

## CIVIL WAR VETERAN ANSWERS SUMMONS

**KING H. GOODWIN PASSES AWAY AFTER MONTHS OF INTENSE SUFFERING.**

**FUNERAL THURSDAY AFTERNOON**  
Came to Delaware County in 1867, and Located on Farm in Prairie Township.

King H. Goodwin, Civil War veteran, and pioneer settler of Delaware county, passed away at his home on East Gay street Tuesday evening, July 30th, 1918, after an illness of four months. Funeral services will be held at the family residence Thursday afternoon at 2:30 o'clock. Rev. C. K. Hudson, pastor of the Methodist Episcopal church, will have charge of the services. Interment will be made in Oakland cemetery.

Mr. Goodwin was born at Danville, Vermont, August 10th, 1839. In 1863 he came to Iowa, and located in Marshall county. In August, of the same year, he enlisted in Co. I, 8th Iowa cavalry, and served until the close of the war in 1865. Following his discharge from the army he returned to Marshall county. He came to Delaware county in 1867, and located on a farm in Prairie township, near the Sand Creek church. In 1894 Mr. Goodwin and his family left the farm and moved to Manchester, where he has since resided.

He was united in marriage with Miss Augusta Drew on November 6th, 1861, their marriage taking place in Danville, Vermont.

Mr. Goodwin is survived by the wife, one son, Lyle G. Goodwin, of Omaha, Nebraska, and one daughter, Miss Avis Goodwin, of Waterloo. He also leaves three grandsons, Var Goodwin, of Denver, Colorado; Frank and Albert Goodwin of Lawrence, Nebraska, and one granddaughter, Miss Mona Goodwin, who has made her home with her grandparents, since the death of her mother.

Mr. Goodwin was a big hearted and kindly disposed man, and had by hard work and careful management amassed a neat competence. He owned land interests in the Dakotas, and until prevented by ill health, he would spend the greater part of each summer looking after his farm there. Early last spring he was taken ill, but had hoped that he would be able to visit his farms during the later spring and summer months.

His last illness was marked with intense suffering, and death to him came as a gracious release from pain.

Sincere sympathy is felt for the wife and children, who mourn the loss of a kind and devoted husband and father.

Richard A. Barry, one of Ryan's most prominent and highly respected citizens, passed away at St. Francis hospital at Waterloo, Wednesday morning, July 24, at 5:30 o'clock. Deceased had been in ill health for the past three months. The best of medical skill and careful nursing proved to be of no avail. On Monday afternoon he was taken to St. Francis hospital at Waterloo, in the hope that he might improve, but on Wednesday morning he took a change for the worse and passed peacefully away. Richard was the eldest son of Mr. and Mrs. William Barry, and was born in Prairie township, November 22, 1880. Louis Mulvehill rendered a solo, "Calyvary," impressively and with deep feeling. The sermon was delivered by Rev. J. Malloy, who paid a just and eloquent tribute to the departed and offered consolation to the sorrowing relatives. The Catholic Order of Foresters of Ryan attended the funeral in a body. The flowers were massed in beauty and abundance, showing the love and esteem in which he was held.

If the sight of our fine boys marching away to join the thousands of others in France who are adding new glory to the name of Yankees and making America and the Stars and Stripes more truly than ever significant of Liberty, if the sight of the boys going to give their all makes you want to give a little bit more than you have given, you can give to the Loyalty League or direct to the Red Cross and the more sacrifice you make the more satisfaction you will feel in sharing in the most glorious work in history.

## SHIRLEY BRAYTON WRITES FROM FRANCE.

Shirley Brayton, one of the numerous Delaware county boys now in France, writes as follows to his brother, John Brayton, of Ryan:

"Somewhere in France, June 22.  
"Dear Brother:  
"Received your letter enclosing the money some time ago, but believe me, I have not had time to acknowledge it as yet. It came in handy as pay day has been late this month. As a matter of fact we are still looking for it. Maybe we will get two at once. It will soon be Fourth of July and I wonder if Ryan is going to celebrate. How is the silo business prospering? If you continue like the first few months you will have some business this year. You have a good thing to sell and now is the time farmers will need them if they ever have.

"Farming is very primitive around here and all is on a very small scale. It is haying time now. They have a few 4 or 5 foot Champion mowers. Some of the smaller patches are still cut with scythes. It is all raked by hand and they pitch it around two or three times with their dinky two-wheeled forks. They hitch their horses one ahead of the other. They never put two abreast. I have seen five horse teams strung out one ahead of the other. Often you see a cow or ox mixed in with the horses.

"They surely have some of the nicest roses I have ever seen. Nearly every village has a fine garden which is very well cared for. Some of the rose gardens in the village are surely beautiful.

"It has been quite cool here the past week, but it has been pretty hot at times. I am hoping it will be cool the next two weeks as I am on night shift, and can sleep better days when it is cool.

"We are very comfortable here now. In fact we have things a 100 per cent better than we did in the States. We have a good bunch of men, good quarters, and good grub, and we are surely putting out the work.

"Well, write when you have time as news from home is always welcome. Give my regards to those I know about Ryan.

"Your brother,  
"SHIRLEY BRAYTON.

## FLEMING-HARWOOD.

Miss Bess Eloise Fleming, daughter of Mrs. T. E. Fleming of this city, and Mr. Herbert M. Harwood of Des Moines, were united in marriage at a quiet ceremony which was performed at noon last Thursday, July 26th, at the home of the bride's mother on East Main street. The bride was a teacher of Latin and English in the Manchester High school last year, and previous to this time she taught successfully in the Marshalltown High school and Upper Iowa University at Fayette, graduating from the latter institution in 1911.

Mr. Harwood is a son of Mr. and Mrs. William H. Harwood of West Moines. He graduated from the Des Moines High school in 1904, from the University of Iowa in 1908, and from the University of Iowa Law school in 1910. He was editor of the Daily Iowan during three years of his college course. He is now the commercial editor of the Register-Leader. He is secretary of the University of Iowa Alumni association at Iowa City and was the university for three years, from 1912 to 1915. He wrote two illustrated lectures on the state of Iowa while attending college, which were given wide publicity. This was really the beginning of the Greater Iowa movement. In October, 1915, Mr. Harwood started to develop syndicate newspapers, buying the Rockwell City Advocate in Calhoun county first, and the Clarion Clipper later in Wright county. He is a member of the Masonic order and of the Grant club in Des Moines.

Manchester friends of Mr. and Mrs. Harwood extend to them the heartiest good wishes.

## FIND SUGAR SUBSTITUTES FOR BOTTLES.

Methods of reducing the consumption of sugar in soft drinks have been worked out by the Bureau of Chemistry, United States Department of Agriculture, which is now co-operating with producers throughout the United States. The Bureau has prepared directions for making soft drinks which include formulas that utilize substitute sweet materials such as corn syrup (ordinary glucose), corn sugar, maltose syrup, honey and high-grade refined syrup. By following these directions, which are being distributed among bottlers the actual sugar content in soft drinks can be cut to 50 per cent or less. A saving of approximately 50,000 tons of sugar annually, is thus possible, it is estimated, and at the same time the customary taste and quality of the beverage can be preserved. It is estimated that there are 110,000 producers of soft drinks in the United States, employing 2,000,000 workers, and having a total capitalization of \$250,000,000.

## ELECTRIC RATES ARE BOOSTED.

The Iowa Electric company announces this week that it is again called upon to boost the rates for electricity used for lighting purposes. When the Iowa Electric company took over the Manchester plants the patrons were paying 10c per kilowatt for lights. Last January the company added to this price an increase of ten per cent, bringing the price up to 11 cents. Now the company is figuring the July bills for lights on the basis of 14 cents per kilowatt hour. No increase in rates are to be made for current used for heat and power.

The company claims it is justified in boosting the rates because of the heavy investments necessary to bring the local plant up to the present point of efficiency, and the added price of coal and freight charges.

## NOTICE.

The public is hereby notified that the rules of the United States Fuel Administration prohibit any single consumer, or group of consumers from purchasing coal in carload lots, except with the permission of the local Fuel Committee.

Violations of this order may result in the Fuel Committee taking charge of the coal.

—Delaware County Fair, Sept. 2, 3, 4, 5, and 6, 1918.

## STAGE BEING SET FOR BIG COUNTY FAIR

**BIGGEST FAIR IN HISTORY OF COUNTY TO BE HELD SEPT. 2, 3, 4, 5, AND 6.**

**PLANS PRACTICALLY COMPLETED**  
Liberty Bond, Gold and Premiums to Be Offered Couple Who Will Be Married on Grounds.

Plans are rapidly being perfected for the Delaware County fair this fall. It promises to be the biggest fair ever held in the county. The premium list came from the press this week, has been thoroughly revised and is one of the best ever offered having premiums second to none in the state. Under its provisions all exhibitors will have equal chance. The judges will be from the state college at Ames and all premiums won will be paid in cash or Thrift Stamps as desired on Saturday, September 14th.

**Ribbons Will Be Given This Year.**  
A splendid new feature that has been added is that fine ribbons will be given to premium winners in addition to the substantial cash awards. Several hundred dollars will be expended for this one item alone. Ribbons will be as fine as those offered by any fair in the state. As soon as received by the secretary they will be placed on exhibit in a prominent place in Manchester.

**Work Started on New Stock Pavilion.**  
Contractor A. J. Bruce started work this week on the new stock pavilion which will be 60x100 with room for over 100 head of stock. It will afford every convenience for exhibitors and will be one of the biggest improvements ever put on the grounds.

**Water to Be Piped on the Grounds.**  
Mains are to be laid so that there will be water for drinking purposes permanently on the grounds with hydrants readily accessible from various parts. This is a much needed improvement and will be greatly appreciated by patrons of the fair.

**Coupon Ticket Books to Be Used.**  
Another advantage this year will be season tickets in book form which will be offered for sale soon for a limited time in the banks and stores of the county. By buying these books a saving of \$1.00 is effected on admissions during the fair and it will also prove a convenience to patrons. As only a limited number of these are to be offered for advance sale it is suggested that purchases be made as soon as placed on sale.

**Couple Wanted to Marry.**  
A big novel feature will be the open marriage of some couple willing to appear for that purpose. It is to be a bona fide marriage and not a make-believe. Any couple willing to appear for that purpose should see H. W. Phenice, secretary of the Commercial club or E. W. Williams, secretary of the fair, at the American Express office.

The first couple making application will be chosen, so make your application early. The names of the parties will be kept secret and will be known only to the officials of the fair until the time they appear before the people in the amphitheatre for the ceremony. As an inducement, the couple will receive immediately after the ceremony a \$50.00 Liberty Bond, \$25 in gold and at least \$300.00 in valuable wedding gifts. The fair society will also furnish the license and the officiating clergyman.

**Races.**  
There will be running races on Wednesday, Thursday and Friday, as well as novelty races, such as mule race, team races, hitching races, etc., details of which will be announced later.

**Big Movie Spectacle.**  
On Tuesday and Wednesday nights a big spectacular moving picture and lecture will be presented, entitled "America's Awakening." This is one of the biggest presentations in the picture line ever shown here. The pictures are official and approved by the government. Most of them were taken "Over There" and show the battle scenes in Europe, war in the clouds, our own boys in action, etc. The presentation requires two moving picture machines, over a ton of equipment and four men, one of whom produces the battle effects, etc., behind the screen, thus making it a most realistic production. The picture is also accompanied by fire and drum, bugle, singing, and other musical effects.

**Fireworks.**  
On Thursday and Friday nights there will be presented each night a splendid display of fireworks including beautiful set pieces each night.

**Superintendents Appointed.**  
L. Matthews, Sr., will act as general superintendent of exhibits, while J. C. Nieman will have charge of the Horse Department. County Agent J. A. Krall of the Cattle department; F. Morrell Hamblin of the Swine; W. H. Clute of the Sheep; Chas. A. Swindell of the Fgum, Garden and Orchard products; O. C. Dunton of the Poultry; and Mrs. A. W. Stearns of the canned goods. Premium lists may be secured of any of these superintendents, or at any bank in the county or of E. W. Williams, secretary of the fair.

**Acts.**  
A splendid line of free acts has been contracted for including some which are playing state fairs and other larger engagements. These will be described later. A feature this year is that one program of acts will be at the fair on Tuesday and Wednesday and an entirely new set of acts on Thursday and Friday, thus making an entire change of program.

## "OVER THE TOP."

County Agent Krall has been meeting the labor situation through the ready co-operation of Manchester people. Farmers who have secured this labor appreciate the assistance and congratulate the men on their hearty response.

The plan has been to secure a number of men each afternoon to shock grain that is down. In this matter the County Agent has been able to help a number of farmers.

Hearty co-operation has marked the work and the money secured has been donated to the Red Cross. It is fitting to say that these men are helping to save lives as well as food.

The following men have assisted in the harvest fields and have secured over \$20.00 for the Red Cross.

On July 20th D. W. Lettich was given assistance by Thos. McKeag, Leo Tierney, Henry Pettion, James Burns, Geo. Hines, and County Agent Krall.

The following assisted Mr. D. T. Clemm on July 21st: John Seeley, Clifford Kephart, Harry Wilson, W. A. Otliffe, R. N. Baker, Wm. Runyon, Doyle Boone, Ralph Wolfe, Ernest Koehn, Franklin Lawrence, and County Agent Krall.

## SOLDIERS LEAVE FOR CAMP FOREST, GEORGIA

**FIFTEEN YOUNG MEN FROM THE COUNTY GIVEN SEND-OFF ON TUESDAY AFTERNOON.**

**EXERCISES AT COURT HOUSE**  
Rev. C. K. Hudson and Rep. S. W. Klaus of Earlville Give Patriotic Talks.

Fifteen young men from Delaware county left Tuesday afternoon over the Illinois Central for Camp Forest, Lytle, Georgia, to enter the cantonment for military training. These young men fill the quota of Delaware county for the recent call of approximately 3,200. The young men assembled at the court house Tuesday forenoon at 10 o'clock to answer to roll call. In the afternoon the men assembled again at the court room, and after the preliminary arrangements were completed the soldiers filed out of the court house and took their position in front of the building, where they were photographed, and where Rev. C. K. Hudson and Representative S. W. Klaus of Earlville made brief patriotic addresses. Following the brief program the large crowd followed the boys to the Illinois Central station to bid them farewell.

At Dubuque the Delaware county boys joined other soldiers and from there they went by special train to the camp in the south.

Frank Keltz was chosen leader for the company of boys and Winthrop Keith as his assistant.

## EPIDEMIC INFANTILE PARALYSIS UNDER CONTROL.

(Dubuque Telegraph-Herald.)  
With only a few new cases of infantile paralysis reported during the last ten days, and with many complete recoveries reported daily by local physicians, the epidemic appears to have run its course here and the city is expected to be rid entirely of the disease within a short time. Since Saturday, July 20, the number of cases has decreased rapidly and only a few are still in existence.

With the ban lifted from the moving picture theatres, it is expected that further measures will be taken soon to raise the quarantine on the city which prohibits children under sixteen from leaving. It is pointed out that with practically all danger passed and the city in a most sanitary condition because of the various clean-up activities during the epidemic, it would be unnecessary to further restrict the movements of persons in and out of the city.

The nature of questions put to officials here, too, indicates that there is some misunderstanding regarding the state board's quarantine regulations regarding the departure of persons living in other towns and cities. It was explained today that there was absolutely nothing to hinder persons over sixteen years of age from entering or leaving the city and that there was absolutely no danger. It is believed, also, that the quarantine prohibiting children under sixteen from leaving is retained temporarily from excluding all danger of spread although it is realized that practically all danger is passed, and the city is as healthy as any community in the middle west.

The many additional releases reported again today indicates also that the local physicians are in a position to handle the situation effectually and that within a short time it will be possible to rid the city entirely of the disease.

The lone case reported today was that of Baby Knorschild, 307 Grandview avenue, seven months old.
