### ECLIPSE PLAINLY VISIBLE.

Long before the eclipse was visible Saturday evening young folks who had never seen such phenomena, and older people who realized the rareness of the occurrence prepared for it by smoking glass through which they could view the heavens.

The moon commenced to creep over the sun from the lower right hand side at 5:21 p. m. and gradually moved upward, leaving the sun at the upper left quarter. The fullness of the eclipse, as seen from here, left about three-fourths of the surface covered while the remainder looked like a new moon in the fifth day.

Beginning about 5:50 o'clock the sunlight visibly diminished and was extremely thin. A peculiar twilight haze was cast over this section of the country.

The dim light continued until about 6:35 p. m. then it gradually grew brighter and those looking at the sun through smoked glass could distinguish wing-shaped rays of refraction caused by the low altitude of the sun.

Light cirrus clouds hid the first half of the phenomena but before the maximum was reached they were dispelled and the passage could easily be followed.

To Whom It May Concern:  
I suffered untold agonies for a nervous trouble which I had for eleven years, and can sympathize with anyone who knows the horrors of same. I heard of Dr. Wilbert Shallenberger, the Chicago Specialist, and am glad to say that after taking his course of treatment I have felt fine and have not been so free of the trouble for eleven years. I certainly advise anyone suffering from a nervous disease to consult the Doctor and take this course of treatment.

(Signed) Mrs. Geo. Fouts, Ackley, Iowa.

Dr. Shallenberger will be at Manchester, Hotel Clarence, Friday, June 14th.

### CHRONIC CONSTIPATION.

Perhaps you have never thought of it, but this disorder is due to a lack of moisture in the residual matter of the food. If you will drink an abundance of water, eat raw fruits and take lots of outdoor exercise, you may be able eventually to overcome it entirely. In the meantime use the most mild and gentle laxatives. Strong and harsh cathartics take too much water out of the system and make a bad matter worse. Chamberlain's Tablets are easy and pleasant to take, and most agreeable in effect. Give them a trial. For sale by A. C. Phillip.

### LAME BACK RELIEVED.

For a lame back apply Chamberlain's Liniment twice a day and massage the muscles of the back over the seat of pain thoroughly at each application. For sale by A. C. Phillip.
