Why Colds are Dangerous

It is the serious diseases that colds lead to that makes them dangerous. They prepare the system for the reception and development of the germs of influenza, pneumonia, tuberculosis, diphtheria, scarlet fever, whooping cough and measles. You are much more likely to contract these diseases when you have a cold. For that reason you should get rid of every cold as quickly as possible. Chamberlain's Cough Remedy will help you. It is widely known as a cure for bad colds.—For sale by A. C. Philipp.

DEPLORABLE CONDITIONS IN NEAR EAST.

Des Moines, February 23—First hand information received at the State Headquarters of the Near East Relief, from Theodore Photades, a New York manufacturer and exporter, who gave up his business six months ago to visit the near East and see for himself what conditions actually were. He found misery, starvation, death, hopelessness and fear, the black pall of horror all over the land. He travelled

along roads lined with human bones, ghastly relics of the murders and deportations. He saw the bones of women's feet to which horsehoes had been nailed after they had been brutally tortured to death.

He talked with high born Turkish women who admitted they had been privileged guests at wholesale hangings of Armenians and Greeks on one occasion when the guests came too late for the daily spectacle it was re-enacted with fresh victims for their special benefit. He heard arrogant Turkish officers refer sneeringly to Americans as "asses" and saw Turkish policemen kick refugee children, sleeping on the pavements, out of their path.

He found a volcano of Moslem fanaticism seething under the surface of apparent submission to the Allies with Young Turk propaganda busy everywhere arousing sympathy of the "misunderstood Moslems" even among men fresh from seeing the bones of the victims of Turkish murders at wholesale.

The Turk has not been disarmed and while today he is fawning upon his conquerors and ready to lick their boots, he is at his old game of profiting by their dissensions and bickerings over political quarrels. Meanwhile death and disease stalk over the land, checked only in spots by the benevolence of the American people thru the Near East Relief.

Where Small Sum Brings Relief to Many.

Des Moines, February 20—Probably a little money was never made to do greater good than through the agency of the Near East Relief, chartered by Congress to relieve the suffering in Armenia, Syria and neighboring provinces.

This fact is strikingly illustrated by the following "Near East Relief price list" issued by Dr. Edward J. Kirby, State Director, who urges continued work on the part of all members of the state-wide organization as the cold winter in the Caucasus has produced unusual suffering, which has only been relieved through the generosity of the people of America.

\$10 per month provides clothing for one orphan.

\$15 per month provides entire care for one orphan.

The powerful improved hot blast in the Round Oak heaters converts that 38 per cent of carbon in the smoke into heat units which are directly radiated into the room.
