Pleasure. There is a deep distinction between pleasure loving and pleasure seeking. The first spirit seems to find pleasure almost everywhere, while the latter warms itself in a fruitless search. The best pleasure is found of those who seek it not.

RIGHT TO SLEEP IS SACRED.

Precedent Established as to whom the Early Dawn Belongs.

The wee small hours of the morning belong to the ones who want to sleep, according to a decision by Judges J. D. Shafer and R. S. Frazer, handed down in a case emanating from a suburb of Pittsburgh.

A milk wagon driver is alleged by residents of the borough to have driven through the streets with unnecessary noise. His steed, according to complainers, put down his feet with such force that all within a radius of several blocks were aroused. He was arrested and fined \$10 and costs.

CONSUMPTIVES WARNED.

MEDICINE A SURE CURE.

Press Bureau; Board of Control of State Institutions; Department of Tuberculosis.

So many people suffering with tuberculosis and hopeful of cure are apt to be deceived by advertisements of remedies guaranteed to cure their malady. It is a fact that patients afflicted with tuberculosis are always hopeful of recovery, and consequently very easily deceived. It is a fact that many of the remedies advertised to cure "coughs," colds or consumption, not only are valueless but are positively harmful.

It has been ascertained that many of the so-called "cures" for consumption contain habit forming drugs, such as morphine, opium and chloroform. None of them will cure consumption. There is no sure cure medicine for consumption known to the medical fraternity today, and a warning to all persons suffering with tuberculosis is uttered here.

There is another class of "cures" which includes institutes, professors or "doctors," who for a consideration guarantee to cure the consumptive by some secret method of which they are sole proprietors. It is stated that there are nearly One Hundred fifty of these in the United States.

There is also another class of "cures" in which are placed home remedies, which, either through ignorance or superstition, have been advanced as treatments for this disease. Some of these are lemons, rattle snake poison, coal dust, lime dust, pig's blood, dog oil, milk stripplings and alcohol. There is no drug or other material yet discovered which when eaten, inhaled or injected into the body, will kill the germs of tuberculosis.

If you have consumption you should observe the following rules. Consult a good physician at once, and request a thorough diagnosis, then do absolutely what he tells you. Live and sleep in the open air. Get as much rest as possible. Stay in the sunshine. Be cheerful. Eat an abundance of good wholesome food. Don't worry. Be sure to inform yourself so that others will be protected against your infection. Fight hard and you will win.

Dearest Father he has left us and our loss we deeply feel

But 'tis God who has bereft us He can all our sorrows heal

Yet again we hope to meet thee When the day of life is fled, when in heaven with joy to greet thee where no farewell tear is shed.

MAKING FINE RECORD

WATERLOO COLLEGE OF COMMERCE HAS FORGED AHEAD SINCE START IN CITY.

School Has Reputation of Being One of the most Progressive in Northern Part of Iowa.

True to the progressive spirit that has characterized the College of Commerce since its establishment in Waterloo, the school is issuing a catalogue that reveals the Waterloo way in a most excellent manner.

Mr. R. E. Eklund, president of the College of Commerce and the Oelwein Business university, planned the catalogue along entirely different lines than are usually followed by institutions of that kind. The result is an attractive school history containing the element of human interest both as regards the pupils and their work and the institution itself.

The college colors are used in the cover design, old rose and gray making a beautiful combination bearing in the initials W. C. C. and the letter B, embossed in a floral emblem on the front. From cover to cover the catalogue contains cuts of students and sections of both the local school and that of the Oelwein institution, besides reading matter pertaining to the schools and the students.

Enjoyed Rapid Growth. The Waterloo College of Commerce has enjoyed a very rapid growth

since its establishment here in August, 1908. Sixty-five students were enrolled at that time. Before the close of the first year over 200 students had been enrolled and since last September 304 pupils have entered making the local business college one of the largest in the northern part of Iowa.

The success of the institution is due to the progressiveness of Mr. Eklund, who has had long experience in the preparation of students for a business career. Feeling satisfied that students who expected to earn their living in the commercial world should be made familiar first of all with the latest devices known, he equipped the College of Commerce with every modern assistant to the routine work of an up-to-date office.

The latest standard typewriters electric Burroughs adding machines graphophone dictators, writer presses, mimeographs and the latest designed filing cabinets are at the disposal of the students who enter to study for a commercial career. This spirit of the school shows in the incessant demand made by business men for its graduates. One large concern already has a score of the school's graduates working for it and no trouble is ever experienced by the pupils in getting positions.

Mr. Eklund promised Waterloo a thoroughly equipped institution when he came to this city and as results are always the best means of judging, this city must return a verdict in his favor, for the school is turning out expert commercial students that are a credit to the community.

The catalog was made by Matt Parrott & Sons Co. of this city and is an excellent advertisement of their workmanship.

'FOLEY KIDNEY PILLS HAVE CURED ME'

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost my strength and ambition; was bothered with dizzy spells my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me."

—Anders & Phillips.

Makes Lumbering Unprofitable. While there is an abundance of suitable timber in Brazil, it is difficult to find many districts where the trees suitable for lumber are close enough together for profitable work.

MUST BE ABOVE SUSPICION. Kidney and bladder ailments are so serious in their consequences, and if unchecked so often fatal that any remedy offered for their cure must be above suspicion. Foley Kidney Pills contain no harmful drugs, and have successfully stood a long and thorough test.—Anders & Phillips.

A Waste of Money. Hub—Reckless and extravagant! When did I ever make a useless purchase? Wife—Why, there's that fire extinguisher you bought a year ago; we've never used it once.

HAY FEVER AND ASTHMA. Bring discomfort and misery to many people but Foley's Honey and Tar gives ease and comfort to the suffering ones. It relieves the congestion in the head and throat and is soothing and healing. None genuine but Foley's Honey and Tar in the yellow package.—Anders & Phillips.

The Truth in Most Cases. A man tries to control his children before he has learned to control himself.—New York Press.

"IS LIFE WORTH SAVING?" Mrs. Mollie McRaney, Prentiss, Miss., writes that she had a severe case of kidney and bladder trouble, and that four bottles of Foley's Kidney Remedy cured her sound and well. She closes her letter by saying: "I heartily recommend Foley's Kidney Remedy to any sufferer of kidney disease. It saved my life."—Anders & Phillips.

Not Finished. "Americans are so unfinished," has been the complaint of Europeans. We are and glad of it. Yankees are starting the world with their achievements and will, we believe, stick to the habit.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more.—Anders & Phillips.
