GREELEY.

Flossie Tyrrell-Odell was born near Greeley, Oct. 28, 1890, and died at her home February 7, 1920, aged 29 years, 3 months and 9 days. She was married to Lincoln Odell in 1904. Mrs. Odell was greatly loved and respected by all who knew her and the community is saddened by her loss. Beside the husband she leaves a mother, one sister, Mrs. Emma Arnold of Chicago, and three brothers, Jesse and Clark of

Greeley, and Lew of Delaware. She was ill only a short time with pneumonia and all that medical skill and careful nursing could do was of no avail. Mrs. Odell was a member of the M. E. church and also of the Maple Rebekah lodge.

I. O. Odell was in Dubuque Wednesday.

Mrs. Charles Clute is in Sioux City to make the acquaintance of her new grandson.

Don Pilgrim moved his household goods to Wisconsin this week.

Miss Dorothy Stevens of Manchester is very ill with uremic poisoning. She is some better at this time, however.

Date With a Party
My partner in business was called out of town and was not expected to return for a few days, so when I met his wife on the street she remarked that she was lonesome and I asked her to meet me later and have dinner with me. It was all arranged and I went to the office to fix up for the occasion when I came hubby and wanted to know why the dolling up, so I said that I had a date with a party. When I met my friend's wife I told her hubby had returned and she said: "Why, I know it; I told him you and I were going out to dine."—Exchange.

Resourceful Bridegroom.
Just as a Portland (Me.) lawyer was about to begin a wedding ceremony the lights in his office went out. The bridegroom asked to be excused a few minutes, and ran down into the street, where he saw a lantern which was used to warn vehicles of a hole in the ground. He borrowed it long enough to become a benedict, and neither he nor his bride regarded the red light as an evil omen.

Great Value of Redwood.
Redwood lumber is largely used on the Pacific coast, as it has great natural resistance to rot and fire. Heart redwood when placed in contact with the ground will remain in good condition for 25 years or more, whereas a great many other species rot out in a few years. The redwood heartwood is also able to repel the attacks of decay-producing fungi, because of the presence of tannin, oils and resins obnoxious to fungi.

About Diamonds.
Only about 50 per cent of rough diamonds are cut into gems and lose about 60 per cent of their weight in being cut and polished. Diamonds are practically indestructible and the first diamond ever mined may possibly still be in existence. But estimate allows for the loss of at least 1,000,000 carats by flood, fire, shipwreck and other disasters. These reductions and losses leave the total of cut and polished diamonds at 48,355,474 carats.

A War Child.
"Tommy, shall I never teach you that it isn't right to throw hand grenades at your elders?"—Sondage Nisse, Stockholm.

Pessimistic.
"It is all over but the shouting," said the politician to his friend the night before election, "and, between you and me, our side won't have to attend to that."—Boston Transcript.

National Council of Women.
The National Council of Women consists in the United States of thirty-one organizations, with approximately 10,000,000 members.

No Written Music in Slam.
In Slam music is never written, but learned by ear and handed down from generation to generation.

Seek to Overcome Indecision.
Oh, weakness and indecision of mind, if not yourself vices, to how much of exquisite misery do you not often pave the way!—Walter Scott.

Novel Necktie.
Western Newspaper—The only ornament was a necktie of small pearls, the gift of the groom.—Boston Transcript.

Pen-ury.
Said the almost philosopher, "It's a mean man who will lead his little boy to believe he is penniless when the kid asks for one."

Co-operative Plan in Japan.
Co-operation in Europe and America is youthful as compared with the movement in Japan. Co-operative societies for the sale of silk date back to the middle of the seventeenth century.

Or a Hive of Bees.
Suggestion for propaganda by moving pictures. Show film of a colony of ants, for the encouragement of industry by example.—Boston Transcript.

15th day of March, 1920, default will be entered against you and judgement and decree rendered thereon as prayed.

Dated this 4th day of February, 1920.

APPLES

We are just closing out the last 100 boxes of odds and ends of apples in our first three cars of those Washington apples in bushel boxes and have some good bargains to offer to clean out the stock before the arrival of our next car which has just been started from Washington.

Jumble—or unwrapped wine saps, Nice red solid little fellows at \$3.00 and \$3.25 per box. Good keepers and good flavor.

We make deliveries of all kinds of groceries when the amount justifies the expense and make but an additional charge of 5c per delivery.

Whipping Cream
now received daily from one of the best and cleanest dairies in this country. Averages 32 per cent butter fat. Telephone your orders.

HALL & TURNER

On the Way.
Read in the paper the other day about an aerial funeral? Well, that's a start in the right direction, anyway.—Fort Porter Reporter.

And There Are Others.
Jud Tunkin says he knows a man whose idea of personal success is singin' off the key so loud that the rest of the choir has to give up.

Possibly Picturing Winking.
Elsie was told to tiptoe over to baby's crib and see if he was going to sleep. She did so and reported: "He is just turning his eyes off and on."

Gondola Exclusively Venetian.
It was not until the end of the seventeenth century that the Venetian gondola assumed its present simplicity and somberness of color. A vain attempt has been made to introduce it in other countries, but it has apparently resisted all efforts at acclimatization.

Valuable Philippine Shells.
Philippine shells comprise six kinds of commercial value; the gold-lip pearl or the mother-of-pearl, the window shell, the trochus, the green shell, the black-lip pearl, and the tortoise shell.

Hard-Wear Department.
