Just as old Sol can make of the mighty snow man a rivulet of water so does the Merchandising Sun reduce our prices to vague reminders of their former selves. You have never before seen such splendid stocks offered to the people of this community, nor have you ever seen such reductions as prevail on all of our offerings. When this event starts at 9 o'clock A. M. on Saturday, December 10, our stock will melt away rapidly. Be prepared to take advantage of this extreme price thaw, and you may save yourself a goodly amount of cash. There comes a time in every business when cash is more desirable than profits, when regardless of the selling value of merchandise, it must be converted into cash as rapidly as possible to satisfy the demands of the proprietors. Just now no possible profit that we might make on our brand new stock, looks so good to us as an immediate supply of cash. We would rather have cash at a loss than to hold this merchandise. To you as a buyer this means one of the golden opportunities of years. Our store will be closed Friday, December 9, to enable us to be in shape to give you prompt service when the door opens.

Nothing Reserved. Our Entire Stock Entered in This Sale.
