Building Houses.

EDITOR HERALD: Your remarks on the subject of building cottages for the accommodation of new-comers were timely and to the point. Keep it up. Those interested in the growth of this city must see the necessity of making room to accommodate strangers. Our hotels are nearly full now, and there are no houses to rent. I am daily receiving letters from parties in the east, who spent last winter with us, urging me to save rooms for them, as they and their friends are coming. I have not had an empty room for months—could fill a hundred rooms in a week if I had them.

One of our leading citizens says he will subscribe liberally toward building a first-class boarding-house, with room to accommodate one hundred guests. He is a property-owner, and wants the city to improve. Could you not persuade other property-holders to unite with him, and form a stock company to build a house of this kind, or to build a hotel? It is, however, rather late to commence building a hotel for this season, but a frame building, to accommodate 150 boarders, could be put up in a short time.

The surveys for a canal for irrigating 40,000 acres of land in the vicinity of Anaheim, Los Angeles county, have been finished, and a good and cheap line has been found. Anaheim is to be supplied with water from the same canal.

The Santa Maria farmers in Santa Barbara county have clubbed together to put down an experimental artesian well, and should water be obtained at any reasonable distance—say 300 feet—almost every settler will have one on his farm.

Simon Gladstein's brewery at Anaheim, Los Angeles, has been seized by Collector Sedgwick for alleged violation of the Revenue Laws, and proceedings for penalties have been begun in the United States District Court.

The Silver State says of their telegraph office: The office at this end of the line will be well attended to, which is more than can be said for the Oreaña office. Desiring to send a message below, the other day at noon, after repeated "calls" our operator succeeded in getting an answer at 11 o'clock next morning. Oreaña people delight in bean pokers.

TESTIMONIALS: Herewith I certify that Miss Josephine Lindley has been a student in my department of the University for five consecutive terms, viz: from September, 1870, to April 30, 1872. During this time she studied the French, the Spanish and the German languages, obtaining always the highest marks for proficiency and attendance, her average credit mark for five terms being 97 per cent. On entering the University, Miss Lindley possessed already such knowledge of the French and Spanish languages as to be able to speak them with ease, fluency, correctness, and a pure pronunciation. She may now be considered thoroughly familiar with the theory and philosophy, as well as with the application of these two tongues; and she may safely be recommended as a candidate of great promise, for teaching the French and Spanish languages.
