WOMAN AUTHOR AT HOME.

Home-made jam is gradually disappearing from the twentieth century European household. And yet 60 years ago George Sand, who treated most of her domestic duties somewhat lightly, was discovered by a visitor wearing a cotton dress and a big apron, and skinning a painful of fruit destined for the jam-pot. "It is not easy work," she remarked, "I find it harder to make good jam than to write 'Valentine' or 'Mauprat'; but there are some tasks one cannot leave to others."

PERFECT COATING FOR HAM.

"Mastrin" is the name of a substance that is used in Bohemia to coat hams. It is as pliable as rubber, tasteless and harmless, and keeps the hams—also meats, eggs, etc., perfectly fresh almost indefinitely. The mastrin can be peeled from the ham almost as easily as the skin from a banana.

CHILDREN CRY FOR FLETCHER'S CASTORIA

Children Cry FOR FLETCHER'S CASTORIA

Children Cry FOR FLETCHER'S CASTORIA

ONLY FIVE TIMES IN 400 YEARS.

With the beginning of the second decade of the twentieth century (1911) some very strange and interesting facts are deduced.

The beginning of 1911 being on Sunday, the first day of the week, the first day of the month, and the first day of the year, is not as strange as that the first day of the decades are very few that start out on Sunday.

This singular coincidence in the decades has occurred before only five times in just 400 years, when in 1511, according to the Gregorian calendar (new style), it was the same as now, 1911. Again, it occurred in 1561, then again in 1651, and again in 1741, and then the last before now was the beginning of the decade 1871, forty years ago.

The next time that it will occur will be in 1951, or fifty years hence, and the next time after that will be 2051; then again in 2141, the next in 2271, and then again in 2311, or 400 years from now and so on along down the ages at periods of 400 years from each of the years given above.

It is also very interesting to note that since the beginning of the Christian era, according to the Julian old style calendar, the Seventh and Fourteenth centuries, that is, 601 and 1301 are the only centuries up to the present time that have started off on Sunday (the first of the week, month and year), and, according to the present calculation of time, it will never occur again.

FOLEY KIDNEY PILLS.

Neutralize and remove the poisons that cause backache, rheumatism, nervousness and all kidney and bladder irregularities. They build up and restore the natural action of these vital organs.—Anders & Phillips.

Origin of "Yonkers." Patron Van de Donck, in the years after 1614, lived such a serene and robust life on his Hudson River estate that the Dutch villagers called his manor farm, "De jonkheer's land"—the gentleman's land; later compressed by the frugal English into "Yonkers."

A SPECIAL MEDICINE FOR KIDNEY AILMENTS.

Many elderly people have found in Foley's Kidney Remedy a quick relief and permanent benefit from kidney and bladder ailments and from annoying urinary irregularities due to advancing years. Isaac N. Regan, Farmer, Mo., says: "Foley's Kidney Remedy effected a complete cure in my case and I want others to know of it."—Anders & Phillips.

Division of Salary. "What!" exclaimed Mrs. Flatheigh. "You don't mean to tell me you pay a girl \$10 a week for cooking?" Oh, no," replied Mrs. Urbandale. "We only pay her \$2 a week for cooking. The other \$8 is for staying."—Chicago Daily News.

"Foley's Honey and Tar is the best cough remedy I ever used as it quickly stopped a severe cough that had long troubled me," says J. W. Kubla, Princeton, Nehr. Just so quickly and surely it acts in all cases of coughs, colds, laryngitis and lung trouble. Refuse substitutes.—Anders & Phillips.

LONDON BARGES DISAPPEARING.

The picturesque red-sailed London barge, formerly so plentiful on the river reaches is slowly vanishing. The coasting trade in and out of the Thames has been so bad lately that barges have had to look elsewhere for a living.

A MOTHER'S SAFEGUARD.

Foley's Honey and Tar for the children. Is best and safest for all coughs, colds, croup, whooping-cough and bronchitis. No opiates.—Anders & Phillips.

OR A STRONG FACE.

Even when a man knows he isn't handsome, he thinks he has a rather intellectual look.—Philadelphia Bulletin.

A COLD, LAGRIPPE, THEN PNEUMONIA.

Is too often the fatal consequence. Foley's Honey and Tar expels the cold, checks the lagrippe, and prevents pneumonia. It is a prompt and reliable cough medicine that contains no narcotics. It is as safe for your children as yourself.—Anders & Phillips.

WHERE LIVING IS TOO EASY.

Paint-beated men are the fruit of urinous countries.—Herodotus.

WARNING TO RAILROAD MEN.

Look out for severe and even dangerous kidney and bladder trouble resulting from years of railroad. Geo. E. Bell, 639 Third St., Fort Wayne, Ind., was many years a conductor on the Nickel Plate. He says: "Twenty years of railroading left my kidneys in terrible condition. There was a continual pain across my back and hips and my kidneys gave me much distress, and the action of my bladder was frequent and most painful. I got a supply of Foley Kidney Pills and the first bottle made a wonderful improvement and four bottles cured I have recommended Foley Kidney Pills to many of my railroad friends."—Anders & Phillips.
