carthage and Munich, has assumed active direction of the Moroccan situation, which developed during his absence. He conferred with Foreign Minister Pichon, War Minister Picourt and Minister of Marine Thomson who met him at the station, and today will go to Rambouillet to see President Fallieres. The Journal des Debats in an editorial as to the effect of M. Clemenceau's return on the Moroccan situation, says: "He knows the sentiments of the sovereigns and the dispositions of the chancellors. He ought to know that politics today are not only uncertain but also most costly, and that calm and conservatism are essential."

SPANISH CABINET DISAGREES Members Not in Accord as to the Attitude of Spain. Madrid, Aug. 28.—The newspapers have agreed that divergence of views exists in the cabinet as to the Spanish government's attitude in Morocco. A dispute between the ministers in the course of the day, and others, it is alleged, held that the role created by the Algerian conference differs from that actually being played by Spain. According to The Liberal Premier Maura announced to the members of the cabinet that Spain would take the offensive only if her troops were directly attacked, and that otherwise she would rest merely as a spectator of the internal conflicts that are rending Morocco, and of what France does if the troops of that country advance into the interior.

Dispute from Casablanca says that absolute carelessness concerning the character of the attacks delivered by the tribesmen upon the French forces encamped there, and Friday bands of Arabs made isolated reckless advances. A detachment of 100 natives, while stealing into the city, was ambushed near the beach by the French. A merciless fire mowed them down. Those who were not killed fled precipitately, but many dead were left behind. Continuing his offensive campaign General Drupe pushed forward his notting parties four miles out from his center. The main body of the enemy was not sighted.

Tingler, Aug. 26.—The report that the French commander Du Chayla had captured a German spy, carrying a Spanish flag and loaded with contraband was an error. The vessel in reality has aboard arms belonging to the Moroccan government and will take them to Mogador.

'Phone Official Sentenced. San Francisco, Aug. 26.—Police Judge Welles overruled the motions for arrest of judgment and a new trial in the case of Emil J. Zimmer, vice president of the Pacific States Telephone company, convicted of contempt in Judge Lawlor's court. He sentenced Zimmer to three months' imprisonment in the county jail. No notice of appeal was given, and an appeal bond filed in the sum of \$1,000. Zimmer was allowed his liberty.

Severe Frost in North Dakota. St. Paul, Minn., Aug. 23.—A special to the Pioneer Press from Canby, in the northern part of North Dakota, tells of severe frosts in that section of the state, which did much damage to late grain, especially to flax, which has just commenced to blossom. All kinds of garden truck was cut down, except potatoes.

SAVINGS BANK IS SUSPENDED Closes its Depositors \$3,000,000—Cashier's Methods Blamed for the Trouble, by the Vice President.

Portland, Ore., Aug. 22.—The Oregon Trust and Savings bank, of this city, did not open for business, a notice having been posted by order of the board of directors announcing the inability of the bank to realize on securities. Another notice stated that the bank was closed by order of the circuit court for Multnomah county, Thomas C. Devlin, formerly county auditor, having been appointed receiver. The bank is capitalized for \$100,000. Its deposits ten days ago amounted to about \$3,000,000.

In an interview Vice President Lytle placed the responsibility of the failure upon the shoulders of W. Cooper Morris, the cashier. While Lytle is severe in his condemnation of the business methods of Cashier Morris, friends of the latter say he acted within his rights, and had the bank been allowed to do business for a few more days Morris would have placed it upon its feet.

NELSON MORRIS GETS BIG RANCH Meat Packer Secures 750,000 Acres on Standing Stock Reservation in South Dakota.

Rapid City, S. D., Aug. 23.—By outbidding the L. 7 outfit, which for ten years past has held the land under lease, Nelson Morris, the Chicago packer, has secured control of one of the largest and finest cattle grazing lands in the northwest, and has already commenced to ship in his cattle from the south.

This land lies on the Standing Rock Indian reservation, northeast of here and is fenced. The L. 7 outfit has had large droves of cattle there for years, but Nelson Morris intends increasing this amount, and the move will be of great importance to the cattle industry in this state. The pasture consists of over 750,000 acres, and the Chicagoan secured it by a fraction of a cent per acre.

WRINKLES AND WHAT CAUSES THEM.

Chicago, March 27, 1907. Dear Sir—I desire to fulfill my promise to you, which was made last October, namely, that if you would improve my complexion by removing cross-veins, wrinkles and discolored complexion, I would give you my photograph and testimonials. The enclosed picture, which was taken last Fall, shows my condition at that time. The enclosed picture, taken February 25th, shows my condition at the present time. I desire to state that you have not only removed the wrinkles and cross-veins, but have put my skin in a first-class, youthful condition, of which I am very proud. The fact is that my complexion is the envy of my friends, and I cannot say too much for your course of treatment for beautifying women. You certainly do all you claim and your remedies are perfection. I recommend them to my friends. Trusting this letter will fulfill my promise to you and be all that you require, I remain, Yours very truly, Mrs. Thelma Carr.

"Wrinkles," the little word that causes a shudder to every woman and most men, are caused more by carelessness and neglect than by years. We all know the young person who makes creases by lifting the eyebrows and by smiling so continuously, also the person who frowns and squints, and the one who from ill health and poorly nourished skin shows the lines crossing the face in every direction. Such people may all take heart, because by the use of E. Burnham's wonderful skin food such lines may and surely will be obliterated. It is unnecessary to-day for any one to carry these telltale marks. A course of treatment as arranged by E. Burnham will positively remove wrinkles, fill out the sunken cheeks, remove pimples and blackheads, and restore any face to its youthful contour and complexion. These treatments with the different articles are illustrated and explained in a little booklet which is published by E. BURNHAM, which makes it so plain that any lady can use these toilet articles with equally good success in the privacy of her own home as if she had visited Burnham's Beautifying Parlors and taken a course of treatment at this great establishment. Any first-class dealer can supply you. Free sample Hair Tonic, Cucumber Cream, including booklet how to become beautiful, by calling, or mailed upon receipt of 10c to E. BURNHAM, 70 and 72 State St., Chicago, Ill. The largest manufacturer in the world of Toilet Requisites and Hair Goods.

For Sale by ANDERS & PHILIPP. E. Burnham will have a demonstrator in this city from Aug. 26th to Aug. 31st for the purpose of teaching the ladies how to use E. Burnham's Toilet Requisites with equally as good success in the privacy of their own homes as if they had visited his celebrated toilet parlors at 70-72 State St., Chicago.
