## ANNUAL TWINE DAY

WE have designated the third Saturday in June of each year as Twine Day. On that day we will give all a chance to buy their twine at the lowest price we will be able to name.

HERETOFORE we have made a practice of taking early orders but that method has been far from satisfactory. On next Saturday, June 17th, we will give everyone a chance to buy the genuine Deering or McCormick Standard Twine for their own use at 10 1-2 cts. per pound, cash.

THERE is a good chance this year of twine being from one to two cents higher as most of the twine mills have withdrawn prices. The price of 10 1-2 cents per pound will only be given on June 17th, and after that date our price will be higher for what we have in stock and we will raise the price if the market advances.

IF you can not come in that day, send us your check for the amount you wish and we will keep the twine ten days for you at our risk.

Remember The Date, Saturday, June 17th.
