The Woman's Missionary society of the Presbyterian church meets on Wednesday afternoon with Mrs. C. E. Reeve. The addition to the Hopkinton State Bank has been completed and adds much to the outward appearance and convenience to the working force of the institution. The evangelist singer, H. P. McBride, occupied the pulpit of the M. E. church last Sabbath morning and evening. The work of laying the telephone wires underground has been going on as rapidly as weather conditions permitted. The removal of the poles in the business part of town will be a great improvement.

EARLVILLE. Died, at her home in this city on Tuesday evening, October 28, Mrs. Abigail Kahl, aged 76 years. Death was due to stroke of paralysis sustained on Saturday morning. Deceased was one of the county's early settlers and was beloved by a large circle of friends. For many years she, with her husband, lived on a farm north of town, but for the past fifteen years made her home with her daughter Lillian in town. She leaves to mourn her demise four daughters—Mrs. Henry Waldo of Edgewood, Mrs. Ella Robinson of

Waterloo, Mrs. Mary Mattingly of Cedar Rapids and Lillian, at home. Funeral services were held Saturday from the Methodist church. Interment was made in Fairview cemetery. Among those from away to attend the funeral were Mr. and Mrs. T. J. Kahl of Lena, Illinois. Mr. and Mrs. J. Heide are the parents of a daughter born October 28. J. A. Miller is making some changes in the rooms over his harness shop preparatory to moving his family into the same for the winter. On Saturday evening, in this city, occurred the death of Herman Reth, aged 70 years. Deceased had been a sufferer for many months from cancer of the stomach and his death came as a gracious relief on Saturday. He was a prominent farmer of the county, living south of town until a year ago when he moved to Earlville. Funeral will be held from the M. E. church on Wednesday afternoon. A more lengthy obituary will be published next week. Mrs. Will Catron and children of Minneapolis have returned to their home after a short visit with Mrs. Catron's mother, Mrs. L. G. Hersey. They were accompanied by Miss Grace Hersey. Mrs. L. G. Hersey left Monday for Cedar Falls, where she will visit for some time with her son, Prof. S. F. Hersey. The young ladies of the Congregational church were most pleasantly entertained on Saturday evening at the new home of Mrs. Fred Hahn. The members of the Outlook club held their annual guest night on Halloween at the home of Mr. and Mrs. Henry Sharp. The decorations were all in keeping with the occasion, and after an elaborate six o'clock dinner, the evening was passed in games, fortune telling, etc. Ed. Bisgrove and Mr. and Mrs. G. White returned from Clear Lake, last week, where they attended the funeral of Mr. Bisgrove's sister, Mrs. John Rich. Mrs. Chas. Schanbeck was called to Dubuque last week by the serious illness of her mother. Fred Moorman has purchased the Fred Nagel farm south of town for \$105 per acre. Mr. and Mrs. Nagel will move to town. Mrs. Jos. Garrett has been confined to her home north of town for the past three weeks, with inflammatory rheumatism. Mrs. Chas. Laxson is on the sick list this week. A moving picture show is holding forth at the opera house this week.

COLESBURG. The Dashington Company has opened a pleasing attraction at the opera house during the past week. Mrs. A. E. Lewis is quite poorly at this time. NEAL DRINK HABIT TREATMENT is the most modern and successful of all known treatment for the liquor habit. It has cured thousands of men and women of all craving and necessity for liquor and it will cure you or your friend who drinks to excess, quickly and positively. No hypodermics. A satisfactory result is guaranteed. Call or write for Dr. Neal's free book describing the treatment. NEAL INSTITUTE, 821 Farnum St., Davenport, Ia. J. J. Morrow, Mgr.

Why Poison Drops Fail. The use of poisonous drops in testing eyes is to paralyze and relax the muscles that control the Crystalline lens and the size of the pupil. If there is some systemic weakness the muscles do not always regain their normal condition and the result is that the pupil remains large or the lens is unable to regain its full strength. If the pupil is large colored glasses are given which only serve to modify excessive light while the pupil still remains large. You soon have an unnatural relation for if one should act and the other does not there is lack of coordination because the contraction of the pupil is controlled by the same set of nerves as the muscles of the lens. If the pupil is too large then we have a right to conclude that the lens is light enters the eye for which allowance can not be made. Drugless Method of Fitting Glasses. E. W.
