

The Eclipse Corner

Weekly Shavings Vol. 286. May 7th, 1919. Edited by Splinters

"The man who looks to a return of the conditions of 1914 in adjusting business is sadly out of joint. Financially, commercially, socially, the world has been turned upside down."

The past and its conditions have gone never to return. We are living in a new era. It is time we realized it.

If you have something to sell, go ahead and sell it. If you need anything, go ahead and buy it. You will never buy or sell at the price level of five years ago. Let's all go ahead."

You never saw an I. W. W. who owns his own home. You never saw a man who owns his own home who ever became an I. W. W. You can't make a Bolshevik out of a home owner located along side of his job. They won't mix.

E. H. Bushnell, Francis Dunham, Archie Lyman and Fred Durey each invested money this week that will bring big returns. They bought Eclipse Hog Feeders.

Have you heard about the woman who wanted her living room finished in cotton wood in order to give it that southern atmosphere?

COME IN OUT OF THE RAIN.

Roof your roof with Eclipse roofing that's right, or shingle your roof with Eclipse shingles—whether wood or patent—we have them. All kinds of roofing materials here to keep you in out of the rain.

A hog without a modern hog house these days of "pork" prosperity is a poor hog and brings a poor return to the farmer.

Put dollar marks all over your hogs by building the right kinds of hog house from plans on display at the Eclipse office.

The Milwaukee Railway has in use along its right-of-way near North English, Iowa, 5-inch Northern White Cedar posts set 26 years ago.

Phone 117. E. M. DANIELS, Mgr.

RYAN.

Sheriff Pride was a Ryan caller during the week.

Catarhal Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of Deafness are caused by catarhal deafness, an inflamed condition of the mucous surfaces. Haly's Catarrh Cure acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarhal Deafness that cannot be cured by Haly's Catarrh Cure. Circulars free. All Druggists. 736 F. J. CHENEY & CO., Toledo, O.

Mrs. Phillips of Earlville was a recent visitor at the Dr. Cumming's home. George Chrystal and wife are rejoicing over the arrival of a little boy, who has come to make his home with them.

NOTICE OF APPOINTMENT ADMINISTRATOR. State of Iowa, Des Moines County.—ss. Notice is hereby given, That the undersigned has been duly appointed and qualified as Administrator of the estate of Philip McKune, absentee, late of Delaware county, deceased. All persons indebted to said estate are requested to make immediate payment and those having claims against the same will present them, duly authenticated, to the undersigned for allowance.

FRED B. BLAIR. Dated May 2nd, 1919. 19-3.

The Flow of Meat

Two-thirds of the live stock in the United States has to be raised in the West.

One-half of the consumers of meat live in the East.

In other words, most of the live stock is one or two thousand miles distant from most of the people who need it in the form of food.

Fifty years ago, when live stock was raised close to every consuming center, the country butcher could handle the job after a fashion.

But the job got too big.

Now millions of animals have to be moved hundreds of miles to millions of people. Somewhere on the way they have to be turned into meat.

The packers solved the problem. They set up plants where the "live haul" and the "meat haul" were in the right balance. They built up distributing systems—refrigerator cars, refrigerating plants, branch houses. They saved time, money and meat everywhere. The stockraiser benefited in better markets and higher prices; the consumer, in better meat and lower prices.

As the country grew, the packers had to grow, or break down. Because of its present size and efficiency, Swift & Company is able to perform its part in this service at a fraction of a cent per pound profit.

Swift & Company, U. S. A.

Be It Ever So Humble—
The heart goes out on leaden wings in hopeless longing. The pent-up heat of unspent love fevers the dispirited soul. The mind's eye narrows its concentrated energy on a single spot. Anguish, sweetly bitter, slows the beat of a downcast heart. A veil passes over the world—and again is gone. Such is homesickness.—Milwaukee Journal.

Admired His Pluck.
"Well," said Uncle St Bruggins after a solo by a fashionable church choir tenor, "if that ain't the rudest thing I ever saw. Just as soon as that young man began to sing, every other member of the choir stopped. But he went through with it, and I must say I admire his spunk."—Boston Transcript.

Meaning of Style.
Style is that indefinite something which enables one of the younger and prettier neighbor women to wear her boudoir cap in a way to set off every line of her figure.—Oulo State Journal.

Suggestions for a Camping Trip.
Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you. For sale by A. C. Phillip.

The \$100,000 Reservoir in the Round Oak Chief Costs you not a penny extra.

Heat passes directly through

Direct, patented contact, heats the water
You bake at the same time

NO BLACKING ALWAYS SPIC AND SPAN

Round Oak Boiler Iron Range

Heats the water in the Reservoir and Bakes at the Same Time

NO MATTER HOW MUCH OR HOW LITTLE WATER MAY BE IN THE RESERVOIR. THE PRINCIPLE IS PATENTED

Hot Water Every Day **The \$100,000 Reservoir**

When you consider the fact that hot water in the reservoir every day every year for the next generation is a very important convenience, you will realize why you should have the Round Oak Boiler Iron Range.

It is called the \$100,000 reservoir, for judgement has been given against infringers for this amount. It costs you not one penny EXTRA.

There are seven other reasons why the Round Oak Chief will please you. May we show them?

W. B. Miller & Son

Don't Trust a Quack Doctor

You wouldn't put your health in the hands of a natural born untrained doctor.

You wouldn't want your teeth filled by a correspondence school dentist!

And you don't want your battery cared for by an untrained man—even if he says he knows all about batteries.

Doctoring batteries is a profession with us—we are trained battery experts, and we recognize and treat all of the common battery ills.

Your battery ought to be tested—and you ought also to learn about Threaded Rubber Insulation—the most important battery improvement in years.

Don't forget to ask for the booklet "A Maik with a Meaning for You."
