Easy Working Lumber

is preferred by the man who does his own repair work about the house and farm.

That's why we sell so much of the lumber that's used around here for general repair work.

It costs no more than the ordinary material and its a great saving in time and labor to use the lumber that is easy to work.

And remember our prices on big orders are just as satisfactory as the quality of our materials.

Bring your bills to us for figures—it won't cost one cent to get our estimate and then you'll know you're buying right.

THE BIG STICK

of being fully equipped with Good men and Modern Machinery enabled us again last week to break all records of my 22 years in the bakery business in amount of goods turned out and the High Quality of every particle of it. 5870 loaves of bread, 1200 dozen cookies, 450 dozen fried cakes, 700 pies and over 7000 rolls. Besides a few cakes and other fancy goods amounting to over 30c.

You will learn the reason why our bread and bakery goods are getting the business if you will just give them a trial. Our prices are reasonable and the quality is in the goods.

The few people who are buying shipped in bakery goods should get wise to the fact that they are not getting better goods because they are made out of town or because they pay more for it.

Our bread is sold by Mc Donald, Reed Bros., Lafferty and Stearns & McCormick.
