Mr. Underwood was a member of the 32nd Iowa Regiment in the Civil war where he was wounded and contracted a disease which caused his death. Mrs. Underwood and son George came to Delhi, Iowa, where she had a sister residing with whom she made her home. In May 1865 she was married to Orange Harris and removed to Manchester. Mr. Harris died August 7, 1901. She leaves to mourn her loss a son, George A. Underwood and a daughter, Mrs. Ethel J. DR. G. R. DREW.

W. L. Drew received a dispatch on Monday from his brother at Colorado City, Colorado, announcing the death of his father, Dr. G. R. Drew, which occurred in that city on Monday morning of this week.

Dr. G. R. Drew was born at North Danville, Vermont, in September, 1827, where he resided until the death of his wife which occurred in the year 1905. He then came to Manchester and lived with his son, W. L. Drew, for several months, after which he removed to Colorado City, to make his home with his two sons, Frank and George M. Drew.

Dr. Drew practiced medicine up to the time he came west. He was a scholarly man who attained a high rank in his profession. He was a life long worker in the Methodist church and was a great advocate of temperance, of which many here can testify, having heard him speak along these lines. The deceased is survived by three sons, W. L. Drew of this city, Frank Drew and George M. Drew of Colorado City, Colorado. The remains will be taken to Danville, Vermont, for burial.

LENOX COLLEGE WINS OUT IN THE \$105,000 CAMPAIGN.

The campaign which Lenox College has been carrying on for a \$105,000 enlargement came to a successful issue last week somewhat ahead of schedule time. It was undertaken in response to a will that left a splendid 240 acre Iowa farm and some \$6,000 in cash to the college on condition that \$25,000 more be secured by the 18th of March, 1912. President Reed met the challenge by undertaking to raise \$75,000 instead of \$25,000. And again he has surprised the croakers who said it could not be done. Up to February 1st, not many pledges had been secured though much preparatory work had been done. But from that date there has been something doing all the time and pledges have been coming in at the rate of about \$10,000 a week. How was it done? Much credit must be given to President Reed and his assistant, Dr. J. F. Hinkhouse of Fairfield, for their superb generalship. Every minute of the time they were on their job exercising great wisdom in all their plans. But to the small givers belongs the honor of winning the victory. Their number is legion and their residence has been from New York City to Seattle. Besides the gift of the College Board, there has been only two gifts larger than \$1,000—one of \$10,000 and another of \$7,000. There is great rejoicing in the college at the fact that students and friends of this, the oldest Presbyterian college in Iowa, have given the college a net endowment of \$175,000, wipes out a very embarrassing debt, provides for a new wing to the main building, besides leaving something for needed equipment. Five years ago the assets of the school were a little more than \$65,000. Before this campaign was begun in Iowa, \$70,000 can be added to that sum. Truly this old school is renewing the vigor of youth. It looks to the future with large hope. Plans are maturing for a larger movement in the not distant future.

ANNOUNCEMENT.

I do not wish my name to run as a candidate for the president of the United States under any circumstances whatever, as my present age is one great thing in my favor, and if I should run and be elected, they would shoot me before I was there two weeks.

I thank my republican friends very kindly in their electing me to a number of small offices.

COUNCIL TO DECIDE QUESTION OF NEW PAVING NEXT MONDAY EVENING.

The next session of the council to be held next Monday evening promises to be an important one. At this time the proposition of new paving will come up. It has been proposed to order in paving on Main street, three blocks on Union street and two blocks on the side streets adjoining the business part of town. It is understood that a remonstrance signed by a majority of the property owners abutting on the three blocks on Union street will be filed and that the council does not propose to order in the paving if the property owners do not want it. There will probably be no signed remonstrance filed against the Main street proposition but there is a strong sentiment among the property owners along this thoroughfare to postpone the construction of this paving for at least another year. They would like to see how the Franklin street paving is going to appear when completed. If this paving turns out to be satisfactory it would be wanted on other streets in town but if any undesirable feature should appear, it would not be wanted elsewhere, and some other kind of paving would be more desirable. Main street is not in a bad condition. There is no crying need for improvements there as on Franklin street and it would not seem unreasonable if the council would defer action on the paving on the other streets of town until the Franklin street job is finished.

STORM A RECORD BREAKER.

The snow storm of last Wednesday was a record breaker. It was the heaviest snow in years, nearly nine inches falling in one day. Coming so late in March makes the fall so late the more remarkable. The snow fall for March has been the heaviest in twenty years according to the weather bureau.

During March this year there has fallen nearly as much snow as fell during the whole of February, when there was a precipitation of 18 inches, most of it in a single storm, which brought 15 inches. All during the earlier months of the winter, although the cold was intense, there was comparatively little snowfall, less than has fallen this month alone, but the precipitation of the past two months has brought the total snowfall for the year higher than the average for the winter. In October the snow fall amounted to only 0.5 inches, November, 2.9 inches, December, 7.4 inches, January, 5.8 inches, February, 1.8 inches and March, to date, 16.7 inches.

While the snowfall in the early part of the winter was below the average, the cold weather kept it on the ground and since December 26th, 1911 with the exception of only a few days the sleighing has been excellent.

GEDNEY HOTEL CHANGES HANDS

Landlord Wilson Disposes of Business to William Jarvis.

A change in the management of the Gedney hotel business goes into effect the first of April. Landlord H. J. Wilson has disposed of his lease to William Jarvis, who takes possession on the above date. The transfer will also include a goodly supply of hotel furniture, bedding, rugs, dishes, silverware, etc., belonging to Mr. Wilson. The change is in the hotel only, not of the management of the opera house or power plant. Mr. Jarvis is no stranger in the hotel business. He and his son-in-law, W. H. Raymond, of this city, conducted the Jarvis Inn at Rockford, Ill., for between twelve and fourteen years. They started the business and built it up to one of many thousands of dollars annually, discontinuing it last spring. For several months Mr. Jarvis has been here in Independence. He has a goodly acquaintance in this city as well as with the traveling public, and will no doubt make a success of the Gedney business. He plans to make several improvements in the place, installing new furniture and other changes. Mr. Wilson is undecided as to his future movements. During the two years that he has been in charge of the Gedney, Mr. Wilson has made it one of the popular hostleries in this section, and his local friends will be pleased to learn that the proposed change does not mean his removal from this city at present at least. He is interested in the Meyers-Koch Auto company and will devote his attention to that business.—Independence Bulletin Journal.
