

THE DAILY and WEEKLY HERALD has more than double the circulation of any other paper published in Southern California.

WEDNESDAY, SEPT. 8, 1875.

NEWS OF THE MORNING.

The San Francisco Board of Supervisors have passed a series of resolutions embodying their high respect for the late William C. Ralston.

The Union says San Diego stands by her friends—HOUGHTON'S majority 92. Los Angeles stands by her friends—WIGGINTON'S majority 1383.

The Bulletin claims that it has been largely instrumental in securing all the Independent victories ever won in San Francisco.

The Call says the Democracy of California now have a splendid opportunity. That is true and one of the beauties of the situation is that the Democracy is in no way indebted to the Call for the opportunity and it will be no fault of that paper if the Democracy does not let that splendid opportunity slip by unimproved.

DESPITE our thirty-eight agricultural colleges, their three hundred teachers and their three thousand nine hundred and seventeen pupils, cabbage-heads still retain their old size and shape, turnips, are turnips still and there is nothing new in the carrot line.

D. O. MILLS seems to be operating with the Bulletin and Call in the work of blasting the fame of Wm. C. RALSTON. He authorizes a statement and those papers publish it.

A prominent citizen of San Diego writes to a gentleman in this city that the articles in the HERALD showing the apostasy of McCoy and LEACH to Mr. WIGGINTON were the chief cause of the defeat of those two trimmers.

O. P. Fitzgerald.

The Star of last Sunday morning contains a paragraph in which reflections are made upon the Democratic nominee for Superintendent of public instruction—Rev. O. P. FITZGERALD.

moral character and remarkable fitness for the position which he so honorably and satisfactorily filled and to which he will be again triumphantly elected.

Important to Grape Brandy Distillers.

D. D. PRATT, Commissioner of Internal Revenue, has recently made a ruling which will be read with interest by the grapebrandy manufacturers of the Pacific coast.

The fact having been demonstrated that the addition of a small quantity of burnt sugar, and always has been, a part of the original process of the manufacture of distilled spirits.

Distillers of brandy from grapes wishing to add such burnt sugar to their product, must do so before the brandy leaves the distillery premises.

A Practical Lesson.

Under this heading we might philosophize on every social ill and political error, but in the face of present financial difficulties a word to the unwise on this subject will be more appropriate.

The unfortunate cause which led to the untimely death of Mr. RALSTON is fresh in every mind, and few can mention his name without associating it with everything progressive.

The report is current to-day that George M. Pinney, the well known mining president, politician and U. S. Navy paymaster's clerk, has absconded.

On inquiry of paymaster Spaulding, it is learned that Mr. Pinney received a week's leave of absence on Thursday last, since which time his whereabouts are unknown.

Bankers breathing the same atmosphere and being closely connected with the life throbs of the people, find it difficult to withstand the temptations surrounding them.

Stock Sales.

The volume of business transacted in the California Stock Exchange Board was very small and prices ranging lower than yesterday.

The Nevada Indian Trouble.

POCHE, Sept. 6.—Fresh reports are arriving from the scene. The Indian troubles seem to be general and there is an uprising of Indians in Eastern Nevada.

Respect to the memory of Ralston.

SAN FRANCISCO, Sept. 7.—In the Board of Supervisors last evening, the following preamble and resolutions were presented, and their adoption moved by supervisor Ebbe, seconded by supervisor McDonald.

Our population is increasing daily, onward they come from all parts of the West, which with the inexhaustible resources at its command, will become a new source of strength to the Great Republic.

We regret the necessity that leads to this step, but the extraordinary occurrences in our commercial metropolis that compelled similar steps by some of our oldest financial institutions will, we trust, be our apology.

TASTELESS MEDICINES.

A PROMINENT NEW YORK PHYSICIAN has lately come to the conclusion that the best medicine for the cure of the various ailments of the human system, is a certain kind of medicine, which he has discovered, and which he has named "Tasteless Medicines."

What happened to this physician may have happened to others, and Dundas Dick & Co. take this method of protecting physicians, druggists and themselves, and preventing OIL OF SANDALWOOD from coming into disrepute.

Physicians who once prescribe the Capsules will continue to do so, for they contain the PURE OIL in the BEST and CHEAPEST form.

Dundas Dick & Co. use more Oil of Sandalwood than all the wholesale and retail druggists and perfumers in the United States combined, and this is the sole reason why the PURE OIL is sold cheaper in their Capsules than in any other form.

OIL OF SANDALWOOD is fast superseding every other remedy, sixty Capsules ONLY being required to insure a safe and certain cure in all cases. From no other remedy can this result be had.

DUNDAS DICK & CO'S SOFT CAPSULES solve the problem—how to give a powerful remedy can this result be had. DUNDAS DICK & CO'S SOFT CAPSULES are well known to be the best, and prevent the good effects of many valuable remedies.

TASTELESS MEDICINES.—Caster Oil and many other nauseous medicines can be taken easily and safely in DUNDAS DICK & CO'S SOFT CAPSULES. NO TASTE. NO SMELL. These were the only Capsules admitted to the last Paris Exposition. SEND for Circular to 35 Worcester Street, N. Y. SOLD AT ALL DRUG STORES HERE. au7 1m
