

Paper Never Refused Ink

Fred Kelley in 'The Nation's Business' writes:

Not long ago, at the most famous hotel in the United States, the cashier, an Irishman, hesitated about cashing a check for a newcomer. The guest indignantly showed his handsomely engraved business card which indicated that he was a president of a big-sounding corporation—The North and South American Development Company, or some such name. Still the Irish cashier hesitated. Smilingly he tapped the engraved card with his index finger and sagely remarked:

"Paper never refused ink."

There's a deal of philosophy in that. The remark should be remembered by all business men who are too easily impressed by a pretentious letterhead, or by a beautifully printed stock certificate. You can say anything you wish to on paper and the paper can't help itself.

A woman who is one of the most successful chiropodists in New York always wears low-heeled, roomy shoes at home or on the street, to avoid having corns. But at her place of business she invariably wears the most extreme French-heeled, pointed-toe slippers she can find. Because she knows it is good business psychology to give her customers to understand that with her feet properly looked after, she can wear any kind of shoes she desires.—The Nation's Business.

Good Servant, Poor Master.

It is well to have a hobby, says the New York Medical Journal. It is well to have a hobby which can be used as a faithful servant. It is well to have a hobby as long as you can ride it, but when it begins to ride you it is better to look about for another steed.

CHAMBERLAIN'S COUGH REMEDY

NOTHING SO GOOD FOR A COUGH OR COLD

"Everyone who has used Chamberlain's Cough Remedy speaks well of it," writes Edward P. Miller, Abbottstown, Pa. People who once use this preparation are seldom satisfied with any other. It is excellent to allay a cough or break up a cold.—For sale by A. C. Philipp.

THE GRIFFIN CHOCOLATES

One door east of the Court House. Fresh, home-made, assorted chocolates in pound and half-pound boxes.

FOUND A CURE FOR INDIGESTION

"I used Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no peeps but strengthen the stomach and enable it to digest the food naturally.—For sale by A. C. Philipp.

All blacksmithing done at my shop will be pre-war prices. Sharpening discs \$2.50. All work guaranteed. 7-4. SAM MATHESON, Manchester

THE PNEUMONIA MONTH

March is a typical pneumonia month and usually gives a high rate of mortality for the disease. After a long and hard winter, the system loses much of its resistance and people grow careless. When every cold, no matter how slight, is given prompt and intelligent attention, there is much less danger of pneumonia. It should be borne in mind that pneumonia is a germ disease and breeds in the throat. Chamberlain's Cough Remedy is an expectorant and cleans out the germ laden mucus and not only cures a cold but prevents its resulting in pneumonia. It is pleasant to take. Children take it willingly.—for sale by A. C. Philipp.

EXCELLENT REMEDY FOR CONSTIPATION.

It would be hard to find a better remedy for constipation than Chamberlain's Tablets. They are easy to take and mild and gentle in effect. Give them a trial when you have need.—For sale by A. C. Philipp.

BRILLIANT CHICAGOAN FOR OUR CHAUTAUQUA

Quin O'Brien, Noted Orator, To Appear Here This Summer.

Word has just been received from the Redpath Vawter offices that Quin O'Brien of Chicago, is to be one of the lecturers at Chautauqua this summer.

Mr. O'Brien is widely known over the middle west as one of the ablest and most brilliant lawyers in America. Last season he consented to fill a few dates on our chautauqua circuit "farther on down the line", and the reports are that the towns fairly went wild over his work. Without exception they requested his return for another year.

The late Elbert Hubbard said of him, "It is quite possible that there are not half a dozen public speakers in America with the linguistic skill and the phosphorescent purview that Mr. O'Brien possesses. He has the grace of person, the ease of manner, the bubbling wit, and the intellectual challenge that command respect, admiration and love. Mr. O'Brien is the up-to-date model of American orator."

Only last week the Chicago papers carried a long story on Mr. O'Brien's address before the Covenant club of the city in which the eloquent attorney assailed Henry Ford's attacks on the Jews. "I have often heard it said," said Mr. O'Brien, "that it is a waste of time and energy to reply to the vicious attacks which Henry Ford has been making against the Jews. I don't believe this any longer, even if I did at first, there is nothing so injuriously prevalent in American life today, nothing so thoroughly un-American, so reprehensibly un-Christian, as this all-prevailing class, race and religious hatred. Washington and Lincoln were the greatest of Americans, and neither was a bigot; neither was even orthodox. I assure you, gentlemen, the fate of the nation hangs on nothing more surely than upon the removal of this vile blot on our escutcheon."

The subject for Mr. O'Brien's addresses this summer is not yet announced. It will be one of current importance.

LIBRARY NOTES FOR FEBRUARY

During the month of February the public library circulated 2504 books. The largest circulation for any one day was 216, and the smallest for any one day was 68. We are pleased to notice a large increase in the number of rural borrowers, and the number perhaps will increase as the conditions of the roads improve.

LECTURE ON HEALTH FOR WOMEN

On March 10th, Dr. Luella Shaw will give a free lecture to women on Health in the Plaza Theatre at 2:30 P. M.

Dr. Shaw is a graduate of Medicine and has taken courses in Osteopathy and Magnetic Healing. She has twenty five years' experience and most of that time she has specialized in chronic diseases of women.

She believes that women may be as healthy as men and that much of their ailments is due to the lack of knowledge concerning the care of their health. Women need to be taught many things along the line of health and she teaches them by means of lectures to the women in each town. She teaches how women may know how to keep well, and, if ailing, how they may Get Well.

She gives advice to mothers and young mothers and growing girls. Her lectures are illustrated by pictures thrown on the screen. Remember the time and place, Thursday, March 10th., at the Plaza Theatre. All women are cordially invited. 9-2-w.
