A REMARKABLE RESULT.—It makes no difference how many physicians, or how much medicine you have tried, it is now an established fact that the German Syrup is the only remedy which has given complete satisfaction in severe cases of Lung Diseases. It is true there are yet thousands of persons who are prejudiced against Lung Affections, Consumption, Hemorrhages, Asthma, Severe Colds, settled on the Breast, Pneumonia, Whooping Cough, etc., who have no personal knowledge of Hesse's German Syrup. To such we would say that 50,000 doses were sold last year without one complaint. Convalescents try just one bottle. Regular size 75 cents. Sold by Babson & Stage.

OUR FAVORITE MONTHLIES.—Frank Leslie's Popular Monthly and Sunday Magazine, the April numbers of which are now ready and may be obtained at most any book store, at all newsdealers, or post paid from Frank Leslie's Publishing House, 527 West Street, New York, on receipt of price, 25 cents each, are indeed marvels of excellence and cheapness. Having but recently called the attention of our readers to our notice of the last number of the Sunday Magazine, we will now confine ourselves to a brief synopsis of the April number of the Popular Monthly. It contains articles as follows: "The Iron Frontiers, and our Relations with Mexico," by E. G. Loring. "How Elections are Conducted in France," by William Strangton Chase. "Apprentices of the Semitic Race," by H. G. Loring. "The Application of Heat to the Warming of Public and Private Buildings," by Professor Charles A. Joy. "Parisians Salons of the Seventeenth and Eighteenth Centuries," by Henry Barton Baker. Stories by the author of "That Husband of Mine," S. Annie Frost, Etta W. Pierce, the author of "That Lasso of Love," and others, also numerous interesting paragraphs on a variety of subjects to please every body. There are over 100 illustrations and 128 quarto pages. Annual Subscription in either the Magazine or Monthly, \$3, post paid. Single copies, 25 cents. The Magazine for 1877 is ready, and may be obtained from the publisher, post paid, on receipt of price, \$2. The volumes for 1877 and 1878 are ready, and may be obtained from the publisher, post paid, on receipt of price, \$2. The volumes for 1877 and 1878 are ready, and may be obtained from the publisher, post paid, on receipt of price, \$2.

NO MAN can be considered well dressed, nor can he look handsome, unless he wears on a pretty and suitable hat. We are forcibly reminded of this fact yesterday, when we noticed a certain gentleman step into Hayden Bros. store with a common "head gear" on, and then come out with one of their beautiful soft hats which they received by Express Tuesday last. Great taste was displayed by the Messrs. Hayden in purchasing their Spring hats.

POLICE COURT.—The other day Mr. Jesse Hamilton gave Cate Riley, a sassy, half-witted negro, a receipt for some money that he owed him, which Cate alleged he had paid. The receipt was novel and a little different from that in such cases made and provided, and consisted of several lines well spelled and written in the negro's own hand. He swore out a warrant against Mr. Hamilton, and the Jury stamped the receipt with a fine of one cent and the costs.

LOANERS.—Something ought to be done to rid the town of the scores of negro loaners that now hang on every street corner. There is a law against vagrancy in this State, which provides for the sale of a man, be he white or black, into slavery for a certain length of time, when it can be shown that he has no visible means of support. Hadst a few of the last no account cusses on the block and dispose of them at public auction and the drunks of the street loafers will vanish into thin air.

WE have something nice to tell the ladies, especially, and the public generally. It is this: Hayden Bros., ever alive to the wants and requirements of their customers, have ordered from the large markets a new, elegant and very desirable line of dresses, suited to all classes and conditions in life. There is absolutely nothing in the notion line, or any other line, that they cannot supply you with, and having bought their goods for cash down, as they ever do, they will offer you bargains that but few merchants can afford.

BREAKING HIM OF BAD HABITS.—Cal Markham, a somewhat noted individual because of a mental infirmity, has recently gotten into the habit of coming to town every night and setting around with the boys as long as any one would keep open. They got tired of him one night and took it upon themselves to break him of his bad habit on his way home. Cal had sworn that he was not afraid of ghosts, as Christians are never in danger, but when the white robed figures got after him he took to his heels and crying lustily, "Och, Lord, God, help me," he ran till he reached home exhausted. Cal will stay away from town at night for some time to come.

CIRCUIT COURT.—It is but little over three weeks off Circuit Court, and there comes the tug of war. There are five murder cases to be tried, to-wit: for the murder of Sheriff Napier; Sumner, for the murdering of the colored preacher, Middleton Morrison; for the murder of young Goss, two years ago; Jerry Brown, colored, for the murder of Mr. John Engleman, and William Oakes, for assisting Squire Petre. The prisoners at Louisville, and the one at Richmond, will be brought here, and we understand it is the intention of the authorities to employ a guard of a sufficient number that will be ready during the whole trials. These will be agreed with the needle guns and pistols, and will be on hand at all hours. We incline to the opinion that this will be a much better arrangement than for the Sheriff to have to hunt up a special guard for each day and night, and besides it will be infinitely more satisfactory to the public generally. Of course there is no great fear of any attempt at rescue, but forewarned is forearmed, and our officers are going to profit by the experience of the past. Affairs are in good shape in this county now, and it only remains for the Jurors in the coming Court to remember their oath and punish the offenders to the full extent of the law. We have heard of a number of cases where Jurors, through fear or favor, have acquitted criminals, or what is nearly as bad, burg, and allowed the murderer to go at large. Don't let this be repeated, but show the officers you are for a full execution of the laws by doing your own duty.

THE "Dollar of our Daddies" has made its appearance here. It is not a handsome piece of money, but "In God we trust" is able to handle a few of them.

NOT THIS YEAR.—Mr. R. E. Barrow desires us to say that his pond will not be open to the public for fishing this year, as he wishes to give the California Salmon he has stocked it with, time to grow.

OFF FOR KANSAS.—Capt. McKinney tells us that on Wednesday over 200 negroes left Harrodsburg, Lexington and Lebanon, for Kansas. We have about 300 here that ought to be shipped there ere long.—E. P.

DO NOT KNOW HOW.—A citizen of this county, who has in time passed, sat at the Court House in the Legislature. He is actually believing that the Legislature would adjourn if it just knew how to do it! We wish to—some body would tell them the secret.

TUNNEL CITY.—Both Houses of the Legislature have passed a bill to incorporate Tunnel City, in this county. The name which they give to it is to be, not by its King's Mountain Tunnel, Highland, Turbinville and Pingtown had better take the hint and get themselves declared cities, otherwise they will never be heard of as such.

FIRE ALARM.—The alarm of fire that was raised on Monday night about eight o'clock, proved to be a lot of fuss and brass hanging just above town. There was a considerable stampede at the Methodist church but as soon as it was ascertained where the fire was, the congregation returned and Mr. Evans took up the thread of his discourse and proceeded as if nothing had happened.

NO MAN can be considered well dressed, nor can he look handsome, unless he wears on a pretty and suitable hat. SPRING HATS.—Jim Davis has the best selected stock of Spring Hats ever brought to Stanford, which he has marked low down. Go examine and be convinced.

MCKINNEY'S STATION.—The depot at that place was entered on Wednesday night and robbed of some rice, coffee, and other things. There is as yet no clue to the burglars.

FISHING.—Messrs. Eph Oswald, Jim Craig and John Bright went fishing in Dawson's Mill Pond one day this week and caught 80 "New Lights." The lot weighed about 25 pounds.

THE SQUARE FENCE.—Mrs. Bernella Hughes, whose dwelling and furniture were burned on the 11th of this month, received from the Fire Insurance Company, through their agents here, \$1,015, the amount of the insurance, which covers all the loss she sustained.

The champion Bar of the world was in town this week. He says he was with the Indians when Custer was killed and claims the distinction of having fired the shot that took the life of that gallant General. He further claims that he can accomplish wonderful cures by the laying on of hands. One claim is about as easily to believe as the other.

LOST HIS MONEY.—John Clark, an Irish Railroad Section hand, was discharged on Wednesday, and straightway went and got on a spree about it. During the night he got in with another Irishman whom he did not know, and whom he can not now describe, who stole his pocket book containing \$95 and his discharge papers signed by Mr. Dooin, the Road Master. Johnny got pretty sober when he awoke next morning and found out his loss.

THE DEATH OF MRS. GEORGE W. DUNLAP, Sen., at Lancaster, on Tuesday evening, was sudden as it was unexpected. She had been slightly complaining for a week or two, but on the day of her death, arose and dressed herself as usual. Before the setting of the sun, though, she was a corpse. The family have our sincerest condolences in this, the hour of their affliction.

OUR correspondent at King's Mountain, writes as follows of the men who were killed by the explosion last week: John S. Newton was a Baptist preacher, who had come here for the purpose of engaging in business to recruit his health. He came from near Richmond, Ky., and had been here only about two months, but by his social, pious and upright bearing, had endeared himself to many of us here, who deeply deplore his untimely end as an unexpected moment, and tender our deepest sympathies to his bereaved friends and relatives at his former home.—James Demerson was a man liked by all who knew him. He has lived here for several months, and had the reputation of being a good Engineer and careful manager of machinery. He leaves a wife and three small children. His remains were taken to the neighborhood of Crab Orchard for interment.

RELIGIOUS.—The next session of the Northern Methodist church will be held at Somerset.

Rev. J. R. Peoples will preach at the Methodist church next Sunday morning and evening.

Rev. J. M. Bruce will preach at McKinney's Station as published last week.

OF the 300 religious publications in this country, 60 are Baptists, 54 Methodist, 30 Presbyterian, 29 Lutheran, 29 Episcopal, and 16 Congregational.

The total number of Methodists in the United States is over 3,215,000; in Canada, 161,172; in Great Britain and the colonies, 908,404. In all the world the number is 4,183,888.

A lady of Danville, under date of yesterday, writes us that 575 persons had taken "Christ as their Savior" in Mr. Barnes' meeting up to Wednesday night. No day passes without several conversions, and on Sunday 21 grown persons were added to the cause. The meeting is now in its seventh week.

"The Baptists are represented in nearly every country on the globe. There are in all about 2,400,000 members, of whom about 2,000,000 are in the United States, 64,000 are in Canada, 265,797 are in Great Britain and Ireland, and the rest are found in Mexico, Europe, Asia, Africa and Australasia. The number of churches will reach 28,000.

The Northern Methodist Conference that has been in session at Lexington, closed last week. The following are the appointments of interest to this part of the State: Lexington District, J. G. Bruce, Presiding Elder; Danville Station, J. S. Taylor; Danville Circuit, J. Y. Leasing; Somerset, D. Slaves; Harrodsburg, H. J. Perry; Highland, J. M. Cook.

Two men, who were creating a disturbance at a Methodist revival near Indianapolis last week, were asked by the minister to desist, and at the same time, urged them to change their way of life. One of them replied with an oath that he never intended to be a Christian. A few minutes afterwards a blinding flash of lightning entered the church, killing the one who had made the remark and severely stunning the scouter. When he recovered, he begged the congregation to pray for him and professed conversion. At least this is the story.

PREMIERIAN CHURCH.—The repairs and improvements that are being made to the interior of the Presbyterian Church, have so far been completed that services will be held there next Sunday at 11 o'clock by the Rev. Mr. Archibald, the pastor of the Northern Branch of the church. Those who have not been inside of the building since the improvements began will be lost to wonder and surprise to see how greatly the old ark has been changed. The old lobby and gallery have been removed and a handsome vestibule, with three large doors opening noiselessly into the church, has been substituted. The pulpit has been remodelled and a beautiful ark pointed over it. The walls are Kalsomined and the wainscoting is particularly well done. Frosted windows, new blinds, seats re-painted and varnished, a new, new Organ stand arranged in the corner to the West of the pulpit, four elegant, six-glow chandeliers, a tri-colored carpet covering the floor, and every thing wanting the evidence of newness and taste, make up some of the recent improvements and from a most attractive and handsome house of worship. The exterior of the building has not been changed, but so soon as the weather is settled the old rickety cupola will show its present value no more forever.

Lincoln County News.—Fingertown CHILLS. Chills are raging in our town.

LAND SALE.—J. H. Bruce and J. S. Gill, of Garrard, sold their farm in this neighborhood, to Collins County, at \$25 per acre.

SOME MIGHTY UNDEARER visited the chicken roost of Mrs. J. W. Engleman a few nights ago and took several fat hens. Oh, that the whipping-post bill had passed.

WALNUT MEMBER.—Mr. John I. Rogers, of Danville, preached a very interesting discourse at Rath Branch church last Sunday evening. The discourse was valued at 100 hundred dollars.

AGENT R. H. Meigs, of Shelby City, judge for Lyon, Russell & Co., of Indianapolis, has been in this neighborhood negotiating with parties for Walnut lumber. We are told that J. W. Engleman sold him a number of Walnut trees.

ANOTHER DOG DID THE BEATING.—Your Crab Orchard reporter has been misunderstood in regard to the fox chase. We are told by 120 gentlemen that were eye witnesses to the chase, both of undoubted veracity, Mr. John Farris and Harry Gentry, that Capt. Moore's dog was

The meeting that has been held for the last two weeks at the Methodist church closed on Tuesday night with three additions to the church. Rev. Morris Evans, who has been conducting it, is one of the best preachers in the State, and is greatly beloved by the people of this vicinity. All of the sermons he has preached here show deep study and strong christian piety.

LAND STOCK AND CROP ITEMS.—Mr. Hiram B. Hiett has sold his farm of 60 acres, lying near McKinney's Station, to Mr. John Meserve, for \$2,200.

Cow bought at a sale in Scott county this week at \$1 50 per lb. in the crib, and about 35 to 40 cents per bushel.

Dr. T. B. Montgomery has purchased of Fisher & Son, the thoroughbred short-horn bull, Sir Knightly, for about \$250.

MR. NEEDLES' COURT.—About 300 head of cattle on the market, and sold from 2 1/2 to 4 cents per pound; a few extra ones sold at 4 1/2 cents.

Farmers are further advanced with their Spring plowing than we have been at this season for years, and we learn that if this fine weather continues, corn planting will commence next week.

Mr. Othello E. Marshall's promising yearling colt had its leg broken yesterday by a kick from a horse. He is attempting to save it by re-setting, but the probability is that it will have to be killed.

It is estimated that at least 4,000 acres of land are now in wheat in this county. Much of the crop is so far advanced that the farmers are grazing their stock on it, fearing that it might rot and yet be killed by the frost.

Mr. Samuel M. Owens has purchased of his brother, James B. Owens, his 2-year old Buckeye colt, Gen. Williams, a 2-year old English filly, a fine yearling colt, and his half interest in the noted race horse, Bill Dillon, for \$1,000.

A writer in the "Turf, Field and Farm," says that live which gravely trouble animals at this season of the year, may be thoroughly destroyed as follows: Take pulverized aloes and sprinkle it with a coarse pepper box on the neck, side and rump, and rub it in with the fingers. Then wait a week and cury the animal and apply again. Two applications will destroy every louse.

"Capt. Higgins, auctioneer, furnishes us with the following report of Dr. J. B. Oswald's sale: 18 hogs at \$2 90 per hundred; 9 head of cattle at \$55; 2 steer calves at \$18 each; 2 heifer calves \$12 25 and \$18 50; 1 pig \$20 25; 1 do. \$23. Hogs \$48 50; 1 pair milk cows, 1 old milk cow \$18 50; 1 pair \$20; 100 bushels of corn at 30 cents per bushel; 100 lbs. corn at \$2. Crowd was small and bidding slow.

The cattle market in Louisville remains about the same as our last report. Best butcher stuff \$4 25 to \$4 50. Stockers \$3 50 to \$4 25. Medium to good \$3 75 to \$4. Common to medium \$3 to \$3 50. Oxen \$3 to \$4 25. Hogs have advanced 50 cents on the 100 lbs. and the market is now firm. Select butchers' \$4; fair to good \$3 60 to \$3 75. Sheep, extra, \$4 to \$4 50. Common to medium, \$3 to \$3 50.

GEORGETOWN MARKET.—Four hundred cattle on the market. Good feeding steers, weighing in the neighborhood of 1,000 pounds, sold for \$4 65 per hundred; 13 steers, averaging 1,000 pounds, brought \$46 50 per head; 11 yearlings, common stock, \$28 25; one lot of dry scrub cows, \$28 25; weaning calves, \$21 10. About one hundred mules on the market, ranging in price obtained from \$25 to \$120. Many common horses at low prices.

A HEAVY LOSS.—Mr. T. L. Crow, some time since, sold his fine stallion, Mambrino Starlight, to Michigan parties for \$500 and guaranteed to deliver him safely in that State some time during this month. On Tuesday morning he secured a cart and had every thing in readiness to ship him, but on the way to the depot the horse reared up and falling down broke his fore-leg. The loss falls heavily on Mr. Crow, but he takes it philosophically, saying there is no use "grieving over spilled milk."

DANVILLE COURT.—Maj. H. T. Bush, auctioneer, reports that about 600 cattle were on the market, of quality generally better than have been offered for several months. Best cattle brought at least five dollars. 1 sold 29 head of cowdies at \$27 50; 12 common calves at \$13 50; 5 scrub hogs, \$19; 25 good ones at \$23; 25 head of good yearlings, \$23 50; 15 heavy oxen at \$21 cents per pound; 7 scrub yearlings at \$14 30; 24 common yearling sheep at \$1 30. Horses and mules were scarce.

Mr. J. D. Swope, writing from Tullahoma, Ala., says I soon will have finished selling 97 head of mules. I have operated altogether in four counties, viz: Talladega, Tallapoosa, Coosa and Shelby. Two head he has heavily on I have sold to any one man, and it is very seldom I can do that.

Farmers in Alabama are rich one year, and that is during the cotton selling season—but at all times they are kind, generous and hospitable. After the first of January, mules are most generally sold on time. The demand has been in excess of the supply, but in consequence of remarkable poor sales, drivers have gone home with long faces and with but little money in their pockets. As yet I have nothing to complain of.

ANOTHER DOG DID THE BEATING.—Your Crab Orchard reporter has been misunderstood in regard to the fox chase. We are told by 120 gentlemen that were eye witnesses to the chase, both of undoubted veracity, Mr. John Farris and Harry Gentry, that Capt. Moore's dog was

beaten by two other dogs, Gentry's Sutton and Engleman's Bill.

MR. H. C. Farris, of this place, contemplates moving to Lancaster soon, to engage in the heavy business. Miss Stella Jones and Mary Through, two fascinating young ladies that have been visiting in this vicinity, left a few days ago for their homes. Their amiable dispositions and loveliness of character have endeared them to many a heart during their short stay. We know of two young men that have been looking rather dejected ever since their departure. Miss Maggie Cleland has gone to Mercer county on a visit to relatives and friends.

ROCKCASTLE COUNTY NEWS.—Brookhead SCHOOL.—Prof. Burdett, of Lancaster, is leaving the juvenies of this place here to make agreeable conclusions.

SIXTY-one put on the blue at the Baptist church Sunday evening. Guess the others will wear it after next Sunday eve.

FROM my previous one day last week, a dark bay horse about 16 hands high, about an inch and a half of his right ear turned down from being bitten by another horse. I will pay a liberal reward for any information that will enable me to find him.

ROBERT JONES, Mt. Vernon, Ky. "CRAB ORCHARD ROYALTY" NEAR SPANISHBURG. Three very sap-pent headed looking deers of Murphy, from the vicinity of Crab Orchard, put in an appearance here last Sunday and made considerable display of themselves by riding furiously by the Reform church several times during preaching. In fact, they were in a very un-Murphyish condition, and we heard it remarked that the parents of the striplings would do well to keep them at home until they receive some sort of an idea, at least, of good breeding.

HE CALLED WENT BACK ON HIM.—Mr. M. C. Reynolds, one of our Rockcastle gents, we learn, been playing snook with the beaux of some of our girls, and being for some world's to conquer, laid siege to the affections of a damsel of his own flesh. She, however, learning of his favorite propensities, turned the sequel in a channel as sudden as it was to him unexpected. If you see any fellow down your way wearing a very elongated visage, under jaw swinging round loosely as if it didn't have any one to care for it, and other indications to match, please to send him up this way, his Ma wants him.

PREACHING.—Ed. Wm. Abill will preach here next Sunday at 11 A. M.

GENTLE SPRING.—This is delightful weather, and will bring smiles to the faces of the farmers.

THE MOUNTAIN BIRD is gradually "a dwindlin' and dwindlin' away." It must surely be getting religion. COUNTY COURT AND LASK.

Next Monday is County Court day. Lusk will "gather them in.... Who would not be a Murphy?"

A SNEAKY KILLING DONE.—An "unnaturally" dog broke into the sheep-fold of our friend, David Henderson, last week, and killed five very choice lambs—thus doing a serious injury to his flock.

BRIDGE PROTECTED.—Mr. J. S. Thompson, of Livingston, has, with commendable enterprise, erected a bridge across Round Stone, on the track leading from the Railroad to his coal mines. The coal from this mine is said to be of superior quality.

SOMEbody THREW ARREST.—Last Saturday a party, whose name we failed to obtain, but who lives at Livingston, was robbed of a small amount of money near Copper Creek, in the edge of Garrard county. That vigilant officer, B. W. Wilmut, hearing of the robbery, straightway investigated it, and arrested Sterling Maguire, of Jackson county, as the offender. He was taken to Garrard county Monday.

SHOOTING MATCHES.—Have been in order for several days. Bob Brooks finished the turkey. Judge McClure and Dr. J. J. Brown have made some excellent shots. There is absolutely nothing in the report that says correspondent killed a cow near the Railroad 200 yards to the left of the turkey. Sam Thompson says the ball struck Heavenward, and consequently did not go in the "immediate vicinity of the cow."

HOME TO THE CAVE OF THE MOONSHINE.—The Murphys having reached Mt. Vernon, we have made an orderly retreat, and are now holding forth at Brookhead's Cave, near the "Big Hill." All communications should be addressed to us at that place in Mt. Vernon. There are a "moonshine" distiller and several barrels of corn in the Cave. Give yourself no uneasiness about our sending you regular reports. We intend to keep you posted, and at the same time, "hold the fort"—i. e. stay in the Cave.

HEREAR FOR BRINKLEY.—Our friend, M. F. Brinkley, telegraphs us under date of the 19th, from N. York City, whither he has gone to purchase his Spring stock, that he will, about Thursday, the 28th inst., open the largest and best selected stock of goods ever brought to Mt. Vernon. These goods he is now buying from the manufacturers and importers in New York at bottom prices, and Mr. Brinkley will be able to offer the people of Rockcastle great bargains. He purchased his stock of shoes in Boston, and they will be sold at astonishingly low figures. Every body should visit Brinkley's at his great opening on the 28th. His prices will be lower than ever before known. All sales will be strictly for cash. Full particulars of his stock next week.

PERSONAL.—Miss Celia D. Adams leaves this morning for a visit to her relatives in Garrard. Mr. L. S. Jones, of Louisville, was in town last night. Charles Kirtley, Esq., is attending the Laurel Circuit Court. As announced elsewhere, M. F. Brinkley is in New York this week, purchasing a stock of goods that will astonish the natives. Mr. William Stewart left Monday on a business trip to the South. He took with him a small lot of horses and mules. L. M
