Three Facts that Will Soak In

No matter what your cranium contains; We carry by far the largest stock of Men's wear in Delaware county, therefore we have enough regular goods to hold such a tremendous sale as this will be without going to market and make special purchases of cheap shoddy goods in order to have goods enough to make a showing. We always have all goods marked in plain figures and a One Price to All, consequently could not, if we wished, mark goods up for a sale in order to show a bigger cut. We operate Seven stores in the state of Iowa ourselves, hence are among the largest buyers in the middle west, which means we buy independently of all associations and our large and growing trade is evidence that we extend the advantage of this great buying capacity to our trade.
