White's DeLuxe Junior

Is The Careful
Woman's Selection

Washes Clean—Won't Tear
The Finest Fabrics.

White's DeLuxe Jr Washer is built along the same careful lines as all the White Line washers, and gives the user a cylinder machine for but very little more than the ordinary dolly type washer, but at the same time a larger capacity

The revolving tub bench is a decided improvement over the sliding or swinging wringing, both as to usefulness and floor space occupied in the laundry.

When not in use the bench folds up and therefore occupies approximately the same floor space as an ordinary washer.

This machine is equipped with an eleven inch roll wringer of the highest grade, with an electric motor that is built especially for it after very exhaustive tests.

The washer, motor and wringer are all covered by a five year guarantee, and all defective parts, on account of workmanship or materials, replaced free for that length of time
