SPECIAL PAYMENT.

The sudden resumption of specie payment would inevitably result in bankruptcy to the country and to individuals.

This is all that the platform says on that subject. We do not controvert the fact, but how speedily that "return" should be, is a question which no man, however far-seeing, is capable of judging.

What does the platform mean by this plank? Simply that a return to specie payments should be made at the earliest practicable day, and not immediately, as the Radical papers and speakers have alleged.

Now, according to the logic of Stanley Matthews, his own party are in favor of immediate resumption; else why do they proclaim to the country through their party platform, that they "confidently anticipate a speedy return to specie payment" on account of the "excellency of our national currency"?

The time will come, and I trust in God the opportunity too, when the world will see that you are no less Democrats in pursuing the course you have, and that I am no less a Republican because I accept your nomination.

Public Speaking. R. E. Little, Greeley and Brown elector for the 13th Congressional District, will address the people at the following places:

Our chicken did not awaken in time to crow over North Carolina, and we are glad of it, for it now turns out that the Reds have elected Caldwell Governor by a small majority.

FUNNY. A prominent Radical in this county expected to have his name placed upon the poll books for sheriff, at all the precincts, on the morning of the election, but when he ascertained that one of the Democratic candidates would certainly withdraw whenever his name was presented, he very wisely concluded not to run the race—knowing full well that in such an event, defeat would be the inevitable result. And so it would.

Not Yet. The Radicals have not yet "trotted out their tag" for the Congressional race. We know, of course, that they have been waiting to see who the Democrats would nominate, and to see and hope that some one or more of the Democratic aspirants for the nomination would bolt and run away.

State Election. So far as heard from, the State has given about the usual Democratic majority. No race of importance occurred and hence there was a very meagre vote.

SECOND CLUB MEETING.

The Central Greeley Club met the second time at 3 o'clock p. m. on last Saturday, in the courthouse, with a fair attendance, and the addition of a goodly number of new members.

On motion of H. T. Harris, it was resolved that the secretary, on behalf of the Club, notify Gen. George B. Hodges, Democratic elector for the State at large, that the Club invites him here on Monday next, county court day in Stanford, to address the people of our town and county.

Mr. Hill then moved, and it was resolved, that when the Club adjourned, it be to meet again on county court day, for the purpose of holding a general county meeting, to take into consideration the propriety of holding a grand Congressional District Jubilee for this, the 8th district, and to invite distinguished men from the North, who will be in attendance on the peace jubilee at Louisville, to address the meeting.

The Chair appointed a committee to solicit the furnishing of campaign documents, &c., for the use and benefit of the Club from the National Committee.

On motion the Club adjourned to meet next Monday. T. W. VARNON, Pres't. J. M. PHILLIPS, Sec'y.

The Savannah Riot. The recent disgraceful scenes in the streets of Savannah, Georgia, where a force of rioters, armed with the whites and blacks, occurred still another evidence of the dastardly misrule and teachings of carpet-bag ruffianism and military supremacy.

Col. T. W. Varnon. The Greeley Club at this precinct has been quite fortunate in the selection of a president officer, and Col. Varnon may feel proud to occupy the highest position in a body of patriotic citizens who have inside all party prejudices and determined to rally to the country's rescue.

The Coming Vice President. The speech of Gov. Brown at Frankfort the other day was a masterly review of the political situation; and by far the most pointed speech of the Campaign, not even excepting the admirable efforts of Schurz, Voorhees, and Sumner.

Election Last Monday. The majority of Judge Durham in this Congressional District will not fall far short of 1200—and it may even be greater than that. Next week, we will give the returns of all the counties in the district.

Liberty good and true Democrat and Liberal Republican vote for Judge Durham next November. He is the regular Democratic nominee, and a zealous advocate of Horace Greeley's election.

KENTUCKY NEWS.

The small-pox continues to prevail to a considerable extent at Flemingsburg. Mr. J. J. Hickman is rapidly recovering from his recent severe spell of sickness.

The act to prohibit the sale of liquor in Marion county was defeated by a considerable majority. Kentucky is the only State in the world in which voters declare their choice between candidates *en vivo*.

The State Teachers' Association will convene in Frankfort next Monday, and continue in session five days. The Kentucky Conference of the M. E. church will meet at Harrodsburg, September 4th—Bishop Kavanaugh presiding.

At the coming Congressional and Presidential elections, the voting in this State will, for the first time, be done by ballot. Mercer county elected a Democratic Sheriff by a majority of 268. A difficulty occurred at Cornishville, in which one man was killed.

The persons arrested for the murder of Remus Gooch in Madison county have been discharged. The whole affair is shrouded in mystery. Kentucky is to be disgraced by another public murder. The execution of Ayers will take place at Monticello, on the 30th of this month.

Rev. G. H. Robertson, has agreed with the Elders of his church to return to Louisville for trial, which will take place at an early day. There is to be a National peace reunion at Louisville on the 11th and 12th of September, under the auspices of the Democratic and Liberal Republican parties.

The next annual meeting of the Kentucky Sunday School Convention will take place at Louisville, beginning on the 20th of this month and continuing in session two days. The people of Garrard county are to vote on the 19th of August upon the question of a subscription to the Cincinnati Southern railroad to the amount of \$80,000.

A new paper has been started at Berryville, Harrison county. It is edited and published by E. S. Moore, a boy of 18. It claims to have the largest circulation of any paper in Harrison. W. L. Caldwell, (Dem) was elected Sheriff of Boyle county, by about fifty majority vote owing to an unfortunate split in the Democratic party.

The Radicals carried Garrard county in the race for Sheriff by a majority of about 115. The Democrats fought nobly but the Reds "just naturally had the voters there to beat 'em with." The publication of the Warsaw News has been suspended for want of adequate support. Mr. Rucker, the proprietor, we are informed, expects soon to start a paper at Lancaster. We wish him success.

The bill to prevent the sale of ardent spirits in Pulaski county in less quantities than thirty-five gallons, was defeated by a large majority. The election passed off quietly and but a small vote polled. In the primary election, Hoskins received 497; Tolbott 116, and Durham 132.

THE NEWS IN BRIEF.

Speaker James G. Blaine addressed a letter of some length to Senator Sumner, in answer to the recently published letter of the latter to the colored men. To which Sumner replied in a brief and forcible manner. The pronouncement is that the Speaker will not be permitted to do so foolish a thing again during the campaign.

Max Strakosch and Patti will sail for the United States from Havana, aboard the Ville de Paris, on the 18th. Nilson is passing her honeymoon in Paris. Ben Butler says if Greeley is elected "all that was gained by the war will be lost." Butler is evidently getting uneasy about his spoons.

At the coming Congressional and Presidential elections, the voting in this State will, for the first time, be done by ballot. Mercer county elected a Democratic Sheriff by a majority of 268. A difficulty occurred at Cornishville, in which one man was killed.

General N. P. Banks.

This distinguished Massachusetts Senator has written a letter to some Radicals who had invited him to make a speech at a Grant and Wilson meeting, saying that he cannot consistently or conscientiously do so, as he is heartily in favor of Greeley and Brown.

General Banks is one of the most eloquent men in the North, and his oratorical powers are second to no one. If we should arrange to hold our jubilee here in September, the committee of invitation would certainly include Gen. Banks in the list as we set it in the Courier-Journal that he will, in all probability, visit the peace jubilee at Louisville.

When such men as Banks and Sumner, Schurz and Trumbull, and Greeley and Brown and Chase, and a host of others of scarcely less renown, leave a party and refuse to affiliate with it, the people, of every race, color, condition and party, may well suspect that the abandoned party is fearfully wrong.
