

**Cleanliness and Economy in the home—two of the most important adjuncts to perfect living.**

Nothing heretofore offered in fuel for lighting and cooking has had such a marked effect on the American household, such influence for its betterment, as the new odorless, safe fuel, **PYRO** ALCOHOL (Deodorized).

It gives a strong, quick, powerful heat for cooking and is cleaner than any known fuel. Lenses applied to burn Pyro Alcohol (Deodorized), both for lighting and cooking, give a light so clear, so white that it might well be called "perfect daylight." These lenses do not smoke, give off no odor, are inexpensive to run and very easy to care for. Cooking with Pyro is a complete and unexcelled way to live. Investigate today—it will pay.

### FOUR GENERATIONS IN ONE COMPANY.

The annual Meeting of the Eclipse Lumber Company, which company operates retail lumber yards in Iowa and Minnesota, was held in Minnesota on May 25, and was practically a reunion of the Dulany family, all of the stockholders of the company being members of that family, with the exception of J. F. Ward, the secretary.

There were four generations of Dulany present at the meeting. William H. Dulany, of Hannibal, Mo., who is now hale and hearty in his ninety-third year, and who has been engaged in the lumber business on the Mississippi river for over half a century.

G. W. Dulany, Sr., his son, who is president of the company, and who has been prominent in the lumber business for many years, and is at present interested in a number of the largest manufacturing companies in the north, south and west; G. W. Dulany, Jr., the grandson, who is vice-president and active head of the Eclipse Lumber Company and G. W. Dulany III, the great grandson, who is already a stockholder in the company.

Other members of the family present at the meeting were D. M. Dulany, of Eau Claire, Wis.; T. G. Dulany, Mary Dulany, Ida Dulany Mahan, G. A. Mahan, Belle Dulany Duncan, J. H. Duncan, all of Hannibal, Missouri.

W. H. Dulany was born in Howard County, Mo., in 1818, when that country was a wilderness, his parents having moved from Kentucky two years previous with Daniel Boone and his party. Mr. Dulany began in the lumber business at the age of fifteen, when he took a contract to split walnut rails for three years at \$100 a year. He first visited Minneapolis in 1844 when there were practically no houses on the west side of St. Anthony Falls and many thousand Indians were in camp near Fort Snelling. He is greatly surprised and very enthusiastic over the size and beauty of the city that has grown up on the west side of the falls.
