HINTS

ON THE
Care of the Teeth

BY
A. T. OLMSTED
D. D. S.

Cleanliness is of absolute importance and its neglect cannot be atoned for by dental skill. Thoroughly cleaning the teeth each night before retiring is ordinarily sufficient. Use a good tooth powder and a stiff brush, (the kind known as the "Prophylactic" is the best), and allow no portion of any tooth to escape its action. Pass down silk between the teeth, and use a quill stick after eating. If a stiff brush causes the gums to bleed, there is something wrong and you should consult your dentist. In selecting a dentist, do just as you would in selecting a physician. Secure one who possesses skill and experience, and is a graduate of a reputable professional school.

In Memoriam.

In a late issue of this paper notice was given of the death of David T. Murphy.

By his death, Ottawa has lost one of her oldest and most valuable citizens. A resident for many years, the interests and prosperity of our city were ever dear to him.

Mr. Murphy was a man of sterling qualities of mind and heart, practicing a wide-spread though silent charity; possessing a fine order of intelligence and sound financial ability. He was a devoted husband, a loving father and faithful friend.

In the hearts of the people of this community his memory will long be revered.

Stung by Bees.

Quite a serious accident happened to Mr. Peter Tribble of Freedom on Tuesday. While assisting Mr. A. Stolp in removing some honey from a bee-hive, he was very severely stung. He succeeded in reaching the house, but was so stung so violently that it produced poison of the heart. He soon became insensible, and for a time it was feared that he would not recover, but they finally succeeded in resuscitating him, and he rallied and has quite recovered. Dr. Burrows was called to the rescue.

Take the news home to Mary, and tell her that my cough has gone, and that a 25-cent bottle of Dr. Bull's Cough Syrup did the blessed work.

Mr. Wendley Stason, a well-to-do farmer near Grand Ridge, has this season a field of 80 acres of corn planted on Timothy seed which will yield 70 bushels to the acre. Mr. Stason is not complaining of the yield, certainly.

Warren Wiley and wife of Waltham were in the city Thursday. Mr. W. says that the crops were never better in La Salle county, and that many farmers, in his neighborhood at least, will have to build more crib room to hold their immense crop of corn.

The first car to ascend the south side hill landed at the top of the bluff at four o'clock yesterday afternoon, in charge of Supt. Irwin and Electrician Mitchell. The car apparently climbed the steep grade as easily as it ran on the level. Cars will probably run regularly tomorrow.

Rev. Taylor, of Streator, was in town Thursday looking for a convenient hall in which to hold services until such time as he could arrange to build a suitable church building in this city, which the reverend gentleman, who is of the Free Methodist denomination, thinks can be done next spring.

Harmon Higby, late of Utica, now located at Whitney, Neb., where he is engaged in the banking business, was in town Thursday, resting after the excitement of the Hunt Club meet near Marseilles last week. Mr. H. says he finds the winters of Illinois more pleasant than those of Nebraska, and he usually spends those months either here in Ottawa or Utica.

WEATHER NO DRAWBACK.

Overcoats Go Just The Same. Third Invoice of Children's Clothing.

The advice given to our readers to pay no attention to the genial weather, but to get their overcoats in time to be ready for any change in the "elements" seems to have been heeded.

The pioneer clothing house has a good run on these goods for the past several days, much beyond their expectations. This is the "proper" paper. Don't think there is plenty left. Aishuler don't allow his shelves to get empty.

AFTER MORE CHILDREN'S GOODS. Father Aishuler was in Chicago yesterday on behalf of the children of Ottawa and vicinity to get a third invoice of children's overcoats, full suits and knee pants. And the little folks can rest assured that there is nothing in Ottawa like them. Mr. Aishuler's selections for the general trade cannot be equalled. For over 30 years has he done this very thing in Ottawa.

Call and see the new business suits, the new dress suits, the new hats, caps, and furnishing goods. Great quantities of them "on deck."

Struck By a Train. From Friday's Daily.

About 10:30 o'clock last night an unknown woman was struck by a freight train (engine No. 724) near the round-house at Peru. She was badly cut up, and late last night was unconscious. It was also unknown whether she would live or die. She was known to no one in the neighborhood, but was taken to a private residence for medical treatment.

Shooting at La Salle. From Friday's Daily.

At about 7:30 o'clock last evening a young fellow, whose name could not be learned, but who has but recently been released from prison, went to the residence of Mrs. Meisenbach at La Salle, and in the guise of a tramp asked for something to eat. She replied that she had nothing for him, and on his beginning to "talk back," shut the door in his face. He thereupon fired a pistol shot at her through the window. Neither shot took effect, though one just grazed her forehead. Our informant could not learn the man's name who made the assault, but says he is understood to be a former rejected lover of the lady. At the hour of our information he was still at large.

Children kilt over coats. Something new at Oak Hall.

Hold Up. Did you say? NO Much. Why they just set me down and pulled off my old shoes that hurt my feet from first to last, and gave me a perfect fitting pair, and so low priced it surprised me. AT J. MEGAFFIN'S.

Fugilism Rebuked. John Kilgum, one of the participants in the fight near Streator Wednesday, was invited by the deputy sheriff to come over to Ottawa and see what could be done for him. He was before Esq. Weeks Thursday, but waived examination. The "Squire" thought about \$500 bail would be sufficient, which was promptly furnished by James Hoban. Kilgum will be compelled to appear before the grand jury, which is now in session.

Red Brennan, the other side of the fight, refused to accept the kind invitation sent by the sheriff, and skipped the county. He will probably return in the spring.

It excels all others—"Forbes' Cough Killer."

There will be a Young Men's Union Meeting in the lecture room of the Congregational church on Sunday afternoon at four o'clock. A report from the State Y. M. C. A. Convention, an address from Rev. H. Gregg, and other interesting exercises are expected.

FACTS.

Cleanliness is of absolute importance, and in respect to A. N. be atoned for by dental skill. Thoroughly cleaning the teeth directly after each meal is ordinarily sufficient, but, like the hands and face, should be cleaned whenever in need of such an operation; in short, should be "eye clean." Use a good stiff brush, "Prophylactic," which means, in plain English, the "Prophylactic" brush. Let tooth powders alone; use prepared chalk. If a stiff brush causes the gums to bleed, it is plain they are not brushed enough. In selecting a de tie exercise common sense, and you will be very likely to make a good selection.

F. D. Sweetzer.

There is nothing more gratifying to a man than to know that he has got the full worth of his money when buying anything. Sweetzer (speaking of buggies) has secured the sale of the "Sechler" buggy, one of the most stylish, best and safest made vehicles on the market. For actual worth and comfort this buggy has no rival—it's cheap, too.

Remember that in the line of sewing machines, Sweetzer is, and has been, the headquarters for best machines and lowest prices. Wagons, sleighs, and sleds, the best makes only are handled by him; and if you will examine his latest stock in the above line you will be better satisfied than ever before.

The World's Exposition in Chicago Will be a great benefit to this part of the country; but even the Exposition can not throw Forbes' Cough Killer in the shade as a public benefactor. It is guaranteed to relieve the most severe colds and coughs.

The cloak business, at J. E. Scott & Co's this week has been great. The sales so far have footed up nearly double what they were a year ago. Very few stores in this state carry such a large stock of cloaks. You can find every thing here.

Shut the Gate! And keep out the draft, but if you have left the bars down and caught cold, use Forbes' Cough Killer. It is guaranteed in every particular.

A Large Rose Leaf Falls. Excepting its inveterate predisposition to "jump onto" men, no feature of Rose's Journal has been more conspicuous than its self-congratulatory assertions of its tremendous growth, its unparalleled prosperity, its serenity of mind and all that sort of thing. Metaphorically speaking, it has been coining money and its editors rolling in wealth. They have high because they could; and common work-a-day journalists like the Times man and the FREE TRADER fellows, &c., &c., sat on the fence and listened to the "band play."

It was, therefore, with amazement (?) and unfeigned astonishment (sic) that the "small fry" of the profession learned yesterday (Thursday) that Rose had decorated his plant with a document in the way of a \$5,000 mortgage to Mr. A. T. Griffin, of Utica. The mortgage covers not only the entire office, its materials, machinery and fixtures, but also the "Prize Team" and the festive "Kid" (horses), as well as the Prize Harness, Prize Buggies, &c., &c., all to secure nine certain notes, the total of which is payable within one year.

And is it thus the roses fall under the chilling frosts of a truly delightful autumn? Is it thus the wings are clipped and the buzzard falls? Wonder what Mr. Griffin will do with the property. And when will the drawing of the prize team come off? Is this, then, the end of the gigantic, unparalleled gift enterprise lottery in which a hundred and fifty, more or less, innocent suckers in the county towns are so much interested?

The Best Three-Year Old Record Known. The best record known is that made by F. C. K., and this year the colts enter the ring more popular than ever and is selling as favorite against the field. No more popular or reliable remedy is known than F. C. K.—Forbes' Cough Killer.

Then he clasped her with emotion. Drew the maiden to his breast. Whispered vows of true devotion. The old, old tale.—you know the rest. From his circled arms unspringing. With a tear she turned away. And her voice with sorrow ringing. "I shall not see my bridal day."

This dramatic speech broke him up badly; but when she explained that her apprehensions were founded on the fact of an inherited predisposition to consumption in her family, he calmed her fears, bought a bottle of Dr. Pierce's Golden Medical Discovery for her, and she is now incarnation of health. For all bronchial, throat and lung affections, it is a potent remedy.
