Advertisement for Iowa Farm Gates. Nothing bothers a farmer more than his gates in snow time. With the IOWA raise your whole gate from the ground. Besides the snow will not drift about the wires. Works as well in winter as in summer. If the wires get loose there is a stretcher on each to tighten it. The IOWA gate is so simple we can sell it cheap, but being made from Rolled Steel Tubing will last for a life time. No wearing parts—simple hinges going clear thru the post—can readily be adjusted to a hog and chicken tight gate. Your stock laugh at wooden gates—why not get some IOWA gates to match your fences? When you have time drop around and look over the sample gate hung up at the Eclipse Lumber Co., E. B. BOLANDER, Manager, Manchester, Iowa.
