

Cleanliness and Economy
in the home—two of the most important adjuncts to perfect living.

Nothing heretofore offered in fuel for lighting and cooking has had such a marked effect on the American household, such influence for its betterment, as the new odorless, safe fuel,

PYRO
ALCOHOL (Denatured)

It gives a strong, quick, powerful heat for cooking and is cleaner than any known fuel. Lenses equipped to burn Pyro Alcohol (Denatured), both for lighting and cooking, give a light so clear, so white that it will be called "White Light." These lamps do not smoke, give off no odor, are inexpensive and very easy to use. Cooking with Pyro is a real pleasure and surprisingly low in cost. Investigate today!

Hutchinson & Atwater

Mr. and Mrs. Fred Doelittle and Mr. and Mrs. Delbert Porter were down from Delhi Thursday.

Mr. and Mrs. Shirley Reeve and baby left Friday to visit for a couple of weeks with Mrs. Reeves' parents at Rossville.

LENOX COLLEGE.
The exercises of commencement week began Friday evening and an account of the proceedings on Monday was given an address by 'Dr. James McKean of the class of '80, who has been a missionary in Siam for twenty years and surely any one who listened to him could never say foreign missions were a failure.

In the evening the junior class gave their orations and we shall look forward to an interesting class exercise when their graduating day shall come. Tuesday was entirely in the hands of the seniors. They gave in the afternoon an interesting and amusing program and in the evening in the opera house took place their class play. It was of high grade and well rendered and enjoyed by all.

On the afternoon of Wednesday took place the unveiling and acceptance of a portrait of Dr. William Roberts, who was the first pastor of the Reformed Presbyterian church of Hopkinton. The presentation was made by Rev. S. T. Foster, the present pastor of the same church, at the close of which an address was given before the Alumni association

by Rev. J. T. Reeve, '97, of Basking Ridge, New Jersey. He took for his subject, "The Educated Man's Duty to Society." In the evening the annual banquet was served by the ladies of the Presbyterian church at the close of which Rev. Daniel Russel acting as toastmaster, the following toasts were given and responded to, "Nowing not drifting," by Miss Marion Bollman, who represented the class of 1910. "How to the line" by Rev. S. T. Foster. "Windows of Thought," Dr. Thing. "Preserving our College Ideals," Rev. J. T. Reeve. Appropriate short speeches were also made by Rev. Parkhill, E. C. Perkins, Rev. C. M. Robb, W. A. Robinson and President Reed.

On Thursday the annual commencement exercises took place in the Presbyterian church, instead of on the campus on account of threatening weather. The graduating class numbered eleven and were Misses Edith McFarland, Winthrop; Hazel Perkins, Delhi; Esther Agnew, Walker; Eva Brazleton, Monticello, Besse Heath, Manchester; Marian Bollman, Hazel Tibbitts, Mable McCuskey, Cornelia Parkhill and Mr. Millard Morrow of Hopkinton and Frank Hewch of Waterloo. Three young ladies and one young man were chosen to represent the class with orations. They were Misses Perkins, Agnew and Morrow and Mr. Morrow and they performed the duties laid upon them in a most satisfactory manner, after which an address was delivered by Rev. James McClure, D. D. L. D., President of McCormick Seminary, Chicago, who took for his subject, "Keep in touch with greatness." At 2:30 p. m. the annual ball game between alumni and the college team took place and was won by the college boys.

A large number met at the reception at the home of President Reed and wife. In the evening the graduating exercises of the pupils from the departments of music and expression took place. A very large audience was in attendance and it was said the program would have done credit to a far larger college than Lenox. And thus closed another year at Lenox and the outlook for the future is very hopeful.

A number of old students always find time to attend commencement week and if others would do so once they would often come again. Some of those whom we noticed as being present were Stanley Tvearthan, Waterloo; Floyd Smith, Iowa City; Mrs. Mary Cameron Wilcox and sister, Mrs. Hattie of Oaslow, Mrs. Newberry of Strawberry Point, Mrs. Bixby and Mr. Blanchard of Edgewood, Mrs. Braden of Ryan, Mrs. Frances McRean Armstrong of Adrian, Mich., Miss Maude Crabb, 1910, Miss Emma Lax on 1910, Miss Bessie Brown, Storm Lake. It is no use we cannot begin to name them all.

Mr. Paul Melrose took the Literature prize for Freshman rhetoric, which was a standard dictionary.

Prof. Evans has accepted a position as head of the Extension Department of the Texas State College. His place will be filled by Charles W. Hendricks, of Muscatine, a graduate of Ames and assistant to Dean Currier of that institution. He will be here July 1st.

Mrs. Mary Doelittle has been granted a years leave of absence and Miss Helen Beau of Fairfield has been selected to fill her place. Miss Beau was a niece of the former President Dr. A. G. Wilson.

A number of the students lingered for several days after the close of college and the usual picnics were held, but by Saturday night nearly all had gone and the old town was exceedingly quiet.

JOHN ROBINSON'S 10 BIG SHOWS NOT IN THE CIRCUS TRUST.

The only great circus and menagerie that has not joined the "circus trust" is the famous John Robinson's 10 Big Shows, the oldest, and richest amusement institution in existence. With no less than 86 years of history behind it during which it has never changed its name or title, and never has been out of the Robinson hands, its growth has been of the kind that insures eminence and solidity. In size, it is one of the world's wonders, carrying a thousand people, five-hundred horses, hundreds of wild animals and requiring four great trains to transport it. An enormous array of high salaried athletic stars from Europe and America including no less than 30 riders, 100 acrobats and gymnasts, 50 aerial artists, 50 clowns, etc. present a program so varied, artistic and exciting as to defy competition. Its zoological exhibit is so vast and comprehensive, its collections of rare animals and inanimate objects from all over the world are so interesting as to make an educational display of great value to old and young.

Among the special features of exceptional interest are the eight Lwandias, famed as the greatest riders in the whole world. Three great herds of performing elephants, Dare Devil Dare, Warren Travis, the steadiest man on earth, the horseback riding sea lions, a complete wild west, including 50 cowboys, 30 cowgirls, 50 real blanket Indians, Russian Cossacks and Japanese Scouts, Mexican horsemen, vaqueros, tribe of Singales, troupe of Arabs, and a unique and unprecedented camp of The Nations.

There will be a great street parade eclipsing anything of the kind ever attempted before. This great exhibition will positively appear in all its completeness for two performances at Manchester, Friday, June 24.

On the afternoon of Wednesday took place the unveiling and acceptance of a portrait of Dr. William Roberts, who was the first pastor of the Reformed Presbyterian church of Hopkinton. The presentation was made by Rev. S. T. Foster, the present pastor of the same church, at the close of which an address was given before the Alumni association

GLAD TO RECOMMEND THEM.
Mr. E. Weasley, Kokomo, Ind., says "After taking Foley Kidney Pills, the severe backache left me, my kidneys became stronger, the secretions natural and my bladder no longer pained me. I am glad to recommend Foley Kidney Pills." In a yellow package—Anders & Philipp.

City of Mosques.
In Constantinople there are more than 500 mosques or temples.

Foley's Kidney Remedy may be given to children with admirable results. It does away with bed wetting, and is also recommended for use after measles and scarlet fever.—Anders & Philipp.

Army Crossed Frozen River.
The Danube river was frozen over so that an army crossed it on the ice in the year 467.

WHAT EVERYBODY OUGHT TO KNOW.
That Foley Kidney Pills contain just the ingredients necessary to tone, strengthen and regulate the action of the kidneys and bladder. Anders & Philipp.

Dying by Halves.
By falling from a cart, a Chinaman, whose life was insured for a large amount, was seriously hurt. There was some doubt as to his ever getting better, and at length one of his friends wrote to the insurance company: "Hong Wang Lee half dead; like half money."—The Bks.

WHAT A SUMMER COLD MAY DO.
A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system.—Anders & Philipp.

A Waste of Money.
Hub—Reckless and extravagant—? When did I ever make a useless purchase? Wife—Why, there's that fire extinguisher you bought a year ago; we've never used it once.

Mrs. Henry Schwenk writes: I had eczema on my face for over four years. We tried about a half dozen doctors, but never found any cure. I have been taking Hollister's Rocky Mountain Tea for about three months and it has done me more good than all the doctors' medicine.—Anders & Philipp.

The Truth, in Most Cases.
A man tries to control his children before he has learned to control himself.—New York Press.

SCARED INTO SOUND HEALTH.
Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress."—Anders & Philipp.

Or Course!
Of course, speculating or dealing in futures sounds more refined than gambling, but a man will lose just as much.—Chicago News.

THE CONSERVATION OF NATURE RESOURCES
Applies as to our physical state as to material things. C. J. Budlong, Washington, R. I. realized his condition and took warning before it was too late. He says: "I suffered severely from kidney trouble, the disease being hereditary in my family. I have taken four bottles of Foley's Kidney Remedy, and now consider myself thoroughly cured. This should be a warning to all not to neglect taking Foley's Kidney Remedy until it is too late."—Anders & Philipp.

According to His Nature.
He who hunts for flowers will find flowers, and he who loves weeds will find weeds.—Henry Ward Beecher.

Would you have better health, more strength, clearer skin, stronger nerves, more elastic skin? Use Hollister's Rocky Mountain Tea, the great vegetable regulator and tonic. One 35c package makes 105 cups tea.—Anders & Philipp.

United States Aristocracy.
In this country there is a democracy of wealth and an aristocracy of intellectual ability. The ranks are open to all, and the poor boys of to-day are going to be the magnates of the future.

Marlin

Whether you live in the city or country, you'll find no .22 caliber repeating rifle like the Marlin Model 1897.

For the city man it is a perfect companion for the vacation or outing trip. It's light, takes down and packs in a small space. The ammunition is inexpensive. The gun can be used with .22 shorts for target and is equally capable of handling .22 long or long-rifle cartridges without change of mechanism.

On the farm the rifle is a necessity. The short cartridge is sufficient for sparrows, squirrels and small game, and the longer cartridge makes the Marlin Model '97 a distinctive weapon for game, fowl, hawk, etc. up to 200 yards.

The "Marlin" Model '97 is 28 1/2 inches long, with handsome set screw, in 100 full of up-to-date information for all gun-lovers and gives full description of all Marlin rifles. It's FREE! For 3 stamps please.

42 W. Main St., The Marlin Firearms Co., New Haven, Conn.
