

VOJ XXXVIII

ENTERED AT POST OFFICE AT MANCHESTER, IOWA, AS SECOND-CLASS MATTER.

MRS. H. J. WILSON DIES AT INDEPENDENCE

NATIVE OF THIS COUNTY AND MANY YEARS A RESIDENT OF THIS CITY.

ACUTE APPENDICITIS CAUSES DEATH

Present Cold Snap Breaks All Records for Continuous Low Temperature.

MRS. HARRY J. WILSON

Manchester friends were grieved to learn of the sudden death of Mrs. Harry J. Wilson at her home in Independence on Saturday, January 6, 1912. She had been ill only a week. She suffered an acute attack of appendicitis a week ago Sunday and an operation was performed the following day. Her condition was critical from the first attack and all efforts for her relief were unavailing.

Ida Susan Griffith was born near Coteburg on September 28, 1859, a daughter of Mr. and Mrs. George Griffith. She was united in marriage with Harry J. Wilson of Greeley on October 13, 1878, and to this union two children were born: Clyde H. Wilson of Independence and Mrs. Florence E. Smith of this city. Besides her husband and children she is survived by the following sisters: Mrs. Clayton Mark, Chicago; Mrs. Bess Smith, Chicago; Mrs. Henry Vorwald, Dyersville; Mrs. Joseph Robinson, Edgewood; Mrs. George Quinn, Woodlawn, Colorado; and Mrs. B. S. Smith, Washington, D. C.

The deceased resided in several places during her lifetime but many years residence in Delaware county endeared her to a wide circle of intimate friends in this vicinity. She resided in Manchester with her husband during the years he conducted the Clarence House and materially contributed to the successful management and the popularity enjoyed by this hotel during that time. She was tireless in giving service to her family. She was a kind and loving wife and mother and the Manchester friends of the family deeply mourn with them in their sad loss.

Mrs. Wilson was a member of the order of Eastern Star. The funeral service was held at Independence Monday afternoon at 1:30 p. m. and the remains were brought to this city and placed in the receiving vault in Oakland cemetery.

A RECORD BREAKER.

All cold records for this vicinity have been broken since the turning of the New Year. The temperature has registered below zero every day. Some thermometers registered as low as 30 degrees below zero on the 7th but the following readings taken by J. W. Lewis are regarded as accurate. The minimum daily temperature for the first nine days of January was as follows:

- January 1—11 below zero.
- January 2—11 below zero.
- January 3—9 below zero.
- January 4—13 below zero.
- January 5—21 below zero.
- January 6—20 below zero.
- January 7—27 below zero.
- January 8—6 below zero.
- January 9—11 below zero.

On January 5th, 16 degrees below zero was the warmest point during the day. This reading was taken at 12 o'clock noon.

The government predicts warmer weather for the last of this week.

Channel ice is about 9 inches and that along nearer the shore about 14 inches.

CONDUCTOR FRED B. TILLIT'S DEATH DUE TO ACCIDENT.

Mention was made last week of the death of Conductor Fred B. Tillitt of Boone, a number of whose relatives reside in this county. We relate the following facts from the Boone News-Republican: "This Saturday morning at 10:00 o'clock while standing on the main line of the Northwestern railway at Denison, Fred B. Tillitt, of No. 1221 Story street, this city, a conductor in the employ of the Northwestern was instantly killed by passenger train No. 7, due out of this city shortly before 8:00 o'clock in the morning. The body was badly mangled, both legs being broken, the head crushed and the body otherwise bruised.

"He, with brakeman E. S. Smith, got off their engine and stepped to the south side and onto the west bound track of the main line.

"Smith stepped from the track in the discharge of his work but Tillitt remained where he stepped from the engine. Smith either heard the fast passenger coming or caught a glimpse of it through the smoke and steam for he yelled a warning to Tillitt, which the latter did not hear on account of the noise made by his own train in moving. The smoke and steam which was being blown from the north obscured, not only the view of Tillitt, but also of the crew of No. 7, for the crew did not know that there had been any accident until they had left Denison.

THROWN AGAINST OWN TRAIN.

Tillitt was thrown by the engine of the passenger, No. 1516 against his own train and with such force that his death was instantaneous.

He was a conservative, safe and painstaking railroad man and a favorite with officials and employees alike. He was a member of the B. of R. T., of the Blue Lodge of Masons and of the W. O. W."

WRECK NEAR JESUP.

Six persons were slightly injured late Saturday night, when an engine being "dead-headed" on Train No. 27 on the Illinois Central, crashed into the caboose in which they were riding. Engineer Henry Thompson of Waterloo, who was riding in the cab on the "dead" engine, sustained greater injuries than any of the other passengers, but his condition is not thought to be serious.

REILLY—SMITH.

At the Catholic church at Montu tomorrow (Wednesday) will occur the marriage of Miss Catherine Reilly and Mr. Dennis Smith, both of Montu. The bride is a sister of Miss Margaret Reilly, who is stenographer at the Delaware County Abstract office in this city.

WANT THIRD JUDGE.

Waterloo papers and attorneys are discussing measures to relieve the congested condition of the court calendar in Black Hawk county. The volume of law business has naturally increased there as the city has grown in population and the result is that the two judges are unable to keep up the work.

In a recent issue the Waterloo Courier makes comment as follows on the subject: "The court calendar of Black Hawk county is swamped. The January terms opens with many cases postponed because of crowding from the September term. Only about two-thirds of the cases docketed for the January term could be assigned this month and the probabilities are that a murder trial of some length will be docketed for the February term. Something must be done to relieve the court and provide the county with the means for getting its cases handled promptly.

"There are three remedies suggested. One is to secure a third judge for the judicial district, another to establish a superior court with practically the same jurisdiction as the district court, and a third is to secure an outside judge temporarily until the calendar is cleared. It would seem that if the present bench force is sufficient to handle the volume of business it would not have become so swamped as it is today. Furthermore, the city and community are growing and if our present judges by crowding should be able to proceed for a while without getting behind they could not do so long. It looks as if Black Hawk county would have to branch out in its judicial department and support another judge in order to keep its court business up to date.

"Some idea of the comparative amount of district court work in Black Hawk county as compared with the other counties in the district is gleaned from the following statement, a report of the clerks, giving the number of days of court in the various counties: Black Hawk... 248 Buchanan... 98 Delaware... 39 Grundy... 18

"In other words, court was in session in Black Hawk county 248 days in 1911 and only 155 days in the other three counties. This shows how important it is that there should either be another judge in this district or some other plan formulated for relief from the deluge of suits, which now number nearly 1,000 on the January calendar.

"The following tables show the number of days of court held in each county by each judge and also the number of days in which the official court reporters worked in 1911: Black Hawk County.

Judge Platt	163
Judge Ransier	85
J. B. Newnam	142
Mrs. Nellie E. Corlis	41

Buchanan County.

Judge Platt	27
Judge Ransier	71
J. B. Newnam	1
Mrs. Nellie E. Corlis	76

Grundy County.

Judge Platt	8
Judge Ransier	10
J. B. Newnam	16
Mrs. Nellie E. Corlis	1

Delaware County.

Judge Platt	16
Judge Ransier	23
J. B. Newnam	2
Mrs. Nellie E. Corlis	33

"There are four terms of court in each county; and in Grundy the average days of court session for each term was four and a half, while in Black Hawk the court is in session most of the time except during July and August and on many days during those months.

MINISTERIAL ASSOCIATION HOLD ANNUAL MEETING.

The annual meeting of the Ministerial Association, which was held last Tuesday afternoon, proved to be one of the most interesting and profitable meetings since the organization of the association two years ago.

The following are the out of town guests who were here for the session: Rev. J. W. Turner of Edgewood; Rev. H. W. Artman and Rev. Mr. Couchman of Earlville; Rev. A. B. Kernahan of Greeley; Rev. D. C. Perry of Masonville, and Rev. T. J. Hamilton of Hopkinton.

The election of the 1912 officers of the association resulted in the following being chosen: Rev. J. P. Black, pastor of the Methodist Episcopal church of Manchester, president; Rev. H. S. McDonald, pastor of the Baptist church of this city, as secretary and treasurer; and Rev. Mr. Couchman, Rev. Mr. Perry and Rev. W. H. Ensign as members of the program committee.

FOUND SOME BURIED MONEY.

An interesting story comes from the Backbone county, where, a few days since, a man named Fews was grubbing and in the root of a large tree found an iron kettle, in which was a mammoth array of gold and silver coins. Counting them revealed the fact that there was the sum of \$2,500 in all. The latest date of any of the coins was 1853. There are said to be many conjectures as to how the money got there. It was found at or near Forestville, which is near the Backbone.—Independence Bulletin, Jackson.
