

ASSESSOR APPOINTED TO SUCCEED PEARSE

CITY COUNCIL APPOINTS THOS. WILSON FROM LIST OF SEVERAL CANDIDATES.

LOCAL FISHERMEN ARE ARRESTED

Game Wardens Break Up Quiet Fishing Party on last Thursday.

The city council met last Friday evening and appointed Thos. Wilson as assessor to fill the vacancy caused by the death of J. M. Pearse. Mr. Wilson is a good choice for the place. He is thoroughly reliable and entirely capable to perform the duties of the office, and his election meets with general approval.

The petitions of several other candidates were filed for the position, one containing no less than two hundred and sixty five names. They were all carefully read and given patient attention by the council, but a choice was unanimously expressed without much formal debate or difference of opinion. This had been foreseen and all possible chance of a fair pull had been given by the thoughtfulness of the members of the council, who quietly got together in the afternoon and took a straw vote on the proposition, agreeing to stand by the result, unanimously upon meeting in formal session in the evening.

Of course some of the petitioners felt a little cheap when they found out that they had been pursuing a job that had already been let, but then there is nothing like keeping the machinery well oiled.

GAME WARDENS MAKE HAUL.

Game Warden Ballou of Independence, assisted by deputy game warden Yordy and Green, arrested three Manchesterites last Thursday, while engaged in snaring suckers, just below the Hoag mill dam. They were taken before a Justice of the Peace and upon pleading guilty were fined \$15 apiece and costs.

LOW PRICES ON FOOTWEAR.

Attention is directed to the space occupied in this issue by P. F. Madden, concerning his big sale of foot wear, which is now on. Prices have been cut far below the regular selling price and bargains await those who take advantage of this rare opportunity. Mr. Madden carries many of the leading lines of footwear for men, women and children which have a staple value and the public is fortunate to be able to buy these goods at reduced prices. The best stock in the store has been marked down. Don't fail to get your share of the bargains.

D. WARD KING WILL SPEAK FRIDAY

Famous Road Expert to Give Instruction in Road Work Friday.

D. Ward King, the famous road expert, will deliver an address to the township trustees and road supervisors at the Court House in this city on Friday, February 18. This meeting is to be an all-day session and is called by the board of commissioners in accordance with Section 6, chapter 97, Acts of the Thirty-third General Assembly as follows: School of Instruction.—Between November and the succeeding April of shall call a meeting of the trustees each year the county supervisors shall call a meeting of the township trustees and road supervisors to consider the best methods of road work and road construction, and the public interest may secure the services of experts to give instruction in road building and road work, and the township trustees and road supervisors as is allowed by law for other services, to be paid as expenses. The expenses for experts herein provided may be paid from the county road fund.

COUNTY EDUCATIONAL BOARD MEETS.

The County Educational Board of Delaware County met at the Court House last Thursday pursuant to the call of County Superintendent F. D. Joseph, for the purpose of considering petitions filed with the County Board of Education to submit the proposition of County uniformity of text books to the electors of Delaware County. The members present were Frank D. Joseph, county superintendent; W. J. Davis, county auditor; and supervisor W. B. Robinson, J. J. Kirkwood and F. M. Burbridge.

The board proceeded to canvass the applications made. The records show a total of one hundred and sixty seven rural directors. Therefore fifty six are necessary to call for submission of proposition to voters. There were one hundred and eighty petitions on file, three of which were filed after the time limit for filing such petitions had expired and were thrown out, leaving a total of one hundred and fifteen petitions for submitting the question.

There being a legal petition from the directors of Delaware county asking for County Uniformity of text books, therefore it is resolved that the proposition be submitted to the electors of all rural districts, and that the Chairman and Secretary of the County Board of Education be instructed to make all necessary preliminary arrangements for submitting to the electors of the rural districts of Delaware County at the annual election, March 7th, 1910, the following proposition: "Shall there be a uniform set of school text books in Delaware County, Iowa?" Motion made by Supervisor J. J. Kirkwood, seconded by Supervisor W. B. Robinson that the resolution be adopted. Carried.

ANNUAL REPORT OF THORPE CREAMERY.

The stockholders of the Thorpe Co-operative Creamery recently held their annual meeting, re-electing the old officers and directors as follows: F. H. Munson, president; A. E. Clark, vice-president; H. J. Sablin, treasurer; M. E. Blair, secretary; A. E. Meade, manager; and A. E. Clark, J. N. Billhous, J. F. Graham, Geo. Coon, C. E. Ryan, F. H. Munson, and Conrad Wendel, directors. The following is the annual report of the creamery for the year of 1909 and the figures indicate a year of prosperity for the institution:—Number of pounds of milk received, 3,829,217; total pounds of butter fat, 141,948; paid for milk, \$40,021.43; paid for hauling, \$8,792.13; sinking fund, \$759.49; expense, \$4,176.37 total, paid out, \$48,849.42; cost per pound for making butter, .0234; average price, 32.47; butter sold to patrons, 132,762; total pounds butter, 171,898.

LUCY WILSON.

Miss Lucy Wilson died Saturday morning, February 12, 1910. Her death relieved a long and painful illness, which was borne with great patience and Christian fortitude.

Miss Wilson was born at Georgetown, Massachusetts, December 13, 1848. Her girlhood days were spent in Milwaukee, Wisconsin, and at the age of twenty years she came here with her parents, Mr. and Mrs. Samuel Wilson, who for many years were residents of this city. The deceased is survived by two sisters, Mrs. Geo. W. Storey and Mrs. R. W. Howland, both of this city, her parents having preceded her in death.

The funeral services were held at the Methodist Episcopal church Sunday afternoon at 3 o'clock, Rev. R. A. Barnes, officiating. Interment was made in the Manchester cemetery.

KELSEY HAS NOT RESIGNED.

An erroneous report gained circulation among the newspapers of the state last week which announced that J. L. Kelsey had resigned as general manager of the Chicago, Anamosa & Northern railway. The report was a mistake. Mr. Kelsey is holding down the job with no thought of resigning.

INTERESTING LETTER FROM MRS. C. J. FRIEND

WRITES OF HER HOMESTEAD EXPERIENCE IN THE WEST.

RAPID GROWTH OF LAVINA, MONTANA

Mild Winter There Has Been A Contrast To That Experienced In Iowa.

Editors Democrat:—Your preferred request of several months ago, that I should write a letter for the Democrat, was received all right; but so little time had elapsed since coming here to this far off land of Montana that there seemed very little knowledge at hand to communicate and so have procrastinated from time to time. However, now on the approach of spring, the inertia that has possessed us, seems passing away with the snow and we will endeavor to comply with the request.

We do really pity Manchester still wrapped closely in its wintry shroud while we are rejoicing in the brown plains, only dotted here and there with a patch of white, where the snow had drifted a little, and the scene enlivened by the grazing sheep and cattle.

This has been the hardest winter here for a long time and yet hundreds of cattle have picked their living on the range without either hay or grain, and are in fair condition.

One large band of sheep, between two and three thousand in number, with the camp wagon in sight from the window where we are writing and they have been on the range all winter without hay and only a little grain for four or five mornings before it broke up.

We hardly think a man would want to live in a canvas covered wagon all winter in Iowa; but that is what the herder, who has charge of this band of sheep, has done during their more than usual hard season.

For people it has not been hard, and we never remember of putting in a winter when we suffered so little with the cold as here, and am ready to pronounce it a most delightful cold season except for the drawback of thinking of the cattle and sheep on the range without shelter or extra feed, and also of the expense to the owners thereof, who endeavored as far as possible to relieve the situation.

The men who own the band I have spoken of shipped, at an enormous expense, about seven thousand head of sheep over the Chi. Mil. R. R. to a point east of here about sixty miles, where they could produce a few quantities of hay.

They had brought the before mentioned band, in two days, drive on the way to the station for shipment, when Presto! a chinook wind arrived on the scene to solve the problem by removing the snow so they could get their own living.

Letters of inquiry have come from time to time asking about the depth of snow, etc., and saying they had read in the papers of the deep snows in Montana.

At New Years time the snow was about ten inches deep on a level here in this section; but of course up in the mountains it has been very heavy; near Judith Gap there were two weeks because of it, on the Billings and Northern R. R., and that is less than fifty miles away. Also inquiries as to how deep the ground was frozen? When the snows came in December, there was no frost in the ground and of course the snow protected it then.

During the first week in January, heavy winds blew the snow off in exposed places and the ground froze some. However, it seems to have thawed out with the warm weather and several days ago the boys drove stakes down two feet, without any trouble from frost.

It really is a surprise to see how our cattle and horses that were in the barns and fed alfalfa hay during the cold time, will now feed all day on this buffalo grass on the range.

As to how cold it has been, we have kept no account of the average, though there has not been more than six or seven nights when the mercury went down to twenty or below, and it would warm up so much during the day and in this dry air even twenty does not seem very tedious.

You will perhaps excuse this communication if it is somewhat more personal than is good form, as we are writing for acquaintances as well as the public.

GOOD ROADS MEETING AT HOPKINTON.

A Good Roads Meeting will be held at the opera house in Hopkinton on next Thursday, February 17. The citizens of Hopkinton have gone to considerable expense in securing D. Ward King, the originator of the King Road Bill, to deliver an address at this meeting. It is expected that representatives from different parts of the county and of the adjoining counties will be present at this meeting.

On coming here the 4th of last March to file on my claim, there was but one cabin in sight after leaving Lavina, and now the plain is dotted with houses even out beyond as far as three or four miles.

Of course their all coming during this last season, but little farming
