FATS VS. LEANS.

This (Wednesday) afternoon the fats and leans meet in mortal combat on the local ball lot in what promises to be one of the hottest engagements seen here this season. The leans have never recovered from the defeat at the hands of their portly brethren last season and are determined to even up the old score. Following is the lineup:

CHARLES CITY—MANCHESTER.

Charles city defeated the local team at Lamont last Friday by a score of 4 to 3. The home team played a perfect fielding game and with an even break of luck would have won the game.

MANCHESTER 4, CHARLES CITY 3.

Manchester took the fast Charles City bunch in camp at the local lot Thursday afternoon by a score of 4 to 3. Jacobson pitched the first six innings of the game and Crabb the last three.

NORMAL INSTITUTE BRINGS MANY TEACHERS

TEACHERS ASSEMBLE FOR TWO WEEKS INSTRUCTION IN THIS CITY.

KEFFORD DELIVERS HELPFUL LECTURE

W. H. Norris Honored by Knights Templars at Chicago Last Week.

The Normal Institute convened Monday morning with an enthusiastic lot of teachers. Naturally under such conditions Manchester, desiring to play the polite host, has given things over pretty much to the pretty school mams. It is generally supposed that Institute is for ladies only but the reporter of The Democrat counted seven young men who contemplate competing with the ladies for their jobs.

That the teachers are interested is shown clearly by a brief visit to the High School. All is quiet and no one is about during recitations. Only when classes change do we see any confusion. During Monday about one hundred and twenty teachers enrolled. Even as early as 8:45 yesterday morning all recitations were under full swing with good sized classes present. All indications are that the usual number will be in attendance.

Each class is in charge of a splendid instructor. All have had years of experience in class room and institute work, hence bring to this Institute the best outlines and methods of the times. The following is a list of instructors: Grant E. Finch, Dillon, Montana, teacher in geography and arithmetic; A. F. Benson, Minneapolis, in didactics; Karl Buren Stein, Chicago, music; Robert Reinow, Elkader, grammar; W. B. Guthrie, New York City, history and civics; O. W. Bredenthal, Hopkinton, penmanship; Mrs. Karl Buren Stein, Chicago, reading; Miss Bertha Conner, Chicago, drawing; Miss Alice Wilson, Des Moines, primary methods.

Lectures. Monday afternoon Mr. A. E. Kefford, state lecturer for the Iowa Board of Control, delivered, before the teachers, a splendid and helpful lecture at the High School assembly room. His subject was Tuberculosis. Mr. Kefford handled his theme in a masterful way. His treatment was from a scientific standpoint, yet intensely interesting. He took up the origin of tuberculosis and traced the development of the disease, also directing the attention to measures of prevention, closing with a stirring appeal for greater care in preventing spread of the disease and urging the teachers to make a conscientious effort to stamp out tuberculosis. Mr. Kefford predicts that another generation will see it largely eradicated if all will do their full duty and use proper care in preventing the spread of consumption. Mr. Kefford gave a very good motto that all should keep clearly before them. It was "No Spit, no consumption."

Tonight (Tuesday) Mr. W. B. Guthrie will speak at the Court House He has chosen for his theme, Some Modern Problems in Education. It is entirely unnecessary to speak of Mr. Guthrie's ability to the people of Manchester. His previous appearances here have established their confidence in him. They know him to be a clear thinker and a hostian of unusual ability, one who has thought out clearly all public speeches. Mr. Guthrie has spent several years teaching at New York University and has also been a lecturer for the Civic Association of New York City, hence has had ample opportunity to study the problems of our present day system of education. In addition he has lectured in almost every state in the middle west also many eastern states which has given him ample opportunity to study both city and rural conditions.

Friday evening Mr. Robert Reinow will lecture in the same room. He has chosen for his theme, "The Man Behind the Desk." Those teachers and patrons who heard Mr. Reinow two years ago at the Delaware County School Officers meeting will remember his delightful address. His style is clear and concise. He presents his subject in a logical, also pleasing manner, driving home his truths by examples chosen from his broad personal experience, yet with self elimination. Mr. Reinow will handle his subject from the standpoint of our High School as a training place for the people who will soon be taking a place in life. The parents of Manchester should hear his address. They are the ones who should be interested in their sons and daughters, also in what preparation for life the child of today is receiving. Mr. Reinow is a practical school man who is doing things and persons who attend will hear something good.

The regular monthly meeting of the city council was held at the council room on Monday evening with Aldermen Cruise, Hyde and Dittmer, and Mayor Long present. The minutes of the last meeting were read and approved. The proposition of extending the macadam on Gay street to the end of the street and on Union street was laid over until an adjourned meeting of the council to be held on this (Wednesday) evening.

W. H. NORRIS TO HAVE ARRANGEMENTS OF NEXT CONCLAVE IN CHARGE.

Hon. W. H. Norris is at home from Chicago where he attended the Triennial Encampment of Knights Templars. He says the conclave just closed was one of the most successful in the history of the order. An estimate of the number of strangers in Chicago during this time is placed at about five hundred thousand. To anticipate the wants and comforts of this vast number who had to be provided for was a task which was successfully accomplished. The Knights Templar committee on arrangements upon which this responsibility rested had worked for months perfecting the plans and was highly complimented on its work, because much of the success of a gathering of this kind depends upon the character of the preparation for it. Chicago did its part also. A spirit of genuine hospitality prevailed among all classes. Whether the visitor was in the big retail stores or out on the streets he was shown every consideration and courtesy.

Denver was selected as the next meeting place in 1913. Mr. Norris is destined to take a prominent part at this meeting by reason of the fact that he was chosen chairman of the committee on arrangements for the next encampment. In this office Mr. Norris succeeds William B. Mellish of Cincinnati who has performed its duties for the past fifteen years and who was this year elected to the office of Grand Master, the highest in the order. Grand Master Mellish and Mr. Norris will co-operate in the management of all arrangements for the Denver encampment.

CORNER STONE OF NEW CATHOLIC CHURCH AT RYAN IS LAID.

On Monday, August 15th, occurred the ceremony of laying the corner stone of the new Catholic church, now under construction. Mass was celebrated at 9 o'clock by Rev. Father Dunham of Fairbanks, Iowa. The laying of the corner stone took place at 2 o'clock and was conducted by Rev. P. Leahy of Dubuque, in the absence of Archbishop Keane, who was unable to be present. Father Leahy was assisted by Rev. J. O'Donnell of Monti, Rev. M. S. Murray of Castle Grove, Iowa, and Rev. J. Collins of Manchester. Rev. E. Slattery of Garytown, Rev. J. Roesch of Cascade and Rev. John Molloy, pastor of the new church.

After the stone was laid and the ceremonies in connection therewith were concluded the clergy and people descended to the basement where an eloquent and impressive sermon was preached by Rev. Father Dunham, who gave the pastor and congregation much praise and encouragement in the work they are undertaking. After the sermon the choir, assisted by Messrs. Simon Murray of Dubuque, Gene Mulvihill of Manchester and the Misses Dora Henkels, Sue Sander of Dyersville and Catherine Decker of Delhi rendered several appropriate selections which concluded the ceremonies.

The corner stone is a gift of Mr. B. Schultz and is composed of a marble slab laid in a frame of blue bedford, and on the slab is inscribed, St. Patrick's church, 1910—A. M. D. G.—A. M. D. G.—Dei Gratia—To the Greater Glory of God. In a cavity 6x8 inches by 4 inches in depth chiseled in the top of the stone, was placed a scroll containing the names of the present Pope, the Archbishop of Dubuque and the pastor of the church, also the president of the United States, governor of Iowa, and our representatives also the mayor of the town of Ryan and city council.
