It is asserted by the Basques that their language, which bears a strong resemblance to certain North American dialects, is the oldest one in the world, and was spoken by Adam and Eve in the garden of Eden. They also boast that it is the most difficult of all languages to learn. According to a native legend, the devil lived among the Basques for seven years, and during that time learned only two words of their tongue, "hot" and "cold." "Hot" and "cold" and these two words he forgot within an hour of leaving the country.
