A Modern Home

You get the most out of life in a modern home. The modern home was never more attractive than it is today.

In no other age has it been deemed to be such a necessity.

Never was there a time when a modern home could be built for less money than today.

If you are in doubt as to just what design you want, drop in and talk it over; possibly we may have some ideas or plans that may help you. Any assistance we may render you will cost you nothing, nor obligate you in any way to us.

The American Adding Machine

The Latest Adder Costs but \$35 See our exhibit-ask for 10 days' trial

Here is a new price on a competent Adder. On a machine that is rapid, full-size and infallible. The very latest machine, built by men who know, in one of the largest metal-working shops. It is an individual Adder, to be placed on one's desk, close to the place of the central machine requiring skilled operators. It is also intended for offices and stores where costly machines are a luxury.

The price is due to utter simplicity, and to our enormous output. Seven keys do all the work.

Each copied number is shown up for checking before the addition is made.

The machine will add, subtract, and multiply. With very slight practice anyone can compute a hundred figures a minute and the machine never makes mistakes.

Countless offices, large and small, are getting from these machines the highest class of service.

Now we make this offer so that offices everywhere may learn what this machine means to them.

TEN DAYS' TEST

We will gladly place in any office one American Adder for a ten days' test.

There will be no obligation, and charges will be prepaid.

Compare it with any non-latter—even the costliest. Let anyone use it. See if any machine can serve better than this.

Just send us this coupon and we'll send the machine.

C. G. Yoran, Manchester, Iowa.

The Wonderful Motor Car Values

Given in the 1914 Buick and the satisfaction already given one hundred and fifty thousand Buick owners created this amazing demand. And this demand for Buick cars was not established by chance, but upon a continued adherence to a standard for high grade quality, demonstrated by years of service under all conditions.

The Powerful Overhead Valve Buick Motor

has always been reliable and has given faithful and sure service on roads of all kinds the world over. It may be relied upon to continue to do so, for the 1914 Buick represents our best efforts.

Carpenters' Tools

We have made an especial effort during the last few days to get our stock of thoroughly modern carpenters' tools complete. One scarcely finds a more complete stock from which to make up a kit of tools in the hardware stores in the big cities. Come in and let us show you the line we carry. No man can do satisfactory work with an incomplete set of tools, neither can he do good work with old worn out ones. The building season will soon be at its best, when you will need just the kind of tools we have in stock.

Poultry & Eggs Wanted

After a year's retirement from the business, I desire to notify all poultry raisers that "my hat is in the ring" again, and to extend a cordial invitation to my former patrons, and to all others as well, to call upon me, in my new location, across the street south of Henry Goodhill's grocery store, in the

George Simmons Building

I am now ready for business in the rear rooms of this building, where you one and all may be assured of receiving the highest market prices at all times for your poultry and eggs.

Telephone 394. **S. LYMAN.** Delaware and Franklin Sts.

Another Building Season

The building season will soon be here, and if you are contemplating any new buildings or repair work, you should see our stock before buying. We have a complete stock for any purpose, and can give you prompt service.
