A more perfect day for the annual Harvest Home could have hardly been given if made to order and it is thought there was the largest crowd ever in attendance. The address in the morning was on dairying by E. S. Estel, of the State Dairy Association. Mr. Estel also judged the stock of which there was a good display. After a picnic dinner the crowd again assembled to hear Section Kravon speak. Everyone enjoyed his address which was not on politics but he touched here and there on subjects he thought would interest his hearers and the verdict was that if he stood firm for the improvements as expressed he would be the right kind of a senator. A large crowd went to the ball grounds to see the game between Hopkinton and Delhi which resulted in victory for Hopkinton 8 to 3. The races of all kinds took place on Main street. In the evening there were all sorts of attractions. Everyone could take their choice. A moving picture show on Main street a merry go round, a tent show and a dance. It is hoped the people here will do all in their power to help make the state of Iowa all white. One thing of importance said was if those who represented the people at the legislative would not vote for laws to put down the liquor traffic to turn them down and put in those who would.
